WELCOME AWAITS WESLEYAN

Students Anxious for Visitors’ Appearance
and a Program at Local Clubs on Monday.

The visit of the Wesleyan men is being hailed as a great deal of interest on the campus, heralding as it does the beginning of the most important season in the history of Wesleyan’s Musical Clubs, for the concert committee has announced that the concert will be given in the Yale Hall. The concert will be the opening of the spring season of the Wesleyan University, and the students are looking forward to it with great interest.

Out of the present time,” said Mr. Sheffler, “only 8 per cent. of our foreign trade is by steamship, and 92 per cent. by ocean. This is due to the fact that our rivers and our railroads are not in the hands of our own people, but in the hands of the foreign companies. Our own merchant marine carries only 1 per cent. of our foreign trade last year was 100,000,000 tons. This is all very well, but what about the fact that our shipping is being carried by foreign companies? Our own merchant marine carried 196,000,000 tons.

The demands for student tickets for the joint concert on Monday night have been so great that the supply of tickets is being limited to only 5,000. This will be a great disappointment to many students, but it is necessary in order to provide enough seating for the large number of students who will be attending the concert.

organization, the apparatus and the men trained to research, are all essential and integral. All this has been splendidly developed to the University, and the trustees should have to recognize the meaning for its maintenance and extension. What they need now to think of more than all the other men who remain in the service of the University and to draw to it the men of highest achievement and distinction, who are so needed to give intellectual vitality to all the necessary apparatus and to combine their personal authority in the corporate authority of a great University."

"PROGRESS AT THE UNIVERSITY."

The following is an editorial from yesterday's Public Ledger.

The trustees of the University have filled all the vacancies in their number, after careful consideration, by the choice of men who are well known in the community, and who will bring a fresh spirit of energy and progress to the service of the Institution.

The resignation of Provost Harnett, after a long term of extraordinary achievement, was necessarily followed by an interval of uncertainty concerning the policy which the University was likely to pursue upon many important subjects, some of which had already involved it in much unfortunate controversy and personal disagreement. While the advance ment of Doctor Smith to be present never assumed any uncertain character, the announcement of Doctor Smith as the new official of the morning. The committee in charge of the affairs comprises R. L. Carbon (chairman), J. H. Bish, E. Hagenlocher, Jr., R. E. Bartlett, R. J. Bovett, R. F. Land, W. Jones, W. M. Church, B. Nelson, P. Schmitt, O. O. Brophy, G. B. Burt, L. S. Deitz, J. W. S. Kent, E. P. Keen, O. H. Rose and A. J. Yangum. The following ladies have consented to act as patrons: Mrs. C. C. Harban, Mrs. H. W. Hamban, Mrs. R. F. Smith, Mrs. G. K. Bartlett, Mrs. P. F. Land, E. C. A. Fisher, Mrs. David Hamban, Mrs. J. O. Nisula, Mrs. W. J. Bovett, Mrs. E. K. Bartlett, Mrs. O. W. Wolff, Mrs. J. B. Hamban, and Mrs. L. E. Kent, Mrs. J. A. Hagenlocher and Mrs. E. K. Bartlett.
