Pennsylvania Should Win This Afternoon

On paper, Pennsylvania seems to have a winning combination in the early games of the season. The New Englanders meet the Red Raiders on the gridiron this afternoon, and as usual, the New Englanders have the Red and Black team of Penn State on the gridiron. The game will be played in frosty weather; the thermometer will never rise above the freezing point.

The New Englanders have met a number of men who have played through graduation, and this year's lineup is not up to par. The style of former Amherst
Penn State. The usual spring conditions in April, March, or February will be followed by a mild spell of weather.

TheCosmopolitan Club entertainment this evening promises to eclipse all of the organization's former performances. Everything is now in readiness for the occasion. The singer is ready to sing, the dancer is ready to dance, the actor to act, and the Cosmopolitan Orchestra to render selections worthy and representative of the organization. The guides for the "preliminary tours" through China, India, Japan, Australia and Latin America will all have their tours of sights and songs and speeches and are ready to shout them. The programs will be run by the real man, only person that isn't quite ready now is Father Time.

Many tickets have already been sold, but many are still available and may be obtained from any number of the Cosmopolitan Club.

Full orchestra, "La Gioconda," given last Sunday, the audience in Hanson Hall was huge. About five hundred persons were turned away. The program was charged for that entertainment; it is much less than the charge of tonight's performance will cause many to stay away.

THE HOUSE CLUB AND HAZING.

It is evident that if there is to be any action on the much-mooted score of haz- ing, it must necessarily be taken before the opening of the Uni- versity in the Fall. With every col- lege year there comes the same pro- test against this practice. By the time any action is formulated, how- ever, the enthusiasm of those indi- viduals who delight in hazing has waxed, thus making it apparently un- necessary. It is forgotten that there is in every class a certain group which feels that to properly instill love for Pennsylvania in the hearts of Fresh- men it is needful that these rub the skin off their mates on the gravel walks of the campus or have their clothes raised.

The most unfortunate feature of hazing is that the greater part of it takes place in or near the Houston Club. The Freshman naturally takes that place, and so stays away from the drinking during the very months of the College career when his ardor for such a club is greatest. Annual the com- plaints is heard that the FRESHMAN LACK CLASS SPIRIT. How can this develop un- less the members of that class have a common meeting ground where they can learn to know each other? Surely the obvious meeting place would be the Houston Club.

Another unfortunate result of this condition is that the Freshmen fail to become properly acquainted with the Christian Association. Because of a whole natural desire to keep from fall- ing into the hands of the Sophomores, they are prevented from coming to the building where that organization has its headquarters and so do not come under its direct influence during the very months in which they must need this.

Appropriate action on the part of the Undergraduate Committee to pre- vent the Houston Club from being the center of hazing, as in the past, is more necessary this year than ever be-

fore. If a fraternity rushing agree- ment is adopted, as in all probability it will be, the Freshman's need for the Houston Club will be increased to a very great extent. It is therefore to be hoped that before the close of the College year the Undergraduate Commit- tee will take some action which will make the Houston Club neutral ground instead of a center of hazing.

SUFFRAGETTE NOT TO SPEAK.

Miss Pankhurst, the Famous Militant, Disappoints the Students.

Miss Sylvia Pankhurst, the famous English suffragette, will not make the Freshman's Week week, as had been planned, because of the necessity of her leaving New York this noon. Last night she gave a talk before the mimed Suffrage Society of Pennsylvania, in which she outlined her views on the subject. She was invited from the realists.

Miss Pankhurst, when interviewed by our own correspondent last night after the lecture, said: "I very much regret that I will not be able to address the Freshmen of the University, because I regard them as a particular field of endeavor. If the vote goes in favor of women, not only the young men and women of to- day that the State's future of mor- row depends. Believing in equal suf- frage is not sufficient to secure it, and the young women of today most fight for it. They must join the organiza- tions and combine their individual in- fluences into one great force. The women of America have not had the enterprise typical of their country, but have hung behind ever with many more advantages than the English women. Women who do not desire suf- frage and the franchise are either grossly ignorant or terribly selfish, for any one, after the latest New York vote in which so many dead, cannot fail to recognize the necessity of the women's voice in legislation."

Miss Pankhurst was extremely deferential to say an oratory, leaving all arrangements in the hands of her secretary. This afternoon she goes to New York, and on the 12th will be in Liverpool.

INSIGNIA VS. REMUNERATION.

Band to Be Ranked as a Minor Sport and To Be Paid for Its Services.

The effects which have been made by those interested in the University Band to have it ranked as a minor sport have reached a climax, and it now remains for the Athletic Associa- tion in determine what shall be done. If it is decided to consider the band as a minor sport, an insignia will be issued for the uniform, and on the other hand, the Association refuses to recognize it as a sport, the band will be paid for its services.

Although unable to appear fully uniformed at any of the base-ball games, thus far, the work of the band has been a decided improvement over last Fall. With a little more practice, with uniforms for all of the men, the University Band this year should be the equal of any college band in the country, both in appearance and in quality of music rendered.

Not Miss Sherwood.

The cause of Sunday night's har- mony event was not Miss Maria Sherwood. This was stated last night by an important gentleman who young lady herself. Evidently the real accident takes a grudge against Miss Sherwood.

Three days remain for all undecided Sophomores to purchase the remaining tickets. The sale thus far has been very encouraging, and it is expected that no increase in the sale of tickets will feature the annual feast of the second year men.

A distinctive feature of Tuesday's affair will be the Sophomore Quartet, which is composed of four sophomore members of the class of Glee Club reno-

vated. J. H. Haldeman, Wharton, of the Glee Club, and of last year's Mask and Wig Club Chorus, will sing first

to, with H. A. McLean, Wharton, a Glee Club tenor for the past two seasons, as second tenor. K. B. Wil-

son, Wharton, showroom of Glee fame, will uphold first bass, with W. H. Hyl-

man, M. E., who has sung for two sea-
nors in the famous sunshine Quartet, as second bass. These men will add in spreading good cheer with the

resemblance of the familiar Pennsylvania songs and the popular tunes of the day.

An orchestra will also aid in dispens-
ing merriment, and there will not be a dull moment during the banquet, or the after-dinner part of the pro-
