MOURNING TO DR. SCOTT

Friends of the Late Professor Contribute to the memorial fund for the family of the late Dr. Scott, and the proceeds will be divided among the students in medicine who were assisted by the late Dr. Scott.

Dr. Wright, the Resident Physician who was on call the night of the disaster, said that the first volley was fired at about 3:00 A.M. The second volley was fired at about 3:30 A.M.

Dr. Wright also stated that he was present at the scene of the explosion and that he saw the flames and smoke rise from the building.

Dr. Wright further stated that he believed the explosion was caused by a gas leak and that there was no indication of a bomb or a fire being started.

Dr. Wright said that he was present at the scene of the explosion and that he saw the flames and smoke rise from the building.

Dr. Wright also stated that he believed the explosion was caused by a gas leak and that there was no indication of a bomb or a fire being started.

A

PERFECT TRIBUTE.

Few men have had such a tribute

given to them after death as the late

Dr. J. Allison Scott, Adjunct Professor

of Medicine of the Medical School.

we have learned, with the utmost

account of pleasure, that two hundred

and fifteen of his loyal friends have

contributed the sum of ten thousand

dollars to the University, this sum to

be used for founding a fellowship for

medical research at Pennsylvania. At

least half of the interest of this sum

is to be used mostly, i. e., in

helping some third or fourth year

medical student, who is in financial

difficulties, to complete his course.

It is evidently fitting that such a

tribute should be paid to the late

Dr. Scott. A graduate of both the Col-

lege and Medical School, and later

honored with a position on the faculty

of one of the greatest medical schools

in the country, he was a man beloved

by all who could claim his acquaintance,

respect, and authority for his

wealth of his learning, honored by all

with whom he came in contact.

1ST FRACTOY FRATERNITY BASE BALL.

Now that the Inter-Fraternity Base

Ball League has completed its drawing

lists, and allotments have been made for

the first group of games, it is the duty

of each organization in the asso-

ciation to see that its game is played.

Sixteen fraternities have entered the

contest, and it would be unfortunate

were any of them to default a game,

especially the first one. The manage-

ment has devoted much time to the

initiation of the project, which is de-

serving of much credit, and should be

supported royally.

It is difficult to overestimate the

benefit which is sure to accrue from

any scheme which tends to bring the

secret societies at Pennsylvania in

closer and more intimate touch with

other. The good-feeling between

fraternities has grown with rapid

enthusiasm during the past few years, and

this is as it should be, but yet, the

distance forward to that goal—the goal

of perfect mutual fellowship—is far-

ther distant than that already passed

and arrived at. This fraternity League

means by which much can be ac-

complished along this line.

ANOTHER CUSTOM.

The "Opening Day" of the baseball

season at Franklin Field yesterday

afternoon was an institution whose

growth should be fostered and should

become a custom, always preserved,

always respected.

All of the proposed ceremonies were

carried out, the raising of the flag, the

throwing-in of the ball by Provost

Smith, and the playing of the band.

To the latter especially is due no

small amount of credit. It has proven

beyond a doubt that it is a live organi-

zation, and the thanks of the entire

student body go out to it for the

splendid entertainment it afforded.

Manager Scott, of the base ball team,

doesn't mean such congratulation and

credit for establishing another custom

at Pennsylvania, one which, because

of its intrinsic merit, is sure to live.

FOURTH ANNUAL DEBATE.

Freshmen Will Contend Against Cen-

tral High School Tomorrow Night.

The fourth annual debate between

the Freshmen and Central High School

will take place to-morrow night at 8 o'clock,

in the Central High auditor-

ium, Fifteenth and Green streets.

The question to be discussed is: 'Resolved:

That the executives of city, State and nation

should take the leading part in important legisla-

tive action.'

The address will be open by a Central High

team, whose composition is Oscar Bender, J. Westley Fane, Har-

vard Leach, and Edward Davis, alternate.

The Freshmen debaters are M. J. Perry, A. F. Polk, E. L. Harriet, and

J. Brooks alternate.

Kelvin Physical Club Holds Meeting.

The Kelvin Physical Club held its

regular weekly meeting in Randall

Aurora Laboratory yesterday after-

noon. William L. Hopk reported

the "Comparison of Self-dissociations" and Mr. Ralph W. Duncan spoke

on "Magnetic Properties of Iron with Low Fields." By Arthur W. Good

provided.

Gun Team Candidates Will Practice.

