THE PENNSYLVANIAN

BOOKET FOR DR. MARSHALL

Format Opening of New Wing of Veterinary Building Celebrated by Medical Associations.

Dr. C. J. Marshall, Professor of Physiology in the Veterinary College, was recently appointed State Veterinarian. He is the guest of honor at a banquet held last night in Lemon Hall, the State and Keystone Veterinary Medical Association.

Dr. Marshall was the subject of special personal addresses, the most of which "I will assume the duties of my office." The second was given by the Dean of the Faculty, and the third by Dr. Dean Allen J. Smith, of the Medical School, who were the principal speakers.

The banquet marked the formal opening of Lemon Hall, which is on the second floor of the last completed east wing of the building. The ball is named in honor of Dr. Pearson, who was the Dean of the Department until his death in 1900. He probably did more for the advancement of the department than any other man.

In the ball a chandelier was cut from a broken lamp held by the Dean of the Medical College, and the first one to come into association was the Ball of the "Medical Television Association," Dr. Joseph Helmer; A Citizen, a "Scotia" Billed for Tonight.

The committee in charge promises that tonight's music will have no end of compliments on the cold, as it had occasion to do last time.

The subscription list is announced, and the subscription to the "Beaver" is now available, for $1.50.

The committee's last concert will be held tonight, at 8:30, in Wheaton Hall, and will be presented by the Faculty and the Department of Music. The concert will be held at 8:30, and will be followed by the University with the University with the University.
The concert.

The important fact to be remembered about the concert of the Philadelphia Orchestra this evening is that it is the last appearance of Director Pollock's organization on our campus for almost a year. It is in this sense, an opportunity which ought to be used.

The second important consideration is that the orchestra itself enjoys before the public as a soloist a Pennsylvania undergraduate who is rapidly climbing to a firm place among the musical artists of Philadelphia. Those who heard Wilson's recital of last month when he played Chopin's op. 10, no. 3, will have an opportunity to see the remarkable ability and the present system. This has been an accurate and interesting treatise on the existing conditions of today.

NOTICES.

Texas Club.—Meeting and smoker of the Texas Club will be held this evening at 7:30 in Houston Hall.

Episcopal Students.—A special committee will be held this morning at 7:45 o'clock in St. Mary's Church for all students who desire to attend.

Deutscher Verein.—At a regular meeting of the Deutscher Verein, to be held in Houston Hall this evening, the following members of the society will be in order.

Choral Society.—Announcement is made that the Choral Society will give a concert at 8:00 o'clock, in Memorial Church, on Tuesday, March 15th.

Senior Picture Committee.—A meeting of the Senior Picture Committee will be held today at 10:30 in College Hall. Members of the committee may get pictures and orders will be received at this time.

Dental Study Club.—There will be a meeting of the Dental Study Club today at 1 o'clock, in Robert Pest, and tomorrow evening at 7:45 in Houston Hall.

Fresh, Base Ball Cut.—The following candidates will report for base ball practice at 1 o'clock in the gymnasium, to practice on Tuesday, March 7th.

The days are getting longer.

Easter comes April 16th. Why delay ordering your spring clothes until the eleventh hour? Buy now; we will hold shipment for a reasonable time. You'll save money. We'll both be better satisfied.

NEWS EDITOR OF THE DAILY

DIE CARLTON BROWN.

THE PENNSYLVANIAN.

To the Editor of The Pennsylvania:

Dear Sir:—In reference to the communication to The Pennsylvania on March 1st, we, the Board of Tellers of the Senior Honor Elections, have made a thorough and exhaustive investigation and have been able to find no foundation for the alleged information.

We individually have sworn that we have not told or caused any information to be known or published the names of the candidates or the number of votes they received during the period between the preliminary and the final honor elections.

Since a request has been made for a more efficient method of carrying on the honor elections, we would suggest that in the future the two elections be held at the one meeting of the class. This would avoid the inevitable suspicion upon the board of Tellers of some present system. This suspicion results from the fact that the most popular class of the men are always well known.

DR. STEINER ON IMMIGRANTS.

Immigration Expert Will Lecture in Houston Hall Tomorrow Evening.

Dr. Frederick A. Steiner, the eminent expert on immigration problems, will deliver a lecture on "The Immigrant at Home" in the Houston Club at 7:45 o'clock tomorrow evening. The talk will be illustrated with a series of slides taken specially for this lecture by the lecturer.

The economic and sociological conditions of the immigrants on their native soil and the problems confronting the native governments because of this, will be discussed and the various phases and results of this immigration will be shown.

Dr. Steiner, who is from the Middle West, where a large part of this immigration has centered, has made a long and exhaustive study of this subject and has compiled the greatest living authority upon it. He has travelled extensively throughout that part of Europe which formed America with new citizens and has been intimately associated with the Immigration Department of that country. Because of this long experience his talk should be an accurate and interesting treatise on the existing conditions of today.

LECTURE ON ESPERANTO

"English Will Never Become Universal Language," Declared Prof. Christen. Universal Tongue, Imp. Professor Arnold Christen, of London, England, delivered a lecture introductory to his course of four on Esperanto, the universal language, in Logan Hall yesterday. The speaker kept his audience in a state of unbroken laughter throughout, and at the same time succeeded in showing the practicability of Esperanto as a common tongue. The defects of English as set forth by Prof. Christen were somewhat of a surprise to his auditors. They said, in part-

"The first thing that I usually have to do is to convince my audience that Esperanto is extremely practical and not simply a fad. They seem to regard it in the same light as a patent medicine or a hair remover, when in reality it is being used by many of the leading commercial houses both in this country and in Europe."

