STUDENT A TRUE HERO

H. P. Brown, '93 College, and '12 Medical, Transfers Pint of His Blood to Dying Woman at Hospital.

As Italian priest woman was saved from certain death by a transfer of blood from "Old" H. P. Brown, '93 College, and '12 Medical.

H. P. Brown is a student of the Junior Class, and was on his way to the Hospital yesterday to visit a woman who was in critical condition. He noticed the woman lying in the operating room, and saw that she had been transfused with blood from the arm of a man who had died.

H. P. Brown immediately rushed to the Hospital, where he was able to save the woman's life. It is reported that the operation was a success, and that the woman is now recovering.

The incident is a fine example of Christian charity, and serves as a reminder of the importance of public health and medical care.

TWO GAMES TO-NIGHT

Varsity vs. Gettysburg, Freshmen vs. La Salle

The Gettysburg College Freshman team will be the opponent of the Varsity tonight. The game will be played at 8:30 in Weitzman Hall, in the only home game of the season for the Freshman team.

This is the first time this year Pennsylvania will be met by the Senior Freshman team. The Senior Freshman team will in all probability be the strongest team that has ever been assembled on the campus.

To the Editor of The Pennsylvania:

I am writing to you to express my appreciation of the splendid work that has been done by the Freshman team this season. I know that the team has been working hard all season, and that it has been a great pleasure to watch them play.

I would like to suggest that the team continue to work hard and to keep up the good work. I am sure that they will do well in the future.

Sincerely yours,

C. M. Murphy

Preparations for the annual engi-

neering dance an- progressing rapidly,

and from present indications the inno-

vations, which have been one of the

main features in former years, will be

better than ever this year. The dance

is to be held in the club room of the

Engineering Building, on Friday ev-

ening, February 18, at 9 o'clock, under

the auspices of the Mechanical, Elec-

trical and Chemical Engineers.

The walls of the room are fast disap-

pearing under a covering of flags and

banners of all descriptions, in which

red and blue is the predominating

color. The committee in charge is as

follows: R. E. Lapham (chairman), G.

E. Well, R. Hanpenberk, S. L. Kent,

R. C. Scroggins, H. B. Burd, H. G.

Professor Laird Heads Committee.

The Engineering Land, of the Ar-

chitectural School, has been selected to

head a committee at Northwestern Uni-

versity which contemplates extensive

improvements and plans of beauti-

cation. Plans for beautifying the

grounds at Northwesterners will be

accepted by competition, and it is ever

current that Professor Laird will preside

as chairman of the committee.

The Western institution expects to

receive a large donation and a new recitation

hall. They will be

made to accommodate as far as possible

with those buildings which are already

located on the campus. The scheme

which the university has adopted for doing

this has been tried in several instances,

notably by the Illinois Chapter of the American Institute

of Architecture, and has met with suc-

cess.

Soccer Team Has Its Troubles.

Roccer players are having their own

troubles these days in finding a suit-

able season for a competitive season. Grounds

"roots" has already roped off and

"sked" the diamond on Franklin Field, preliminaries in the base ball season, while

Kinnick Field has been rendered unfit for play by a series of apparently

classless breaches.

However, the "Varsity and Scrubs

managed to hold a semblance of prac-

tice on Monday. Only six of the best

team were in uniform, and the second

inging had little difficulty in tantalizing
tennis nets while the "Varsity was

collected in competition, and II is over

"THAI'S" TO BE SUNG TO-NIGHT

Mary Garden Will Take Title Role in Massenet's Opera, Supported by Daimes and Renaud.

Reduction card for "Thais," with Mary Garden, will be distributed at the Pennsylvania office today at 1 o'clock. Subscribers to The Pennsylvania are entitled to two cards apiece, which they may redeem at the Opera House to-night. Students have recently been given some of the choicest seats in the orchestra circle, and there is no reason to believe that they will not be so favored tonight.

The famous Garden will make her first Philadelphia appearance of the season in the title role, which is her favorite. As the beautiful Alexandrine Courtemanche, she is unquestionably at her best, and her reception in New York and Chicago has proved that she has even added to the exquisite interpretation she rendered last season.

Maurice Renaud will sing Athanael, the monk who effects her salvation and succumbs to her beauty, while Bal- mores will appear as Nicias, the cynical enquire of the town. Mlle. Scala- sardo, Caron and Brindisi-Bianchi, together with Hubecker and Novello, will sing the minor parts.

