PHILADELPHIA, SATURDAY, MARCH 22, 1913
PRICE THREE CENTS

THE STORY OF THE NORTH

V. T. Greenfield Comes to the Gymnasium To-morrow with Many Tales of the Labrador Coast.

Promises to be the most interesting Sunday address of the year will be delivered in the gymnasium to-morrow evening by Dr. V. T. Greenfield,十分 known missionary among the deep sea fishermen of the Labrador coast. Dr. Greenfield's subject will be "The Far North, Labrador, Newfoundland and the Life of the Deep Sea.

The work of the great missionary is not unknown to University students, as he has been among them by undergraduate invitation.

MURPHY URGES CO-OPERATION

"Mike" Says the Departments Must "Hang Together or We Are to Call Ourselves a University.

"Mike" Murphy does not uphold the attitude taken by Dr. Carl Williams in his recent editorial regarding members of the "Varisty Teams. In the main, however, there are no serious changes, "Mike" said. "It would be foolish and wrong to give up the professional school men. They are just as much entitled to represent the University as any of the men from the College Department, so long as we call ourselves a University.

"In the last few years we have always been short of men. Now what will happen if we were to cut the art department, has risen $50 toward a fund of $100 to purchase a basis of 44 Pennsylvania's contribution. Dr. Greenfield's hopes held out little in his speech, as he was not well received by the students. The long and tedious speech was received with many yawns.

"When asked about burring men who are not "in the right," Mr. "Mike" replied: "We could make that exception, but it would still leave us in the dark as to whether we have or have not any good men. Yet that would not necessarily be a disaster to the College Department, either.

"Irwin Murphy then expressed the opinion that there was small possibility of a change in the student body going into effect, but that if such a move were ever made it should be brought about gradually.

FILSONS ENTER TRIALS.

Two Quartettes of Fencers Meet To-morrow in Elimination Bouts.

The fencing team, consisting of seven men who recently returned from the summer vacation, and six men who have just returned from the southern tour, will be in the hands of "Mike" Murphy, who has charge of the fencing team.

THE ARCHITECTURAL SOCIETY

The Architectural Society has invited the usual large delegation from other colleges to appear at the meeting of the Society held this afternoon.

THE VARSITY MEETS THE NAVY

Base Ball Season Opens at Annanpolis with Line-Up To-be Revealed Scrubs During the Week.

The varsity base ball team will open the season away from Franklin Field this afternoon, when the Red and Blue nine line up against the Naval Academy at Annapolis.

Sixteen players will make the trip, including five pitchers and two catchers. The makings of the nine will be as the same as that which has represented the "Varsity" against the Southern teams in the practice games of the past week, with the exception of bids in the outfield. Gorman and Correll will play this important position.

Gold accompanies the squad with these words of encouragement:

"Any of the five pitchers is fit to start the game, although it is likely that "Taddy" Clark and "Blackie" Johnson will have the best pitching for the second team, have been a little too slow in rounding into shape, and have far too many wild batsmen than the others."

For the past two seasons the Midshipmen have been unable to score against the Red and Blue, mainly through the effective pitching of "Otis," who shut out both teams in both games. In 1909 the score was 3 to 0 while last season Pennsylvania, thanks to "Fatty" Murphy, scored an equal victory, 1 to 9.

However, both of our teams were played somewhat later in season when the Red and Blue nine had struck its attitude. Annapolis opened the season Wednesday with a 1 to 2 victory over St. John's, and so may be expected to be in good shape for today's contest.

Moreover, the Midshipmen have a veteran nine and a colored nine to go against the defenses of the past two seasons.

Following is the probable lineup and batting order:

Pennsylvania—W. C. Smith, C; "Taddy" Clark, 1b; "Blackie" Johnson, 3b; "Fatty" Murphy, Pt; Don Miller, C; H. C. McNabb, Sh; "Taddy" Thompson, 2b; and Clark pitchers. Annapolis—"Otis"; Gilr; Sn; "Buster" Williams, 1b; "Fatty" Murphy, Pt; Don Miller, C; H. C. McNabb, Sh; "Taddy" Thompson, 2b; and Clark pitchers.

Following is the probable batting order:

Pennsylvania—Dr. Franz lions, of Columbia University, resident physician at the Hudson street Hospital, and graduate of the medical faculty of the University of Vienna.

The Pennsylvania Chapter of Phi Beta Kappas holds its annual banquet at the University Club this evening.

