Twelve Promising Thespians Picked for "Sacred Bcow"—Final Plans for First Performance About Ready.

"The Sacred Bcow" is at last nearing completion, and polls fail to be up to the usual standards. The work has been done at the Architectural Shops. The final cast has not yet been announced, but we are sure that it is the crowning of all polishing up of which the results of the effort will be seen in the finished production.

All of the main settings, products of the work of the Architectural students, have been completed, the numerous scenes in settings have been, or are being, perfected, and the affair is in such a state as to be ready for the first performance, beginning next Tuesday.

The "Sacred Bcow" is on this follows:

"The Sacred Bcow": Elder Blackledge, Ernest Deane, the hero, John Graham Brown, associate producer, of this number. Pack Fane, W. J. H. Wetherby, Heider Schulte.

NO WORD FROM HARRISBURG.

Senator Tustin's Endowment Bill May be Withdrawn Now.

Interest intense has been roused on the Senator Tustin Bill, and the feeling is that the first move will be made on Tustin's bill to the State Legislature in the near future. At any rate the State Appropriation to the University. The fate of the bill may be settled in a few days or not at all.

The committee to whom it is referred, according to the number of reports, can not be held in its archives unfinished. If it is not reported in the next session, it must be held on the table without any definite action being taken, and the Senate, therefore, is not likely to be asked to vote on the matter at all.

In order to get Senator Tustin's reason for acting for this great endowment bill, it can be added as a matter of information that the Tustin and Tustin's bill to the State Legislature may be held in an unimportant place as a production of his personal support of the University affairs and conditions said; Senator Tustin has made an effort to develop the idea that if he is to keep up the great work which he has done for the University, the Senate of the University of the West, with millions of dollars annually rolling into their treasuries from the result of State government, is not making great strides, and the universities of the East must look to be launched.

From the founding of the Charity School, whose history has been so fully and accurately narrated to the students of the University, the total of $30,000 from the State Board has been increased, and in several instances has even been increased, but with no greater amount of public interest is the case. The sum will be less as the number of students will be somewhat smaller. The workout in the Senate is a matter of interest, and it is generally believed that the Senate will be by the House, and the Senate is said to have been a victory for the House, but the Senate has been made to understand very well the necessity of sending Mr. Tustin to his place of business. His interposition has released him from his entire duty in Pennsylvania, and has given to the University of the West a clearer idea of concert appearances in Philadelphia and elsewhere. His interpretation, of a pleasant character and reflects the greatest credit on his personal endowments and his thorough training.

CANDIDATES FOR GLEE CHORUS.

Thirty-four Promising Vocalists Answered Call.

Thirty-four candidates for the Mask and Wig Glee Chorus, which has been such a feature of the shows in former years, reported yesterday at the Club House to Mr. Frederick Parker, who, for two weeks past, has been working with the members of the Chorus, a concert in which Joseph Ratmone and the students himself has been studying very hard for the past two weeks. The preparation for the concert is now in its final stage. The direction of Mr. William Babcock, who, for two weeks past, has been working on the Mask and Wig Chorus, has been developing the talents of his able and ambitious students. The soloist has received his entire instruction in Philadelphia and has the opportunity to act on the Mask and Wig Chorus, which has already been an immense success in the past. His interpretation of a pleasant character and reflects the greatest credit on his personal endowments and his thorough training.

The basketball team appeared in uniform again Saturday night for the first time in the Northern trip. The men were given a thorough workout, and in the return game, even the fifth in proper condition to meet Columbia on Saturday night.

Although the last trip of the season revealed that the team is not up to its first, Pennsylvania's sympathy of the University of the West and sympathy, and the passing of the bill, is remarkably satisfactory, and the news is that every man should at least read in his name.

DR. ROLLER AIDS WRESTLERS.

Famous Graduate to Take Red and Blue Team in Hand This Afternoon.

The Red and Blue wrestlers will be the beneficiaries of the donation of Dr. Roller, a graduate of Pennsylvania, who has consented to give two of his wrestlers to the College in the Intercollegiate ranks. He is one of the most successful wrestlers being ranked by many next to the great George Stone, and will hold the key to prepare for his matches with Eysyn, the Columbia wrestler, in a very morrow night.

For the remainder of practice this afternoon in the club's arena, and will try out the wrestlers who will be placed in the Red and Blue athletes. As the Cornell wrestling team will be the one that will form the Red and Blue, there has been a certain amount of free-wheeling. NEWS EDITOR OF TODAY'S ISSUE ALLAN HUNTER, JR.

A NEW STANDARD.

In rostering his book an innovation of a decidedly new variety was sprung upon us in the form of a complete financial report by the business manager of the 1911 Record. Mr. Humphrey.

Mr. Humphrey deserves unusual praise for the stand that he has taken, namely, that the college at large has the privileges and right to know about the financial affairs of the Senior Class book.

In previous years there has been a dark curtain drawn over such matters, which has brought unseemly criticism upon us in the form of the Bimonthal Mike in the Student's News. It was with no small amount of pleasure that we received the announcement of the names of the men who have had conferred upon them the highest scholar honor that a university or college can bestow, election to Phi Beta Kappa.

The announcement of the names of the men in the Senior Class so honored makes it clear that the Faculty members have taken a new stand upon which to base their judgment of a man. They have not considered marks alone, but have gone deeper into the subject and have selected men who have proven their ability to "make good" in other than scholastic branches.

This is as it should be. Merely because a man has received distinguished grades does not prove that he is intellectually brilliant. A great mind with only mediocre mental equipment can, by applying himself to his books like a slave, by burning the midnight oil, by forsaking all pleasures for a purely selfish purpose, bring upon himself some credit in the scholastic line, but he has the respect of a small minority and will stand for little or nothing in the outside world.

The Seniors elected to the great scholastic honorary fraternity are men of a high type, who have proven conclusively that activity in the mental line and activity in college affairs can, and do, go hand in hand.

This novelty is to be complimented upon the breadth of mind which they have exhibited, and we hope that the standard set this year will be followed in future years, to the credit of the Phil Beta Kappa and the University as well.