Under the leadership of Captain C. P. Davis, candidates for the gun team

will go to Clearview tomorrow to try

their luck again at the elusive "blue

rocks." Everyone who intends to

come out for the team should report to

C. P. Davis, 3435 Woodland avenue,

before 1:30 o'clock, when the team leaves for the grounds.

NOTICES.

Soccer.—Practice will be held to-

day at 5 P. M.

Mask and Wig.—First and second

championship reports at 8 o'clock for

a special rehearsal at 12:45 o'clock.

Circus Meeting.—Important meeting of comies in the gymnasmum at 1

o'clock tomorrow, to have picture
taking and for practice.

1914 Base Ball Practice.—Freshman

base ball practice every day at 2 o'clock, on Franklin Field, beginning

today. (Signed) Cousins, Coach.

Band Rehearsal.—There will be a

band meeting instead of a normal, in or-

der to rehearse for Saturday's game.

Every man must report in order to ac-

quire uniform.

Freshman Picture.—All orders must

be in as above by April 6. Following

members of committee will meet today: Franklin, Wells, Armstrong

Seifg, Paligo, Biron, chairman, at 3

o'clock, in Room 160, Logan Hall.
THURSDAY, MARCH 30, 1911.

REORGANIZATION OF AERO CLUB

Meeting Will Be Held To-morrow for
Purpose of Electing Officers
for Coming Year.

For the purpose of effecting an en-
tire reorganization, the University Aero Club will hold a meeting to-mor-
row afternoon at 5 o'clock, in Houston Hall. Officers will be elected and
other business of a similar nature
transacted.

The most important business of the
day will be the consideration of the
matter of sending contestants to the
Intercollegiate Gliding Meet at Har-
vard University the early part of May,
and also the question of entering the
Intercollegiate Balloon Race, which
will be held at Williams College the
latter part of the same month.

The secretary of the Harvard Bo-
ociety reports that he has now eleven
entries from as many colleges and
universities. Among others, these
include, Williams, Dartmouth, Boston
Tech, Worcester Polytechnic College and Cornell. The society is building a
gliding chute on Quadrant Field, where the meet will be held last
Fall, and report that the facilities for an exciting and spirited contest will be
unusually good.

Williams College Aero Club is back-

ing the Intercollegiate Balloon Race, and invitations are being sent to all
the college clubs.

In order that the University Aero
Club may be able to compete in these
counties, a new glider must be secured, so the old one was boldly abandoned
at the Carnival last year, and it is not
expected to return. As far as the bal-
loon race is concerned, G. A. Richard-
on thinks he can get a balloon and
pilot for nothing, which would reduce
the cost of entering the meet to a very
low figure.

The Aero Club is open to all, and
the officers of the Club are especially
advised that there is a large attend-
ance at the reorganisation meet to-
morrow.

MASK AND WIG REHEARSALS.

Director Morgan Well Satisfied with
Program That Has Been Made.

Masks are coming to the Mask
and Wig Club House where the com-
fidance for the cast and chorus of "The
Innocents" have been rehearsing for
two months past.

Stage Director Morgan will take his
charges to the Opera House early next
week in order that they may rehearse under conditions they will meet when
actually performing.

The success of all the "props" for
the show has eliminated that cause of
worry which was frequently a source of
distress to the manager and producer.

From now on all efforts will be
bent towards perfecting the produ-
cion.

Although both cast and chorus suf-
fered severely from graduation and ill-
eligibility, Mr. Morgan expressed him-
self as greatly gratified with the
progress that has been made. The
glee chorus is steadily developing and
promises to be as great a feature as ever.

It is probable that the club will give
students' "Night" some time during the
month of May.

Dr. Kelsey to Address Graduate Club.

The Graduate Club of the University
of Pennsylvania will hold a regular
meeting to-morrow evening at 8 o'clock.
Dr. Carl Kelsey is to be the speaker of the evening and Mr. C. A. Cope
will preside.

The meeting will be held in the
library of the College of Architecture.

Lackawanna Alumni Banquet.

The Chas. C. Harrison and Dean
Edward C. Kirk will both be guests of
honor at the Lackawanna County
Association's annual banquet to be
held in Scranton, on the evening of
March 25. "The meeting will be held in the toast, "The University," and Dean Kirk will speak on
"The Letterman's Corner."

Lecture on Dryfus Affair.

The Rev. Samuel A. Harlow will lec-
ture at the West Side Presbyterian
Church, Preston and Aspin Streets, on
the evening of March 12, on "The Dryfus Affair."

The lecture will be of interest to stu-
dents taking courses in European His-
tory, and they are invited to attend.
