"A MILLION IN TWO WEEKS"

Y. M. C. A. Has Started a Whirlwind Campaign for Improvements—$100,000 the First Donation.

A gift of $100,000 last night started one of the most prominent drives of the season, and at the same time, the most spectacular financial effort that is ever recorded in the history of Philadelphia.

At the beginning of the fiscal year the Young Men's Christian Association of the city decided that they were sorely in need of new buildings and an addition to the Central Y. M. C. A. and another appeal will be made to the alumni and friends of the College.

A convert of the banquets in the three hundred and fifty families who will be present to-night at the Harrison Dinner will be given to all present.

The purpose of the banquet and the University Quartet will furnish in- strumental and vocal music. 

The charge for dinner in the charge of the dinner consists of Dr. Herman N. Ayer, chairman, and Dr. George B. Fisher, treasurer.

Other donations followed until by the time the campaign closes, the total will exceed $1 million. 

An example of the enthusiasm with which the campaign was received was the reception that the City of Philadelphia was witnessed when a poor workingman entered the meeting with a small contribution. 

The money will be used to provide a suitable building for the organization. 

Today the committees will start to work. Money will be raised, and in the next two weeks reach twenty thousand Philadelphia, and the officers of the institution, who are all well known, will make the million dollar venture a reality the campagna closes on February 6.

ANOTHER DANCE FOR MUSICIANS.

Combined Clubs Will Entertain Fair Guests at "The Rotterhouse."

Since more than the Combined Musical Clubs will start shortly, urged by action the limiting on received on their recent tour and by the success of a previous venture, the clubmen met last night and decided to hold another dance.

Several weeks ago the musicians took the light fantastic in their initial form of the Betrotheds. This time, in searching for more exclusive courts, the combined organizations, under the name of "The Rotterhouse," as the place which will lend them the use of the hall.

Accordingly, that fashionable apar- tment, at No. 3519 Aramingo Avenue February 4, was the scene of what the musicians predict the crowning event of an unusual social season.

An excellent orchestra, an elaborate program, and a new level of the dancing port of the members' social souls are some of the features of the program. The members look for enhancements of an unequalled quality.

BASKETBALL AT NEWARK

Because of Harrison Banquet Gate Cannot Be Played in Weightman Hall—Jouredit at Forward.

Arrangements were made yesterday to play the basketball game against Penn State on their home floor, and so the "Yale" system is to be used in Newark, Delaware, this afternoon. This game was originally scheduled to be played in Weightman Hall, but the banquet was moved to the Vice-Principal necessitated the change.

After a two-days' rest, practice was resumed yesterday for the varsity, and men in good condition. After half an hour's work in liquor shooting, Coach Kotchin lined up the "Yale" and Freshmen for scrimmage. The play was hard and fast, and, with the help of Manager Williams, the first year men held their opponents well.

Jouredit was played at forward as it was decided that the team should show off its best positional play with Yale on sister court. With Col-

1911 PATRIOTISM.

The Senior Record this year has ambitions. Past Records, we hear, had such aspirations, too, but their achievements often fell short of their goal. So may the achievements of this year's Record; but if not each member making up the Class of 1911 does his whole duty towards himself and his class. The committee have determined to put out a Record of which they and the class may be proud. There remains no doubt of the good name that Dartmouth has taken and is filing a list of the Seniors who are proud. Why do the so-called bargain sales make so few permanent friends
for the store?
In a recent issue of "The Scrapbook," a man long experienced in the adver-
sing business of large department stores, made this observation: "I have
in this line for twenty years, and have at no time met with any of the
people who buy at large 'discount' sales. The business is a constant
loss, and at its best, only a means of keeping the doors open." With our

Pennsylvania Stands Well to the Fore in Bible Study—Faculty and Alumni Cooperating

An advance from seventy-five men in 1898 to an enrollment of 725 this year marks the remarkable growth of Bible Study in Pennsylvania. This activity, conducted by the Christian Association, a few years ago received recognition from only a handful of men. Today seventy-five groups meet every week to study the Bible.

Thev elaborate cooperate the greater share of the men in the groups. At the present time classes are held in the following houses: Kappa Sigma, Phi Delta Theta, Sigma Phi Epilson, Alpha Chi Roio, Delta Tau Delta, Phi Rhadigan, Beta Psi, Sigma Pi, Omega Phi Phi, No Sigma Nu, Sigma Phi Stamma, Sigma Nu and Xi Psi Phi.

Ralph Shade, who coached the Providence football team, and John Shryock, of last year’s swimming team, have charge of the work, and lead many of the classes. Members of the Faculty and prominent alumni are cooperating with the Christian Association and are instructing the leaders and teaching groups.

This same general interest in Bible study prevails at other universities. Nearly all the entering class at Pricers- ton are members of classes which are conducted by upperclassmen. About twenty Bible groups are at work in Brown University. At Lehigh and State University ninety per cent, of the students in the dormitories are in Bible study classes. Over one-third of the students at the University of Alabama are enrolled. At the Emory Henry College, 180 men out of an enrollment of 2,000 are in Bible classes. Probably a larger per cent than in any other college in the country.