"It is not intended that Esperanto should displace other tongues, but rather that it should be an auxiliary speech which will enable any one to go anywhere and not be a foreigner. English could never become a universal language because it is too hard, and furthermore it would give the English-speaking countries an advantage over other nations."

"Just as it is certain that English can never become universal, it is equally certain that Esperanto will eventually come into its own. The beauty of the language is its great simplicity and the remarkable ease with which it can be learned. I can give instances that all the students who attend my four lectures and arm themselves for one hour a day for a week with the textbook will be able to converse at the end of the allotted time. I say arm themselves with a textbook because my pupils don’t have to do any work. I do all that myself."

Professor Christen’s course is open to all Wharton school men. Lectures will be held on Wednesday, Thursday and Friday at 4 o’clock, and on Sunday morning at 10 o’clock.

BOARD OF TRUSTEES MEET.

Provost Smith Invited to Swedish University’s Centennial.

Announcement was made at the regular monthly meeting of the Board of Trustees, held yesterday afternoon in the library, that Provost Smith has been invited to represent the University at the centennial celebration of King Frederick University in Christians, Sweden.

The invitation came directly from the Senate of King Frederick University, and the commemorative exercises will be held on September 3rd and 4th.

A University scholarship in Chemistry was given by the Board of Trustees yesterday to John McGregor Gibbs, Jr. Mr. Gibbs was instructor in chemistry in the University of Pekin from 1904 until the beginning of the present year.

A letter was read before the board from Dr. John B. Dewar, accepting his appointment as Professor of Clinical Surgery. Dr. Dewar succeeds Dr. Edward Martin, who is now John Rhea Martin Professor of Surgery. Action was also taken upon the appointment of Dr. George C. Gordon by the Board of Managers of the Department of Anatomy, the Board of Trustees approving Dr. Gordon’s appointment.

DR. HENRY VAN DYKE TO SPEAK.

Noted Author Will Address Undergraduates in the Next Sunday.

One of the most notable literary celebrities of the year will be held in the gymnasium at 11 o’clock next Sunday morning. The Rev. Dr. Henry Van Dyke, famous author and President of Princeton University, will be the speaker.

The author of “The Rolling Sweet” and “The Other Wise Man” needs no introduction. There can be little doubt that Wrightland Hall will be crowded to its capacity next Sunday morning. Dr. Van Dyke will also be the principal speaker Saturday evening at the annual dinner of the Christian Association, an event that marks the midpoint of the campaign for $3,000 new library.
RELAY ENTRIES INCREASING.

Sharp Competition Promised — Stars Enter Sprint and Field Events.

Intense interest has been aroused concerning the annual relay carnival which will be held on Franklin Field on April 29th and 30th. Results of the indoor meets won by the larger universities have been represented soccer will for competition of the highest order.

Pennsylvania will be forced to the limit in the three classic relays which were won by the Red and Blue runners last year. The narrow victory over Harvard in the two-mile race at New Haven, the defeat suffered at the hands of the Cornellians in the one and fourteen race and the show "Blackie" Murphy will have to exert his powers in the sprint of the Red and Blue is again in triumph.

Many a time indoor runners have been defeated by their presence in the outdoor performances, and it is safe to say that Pennsylvania, will by no means be poorly represented in the outdoor meet. Brandt is the only man lost from the championship teams of last year, but his loss will be greatly felt. Cornell, Harvard, Chicago, Illinois, Michigan and Michigan will be strongly represented by teams of champions entering.

In the dashes and field events the pack of the country will be entered. Davenport, the phenomenal Chicago quarter and half-miler, will run; together with Carey of Michigan, holder of the 220-yard record, and Foster, the Harvard hurler.

Jesse Brandt will meet Freeh of, Cornell, Michigan’s champion, in the high jump, and Childs, of Yale, the Eastern hurdles’ champion, will run against Edwards, the champion of the West.

At present, nearly 200 school and college teams have entered, which means that April 29 will see more than 200 college and school teams in competition.

SCHOOL BOY GYM. MEET.

Prep. Lads Will Strain Themselves in Weightman Hall Tomorrow Night.

The annual interscholastic gymnastic meet given under the auspices of the Department of Physical Education will be held in Weightman Hall tomorrow night. It has always been policy of the management to invite Philadelphia schools and those connected athletically with local institutions who are not college men, and the meet has never failed to draw gymasts of ability.

It is expected that this year’s meet will be no exception. Although Wadley and Pettit, the stars of last year’s meet, have both entered college, several school boys have been developed this year who expect to make good showing. Such are Young, Thompson and Bender of Central High; Massy of Episcopal, and Roberts, of Haverford.

Central High School, the winner of last year’s meet in the favorite. The other schools entering are Lawrenceville School, Haverford Grammar School, and Episcopal Academy.

Civil to Smokes March 30.

The annual smoker of the Civil Engineering Society will be held on Thursday, March 29, when an elaborate program, including variety, and cotillion will be presented. The members of the following sub-committees, appointed by Chairman Stiles, are working hard in preparation for the event: Refreshments—Shor- ders, Jones, Deyler and Hill; Mato- Valentini, Programmers—Kate, Young and Weglandt; Balcony—Bos, Hur- nett, Massy and Schwengler; Tickets—Sharpe, in charge.

Vacation for Musicians.

The Student Employment Bureau has openings at men who can play the oboe and piano and act as time-keepers and score-takers. The work is easy and pleasant, but the engagement small. They ideal positions for men who want a good music vacation. Students may apply immediately at the Employment Bureau for further particulars.