In the balance.

The opera privilege hangs by a thread. Unwarmed liberties with reduction cards have justly insured the Opera authorities for some time past, and another violation of the rule regarding the transfer of either cards or tickets will result in the withdrawal of privileges altogether. As it is, the authorities have only promised student rates for the two productions today. Next week's privileges are still undecided.

Hereafter students will be required to satisfactorily identify themselves at the boxoffice, and if they are unable to do so, will be refused tickets. This is a rigorous ruling, but certain men have only themselves to thank for the strenuous measures taken to prevent further infractions.

It is to be hoped that the offenders will take warning and save the undergraduates the incumbrance of having privileges withdrawn because of disorganized actions.

Phillo Nominates Officers.

Elections scheduled for Next Friday. Debaters Undergo Final Exams.

Nominations for officers for the third term will be held by Philo last evening. The results follow: Moderator, S. L. Harmon; First Speaker, W. G. Trumbauer; Second Speaker, H. Hughes and W. R. Hamilton; Secretary, B. Boyd; Treasurer, A. B. Bechtel; Ordinaries, W. Z. Jordan and J. Crump. Because of Adams, Arnold and Griffith, the debates will be held next week.

The program for last night consisted of a reading by H. D. Lurjend and talks on "University Publications," by W. O. Hamilton, and "The Theatres," by M. E. Smith. The debaters argued on the vital question: "That the honor system should be established in all departments of the University." Arnold and Bechtel upheld the affirmative, while Trumbauer and Jordan defended the negative point of view.

DEBATE WITH SWARTHMORE.

Zelosophic Society Decides on April 7 as Most Available Date.

The Zelosophic Society, at its meeting last night, decided to hold the debate with Swarthmore on April 7. The principal point of the debate is, "Resolved, That the legislation of the Federal Government should be shaped toward a gradual abandonment of the protective tariff policy." The trials for the debate with the Philosophic Society are to be held on the night of Tuesday, April 11.

Rumford and Batters and A. E. Metcalf, representing the affirmative of the question, "Resolved, That the nation should now discontinue and depend on arbitration for the settlement of disputes," won the decision from the negative speakers, H. F. Ermel and W. M. Record.

University Student Notice: Discounts?

The question has often been asked: "If students will form and circulate 10 each we will give 15 per cent, discount. Cards issued and class regulated by us. Full information upon application."

BASE BALL ON THE JUMP

The schedule for the first round in the Inter-Fraternity Baseball League was ratified by the representatives of the competing fraternities yesterday at a meeting held in Houston Hall. It was also decided that all games in the first round of the series must be played off by April 12. Each team will play two games, the winners in the first round entering into further competition for the pennant and the losers playing for the consolation cup.

Rules by which all of the competing teams will be governed were adopted, and were, in brief, that no member of the Freshman or 'Varsity squad or "P" man is eligible for the fraternity teams, and each player must be a "born-Sidle" member of the fraternity which is represented by his team. While no definite dates have been fixed for the games, each team will arrange with its opponent the exact day and place for their particular game. Any team which does not play its match on or before that day will forfeit the game, and in case both teams default, they must toss up for the winner.

The drawing for the first round resulted as follows:

Phi Delta Theta vs. Alpha Chi Rho
Delta Chi vs. Sigma Pi
Kappa Delta Chi vs. Phi Omicron
Delta Tau Delta vs. Kappa Kappa Gamma
Sigma Alpha Epsilon vs. Sigma Chi
Sigma Phi Epsilon vs. Phi Gamma Delta
Delta Theta Pi vs. Sigma Phi Sigma
Sigma Ni vs. (the winner between Delta Upsilon and Phi Sigma Kappa).

WARO CHANGES CREEK SCHEDULE

Freshmen New Leave at 4:05 O'Clock in Order to Avoid Conflicts.

On account of having to attend 2:45 o'clock hours, several members of both first and second Freshman crews have been unable to report for practice regularly, and, as a result, their dates have been used up in these subjects. Coach Ward has finally determined that the conditions have necessitated the advisability of leaving the gymnasiums from 3:05 until 4:05; every effort will be made to avoid this.

As no member of the squad has any hour after 4:05, with the exception of the laboratory period in Chemistry, which may be taken in the meeting room, Coach Ward will no longer be compelled to use new or two substitutes in this hour. As soon as any member of the first Freshman crew is finally selected for the first year of the "Varsity" squad, each of these substitutes will be used for the remaining hours of the day.