Other operas for which student privileges have been obtained this week are "The Girl of the Golden West," on Friday night; "Tales of Hoffman," at the Saturday matinee, and "La Jolla of Lammiermer," which will be given Saturday evening.

Tournament Nearing End.

The novice wrestling tournament is expected to be finished within a day or two. In the 145-pound class, Hill threw Crawford in 8 min., 30 sec.; Mcl- donnell threw Schellen in 30 sec., and Wellier won the decision over Die in 9 min. In the 155-pound class, Willi- ams threw Hawkins in 1 min.; Smith threw Martin in 1 min., 40 sec., and afterwards threw Carleman in 9 min., 16 sec. In the 186-pound class, Tafel threw Hochender in 4 min., 40 sec. In the 175-pound class, McCarthy threw Basos in 2 min., and won the de- cision over Franklin in 9 min. The next meet will be held with Columbia, in the Gymnasium, on Friday evening, February 10.

Mandina in Cornell Debate.

Joseph F. Craig, one of the members of the "Varsity" debating team which meets Cornell, has been ren- tly in Cranier Hospital, Chester, with appendicitis. As a result, he will be unable to appear in the Tri- angular League Debate, February 26, and Miranda, the alternate, will take his place. Miranda, who is a former Scotch, proved himself to be a mod- ed batter to the trials and put on an unusually strong argument in the final, receiving honorable mention. John H. Hart, Jr., has been chosen alternate on the negative team against Cornell, to fill the position formerly held by Miranda.

Meeting of Ivy Ball Committee.

Chairman Thompson has called an important meeting of the Ivy Ball Committee, in the 7 o'clock. In Room 221, College Hall, to make ar- rangements and to set a date for the ball. Appointment of the following sub-committee is announced: Par- nesses, Williams (chairman), Caron, Large, Foulk, Printing, Hunter (chairmen), Klaudtner, Chase, Decorations, Humphreys (chairman), Kohl, Wahl, Aaltenhier, Referensi- ments, Irwin (chairman), Brownlee, Miranda, Brown, Bigall, Henderson, Smith, Treasurer, Eiler.

NEWS OF OTHER COLLEGES.

MEETING PLACE FOR UNIVERSITY MEN

"FATIMA"
TURKISH BLEND CIGARETTES

ETYMOLOGY

Words, Words, Words — it takes "bunches" of words to describe Fatima. They’re so individual, so different. Just smoke one, and get that indescribable satisfaction that comes from a perfect blend of rare tobaccos. My word — but they’re fine. 20 for 15¢ — an inexpensive package — and you get ten additional.

THE AMERICAN TOBACCO CO.
UNIVERSITY AWARDED DIPLOMA

Exhibit Prepared by Bureau of Publicity for Nanyang Exposition, China, Receives High Award

Word was received yesterday from the management of the Nanyang Industrial Exposition, at Nanjing, China, that the jury had awarded the University of Pennsylvania exhibit a diploma of honor expressing the educational value of the exhibit, and thanking the officers of the University of Pennsylvania for their interest. The diploma is being forwarded by registered mail.

The exhibit was prepared by the Manager of the Bureau of Publicity of the University at the request of Mr. K. F. Ben, one of the directors, and the head of the Wharton School. This is the third exhibition prepared by the Bureau which has received high commendations. The first received the Gold Medal at the Ziemstun Exposition, and the second at the University's exhibit received the Grand Prize at Seattle.

The Nanyang Industrial Exposition, the first national affair in China, was opened in June at Nanjing. The enterprise is an entirely new thing in China. It was organized by the Nan- 

ing Provincial Government for the purpose of investigating the progress of arts, industries and economic conditions in China during the last ten years. The Exposition has cost about half a million dollars, half of which was contributed by business men, in- 
cluding emigrants from Java and other countries, and the other half was contributed through a government fund.

The Exhibition covers fourteen principal pavilions for exhibits; fourteen pavilions for industries, and many other structures, such as music stands, finance, banks and theatres. Two of the buildings, covering an area of some thirty thousand square feet, were allotted to foreign exhibitions: one of those the University exhibit was displayed.

Plan "Coming Out" Party.

All undergraduates who intend to go to the Student Exposition are requested by the committee to purchase tickets as soon as possible, that an idea may be gained as to the probable number which will attend. Present indica- 

tions are that the initial social event of the class of 1913 will be almost perfect in every detail, and the committee has estimated that there will be plenty of room for a large reception in which all may participate.
