
The place and date of the Yale-Pennsylvania race at New Haven, on Friday, May 21, have both been changed. As at the Convention last week in New Haven, the weather forecast was extremely uncertain, it was deemed advisable to make the change, and therefore the race will be moved to Spring Lake, N. J., on Thursday, May 27.

In this event it is hardly likely that unfavorable weather conditions will affect the outcome of the race. Mr. Robert Herrick, chairman of the Harvard Rowing Committee, will act as referee.

Preparations for the race, which will be rowed over the course of one mile and a half, will begin immediately. It is expected that the varsity crew in each case will make a thorough preliminary training trip over the course.

PAVILION ALLIGATOR

The Crew of the University of Pennsylvania will play an exhibition game against the Harvard crew at the Philadelphia National League team this afternoon at 3 o'clock, on the lathe, at New Haven, Conn.

The shooting of the Red and Blue again will be watched with particular interest, as Yale, Princeton and Cornell have already had pre-season games between some of their big house crews, and in each case the results have made a strong impression.

It was definitely stated yesterday by Professor Usher, of the art school, that the varsity crew would not be used under his consent.

The Alligator has been changed. As in an in i'i at New Haven, on Friday, Connecticut River, on Saturday, the Connecticut Rowing Association, will referee the Yale against the Pennsyl

vania crew.

In this incident the strength as an oar after the make-up of the Brat eight, Boston, has been increased with the addition of two members, who are now in the Penn Yan Varsity crew.

This year, however, the Ural year brings about the Tubing is a peculiar method of towing wire towed miles the Dean's Trophy, which will be given a chance to prove the same. The event will be held on the same date as that of the cup before Caster will be given a chance to prove the same.

The championship depends upon the strength of individual entries rather than upon the quality of the club's entries. Both the local enthusiasts and club managers are making every effort to attract attention to the meet.

The pennant in the game will be held at the Hotel New Haven, on Friday, May 27.

The CAMERABOX will hold the Camera Club will held a meeting in Houston Hall next Saturday. A number of prizes for the all the beauties of the world and the dance steps produce a remarkably different result.

A second amusing feature in the Harvard-Columbia game will be the "hias" parodies in the minstrel show. "Jig奇葩, faves in a minstrel show, and When last was seeing wildly.

MANAGING EDITOR'S COLUMN

For many years the complaint has been heard that there was no opportunity at Pennsylvania for the average undergraduate to enter into athletic contests. This is, to a large extent, fortunately, true. Located in a large city, with hard values on tremendous, it is manifestly impossible to obtain in the vicinity of the University enough ground for those sports which require considerable playing space. Finding it impossible to get exactly what they wanted, the majority of undergraduates would solve the problem "by taking the rattle" opposing pitchers when necessary at home and oppo- ening only to it. The latter results from the University's opponents playing tea. That is the one disadvantage of tennis court base ball. But I see no reason why it should not be eliminated. I think I am correct in assuming that every college man, when this game is put to him properly, will admit that it is unfortunate and unsportsmanlike. I have dis- cussed the matter with graduates of many universities, and the unanimous opinion is that the practice survives "because the other fellows do it." Granted that this is so, why should not Pennsylvania men see to it that the practice ceases on Franklin Field? Let the cheer leaders agree to discourage it, and, if need be, the various classes go on record in opposition to it. On account of the spirit of fierce competition in intercollegiate athletics many visiting teams have come to expect this kind of treatment, and a sort of axiom has been the result. I say let Pennsylvania have the honor of abolishing this unsportsmanlike feature of intercollegiate base ball, and let our attitude towards our opponents be thus: "Who misses or who wins the prize, when Pennsylvania can have it." But if you fail or if you lose, do not desist. Pray God, a Gentleman! EDWARD R. DURKELL, 1913.

FURTHER TENNIS COURTS.

Dormitory Association Reorganizes and Plans for Improvements.

The Dormitory Association was reorganized yesterday afternoon in Ham- son Hall and will now have the Tri- angle Courts in complete readiness for play. Some work has been done to get the courts in shape, but the plan of the association, as outlined yesterday, will make the further improvement of the courts themselves and the erection of additional backdrops. Popular as the courts have been in the past, they will be increasingly so this spring, when the committee in charge has com- pleted its labors.

Membership in the association will be limited to those resident within the dormitories, and the fee will be $1.00 for the year. Only members will be entitled to the privileges of the course, a rule which will be rigidly enforced by the attendants. It is hoped that as many take advantage of the splendid club of the association as can con- sistently do so. Tickets may be ob- tained from the following officers of the club: Fred Krueckwitz, President; Charles Gilbert, Vice-President; 36 Bishop White Dormitory; E. H. Fleskenstuber, Secretary and Treasurer, 101 Brocks.

ZELO DEBATE TRIALS.

Zealophaths will Try Out To-night for Debate with Philo in May.

Trials for the annual Philo-Zelo de- bate, which this year it be to take place in May, will be held by "Zebo" to-night at 7:30, in their rooms in College Hall. The question for the trials is: "Re- garding the system of popular elec- tion of Senators should not he adopted in this country?" The speeches are to be five and three minutes in length. It is to be hoped that it will be followed by the University laying out more tennis courts on the ground acquired from the city last Spring. At present the Museum grounds are unused, and, until the University begins the erection of new buildings, to what better purpose could it be put? The expense would be but small when compared with the great good which would result from giving to all undergraduates an opportu- nity for recreation of a pleasant and beneficial nature.

HASKINS TO TRAIN HERE.
Former Champion Returns to Control Himself for Corona Games.

After two years' absence from the Cinder Path, Gay Haskins, former inter-
mediates champion in the miles and half-mile, arrived in Philadelphia con-
ventionally from his home in New Jersey. It is Haskins' intention to do the
work necessary to get into the races and to put in six weeks of careful training on Frank-
lin Field, under the direction of "Mike" Murphy. The former Red and Blue runner
will then go to England to rep-
resent Harvard at the great Corona Games in London next June.

While training at Franklin Field, Haskins will have the opportunity to work out with Captain Paul and the other distance runners of the Red
and Blue, in which case some inter-
course between the rivals will result, as Haskins at the present time appears to be in
splendid condition, although he has taken no very active part in athletics since leaving Pennsylvania.

Paul's present intermediate rec-
void for the mile, 17.45 sec., is 2.65 sec. better than Haskins' best performance, so the New Zealand ath-
lete will be forced to extend his best efforts to keep up with the Red and Blue head man.