PANS TO WAKE UP STUDENTS.

Many Men Appointed to Get Delinquents to Attend Chapel.

A Chapel Committee, composed of one or two men from each fraternity and dormitory house, was appointed yesterday to increase the attendance at the Chapel services from the men connected with their fraternities and dormitories. In addition, eleven prominent Seniors and Juniors were selected to compose the "Chapel Executive" who, indirectly, will indirectly assume interest among the undergraduates, through the first committee. There will be five teams.

R. E. McKenzie, captain of next year's football team, will preside on Monday morning, and will be followed by Dr. W. H. Moore, assistant to the Dean of the Graduate School, who will conduct the services during the remainder of the week.

Schulz Has Appendixitis.

Karl Schulz, J.R. Arts, who recently underwent a serious operation for appendicitis, is at present in a very critical condition at the University Hospital. Dr. John B. Weaver, who made the incision, declared that the case was one of the worst cases that he has ever had to deal with. Four other students, Dr. H. A. Maxwell, Dr. E. H. Amick, and W. R. Masters, who are also on the sick list, are improving rapidly.

Spring and Summer

You'll be happily surprised at our extensive and usual assortment of spring materials. The patterns are new and full of style.

FORECASTS FROM THE MAT

Intercollegiates at Princeton Promise Some Lively Bout—Cornell Looks for Top Honors.

Pennsylvania, Cornell, Columbia and Princeton will grapple with each other in the Princeton gymnastics meet for the intercollegiate wrestling championships. The hope of the Red and Blue is based on Stewart, Glaspell, Nixon and Heffron. If three of these men can take first places victory is practically assured.

Of last year's seven champions, four are back this season. Cornell has two. Johnson in the 115 and Peake in the 141; Princeton has one, Wells in the 175. Pennsylvania has one, Row-

arct in the 155. Columbia's only man was lost by graduation.

It looks as though Johnson and Avakian will take their accustomed spots and Stephens and Nisim can carry the Columbia weight. In the 115 class Avakian and Stephenson have won the last two meets. Nisim won the last two meets.

Pennsylvania's chances in the 141 are better than Allen, of Cornell, and Ormrod of Princeton are looked on as the main contestants, although Wyoming, Pennsylvania, may reach the final round. One of the best bouts of the evening will be the 155-pound class. Wells, Princeton's captain, looks good, but Nixon can be de-

feated on to put up a stiff fight. In the dual match two weeks ago Nixon had the best of the fight until the very last moment. Wells succeeds in gaining the upper hand. Strawser, of the Cornell side, was considered a possible winner in this event until he was injured in practice this week. In the heavyweight class the de-

cision will probably rest between Goff, Cornell, and Helen, of Pennsylvania. Goff is slightly the favorite, owing to the fact that he won the second place last year and has been beating all oppo-

nents this season.

PLANS FOR TENNIS SEASON

men, to supervise the tennis team for the coming season.

The University championship tour-

ament will be held on the Law School courts during the middle of April. It has been found necessary to hold it there because of the larger number of entries anticipated. The Athletic Asso-

ciation will offer prizes to the suc-

cessful men, who will also represent Pennsylvania in the first meet of the season. It is hoped to discover in this man who can win the necessary point for the Intercollegiate Tour-

nament. The date for the inter-scholastic tournament is to be set by the Na-

tional Lawn Tennis Association, and will probably be early May. Any school in the vicinity of Philadelphia will be eligible. Suitable tournaments will be set up between colleges throughout the country, the winners of each taking the nationals in New York in August.

A tentative inter-collegiate schedule has been arranged, but no final rando-

tion has been made. It is known, however, that the Inter-collegiate Tour-

nament will be held at the Morton Cricket Club early in September. It is in this tournament that the championships are decided. Pennsylvania has seven points out of a neces-

sary eight to give the cup, with Harvard a close second, so that on the completion of this season depends the winning or losing of the Inter-

collegiate Trophy.

Masters III with Pneumonia. E. A. McKay, a member of last year's championship twosome re-

feree team, and competing candidate for this season's quartet, is suffering from an attack of pneumonia at the Un-

iversity Hospital. Although his case is not exceptionally serious, he will be unable to start training before the middle of April. This will allow him only two weeks to round into form for the races.
