Ivy Ball in Weightman Hall To-night

COLUMBIA HERE TO-DAY
Kendall’s Absence Weakens Blue and White Team—Imlay Stared toleck.

Pennsylvania meets Columbia on Friday, where no series for the third big intermediate game of the season.

The New Yorkers have a strong team, and will try to repeat last year’s performance, when they beat the Red and Blue by 28 to 10, a result which would have been much worse, had it not been for Kendall, Columbia’s star fullback, who has a bad case of appendicitis. Shibley, who has been playing in right field, has been placed on the first corner and has shown form there in practice. The Columbia eleven is in fine shape for Saturday, and the absence of Shibley will not be a serious matter. If Kendall, the star of the present Columbia eleven, is still unable to take the field, Pennsylvania will have a great advantage, and the score will not be a close one. Kendall has shown very good form in practice. In the big game with the Whitman College team yesterday, the Red and Blue defeated the Whitman eleven by 21 to 0, and Kendall, the Columbia fullback, had a wonderful game in the center. The Red and Blue will have to face Kendall, a valuable member of the eleven. Shibley will replace Kendall, if the latter is unable to take the field.

With the Ivy Ball inWeightman Hall to-night, the class of 1909 will have another opportunity to display its athletic prowess. The class of 1909 has shown good form in practice, and the class of 1910 has shown weaker form. The Ivy Ball game will give the class of 1910 another chance to show its best form in the field. A PLEA FOR ARBITRATION.

Mrs. Meade, of Boston, Explains Futility of Great Armament.

In an address in Legion Hall yesterday, on "International Arbitration," Mrs. Lucia Ames Meade, a student of international problems, declared that the enormous amounts of money which are now being devoted to the country's defense should be used for the promotion of peace and the furtherance of the interest welfare. Mrs. Meade said in part: "We are not putting our money where it is most needed and where it will do the most good. Seventy per cent of our entire revenue is being devoted to the defense of the nation, while but thirty per cent is being used for constructive purposes and in the fight against tuberculosis and the prevention of industrial accidents. War is simply the result of misunderstood laws between the people of different countries. Now if some of the small dollars which are being put into schoolships could be appropriated for the sending of educators into foreign lands, we would become better acquainted with our fellow men from across the sea and misunderstood ideas would be impossible."

"For it seems that the world is similar to Japan have appeared in our newspapers these days to try it out only once. New York paper has a representative from Japan capable of understanding the language of the people. How can the Americans know what the sentiment of the Japanese is when they are unable to read any of the articles which are published? There is no immediate danger of war with Japan. Japan's force is not so keen, with her back to the United States, and, having no interest in controlling such idle, she will not turn around."

RECEPTION COMMITTEE BUSY.

Aspirants for Track Management to Look After Relay Visitors.

A meeting of the Reception Committee for the evening Relay Races held in the Trophy Room, Horseshoe Hall last night.

Ward Ellis, Graduate Manager of the British Army, Dennis Williams, manager of the Varsity track team, assisted the candidates for assistant track manager to look after the men from the different colleges and schools, and to see that they were provided for.

Starting with Thursday, the relay teams and track athletes from the different colleges will begin to pour into Philadelphia, particularly those from the western part of the country, and from this time on the candidates for assistant manager will be kept busy in looking after Pennsylvania's visitors.

ROOM FOR MORE CRICKETERS.

Small Candidate Turnout Makes Manager Desperate.

Cricket practice continues today at 4:30 in the quadrangle. As both the first and second Varsity have had a game scheduled for next Saturday, the management is anxious that all candidates be on hand promptly. Only forty men have reported so far, and unless more turn out soon there will be little hope of forming the four teams whose schedules have been already arranged.

The Freshman turn out has been particularly disappointing, and if more first year men do not show an interest in cricket before long the team's schedule will have to be cancelled. This afternoon's practice will be light, consisting only of preliminary batting and fielding exercises.

NEWS OF OTHER COLLEGES.

The faculty of Columbia University voted down a motion which provided for the giving of credits for work done in extra-curricular activities.

The Sophomores won the Interclass relay races at Columbia. Juniors were second, Freshmen third, while the Seniors brought up the rear.

A man at Leland Stanford University recently did six feet four inches in the high jump. This is only the third time that such a height has been attained in the country.

MORE CHANGES IN CREW.

European Trip Forces Walter to Drop Out—Brownie Moved Up.

Several changes were made yesterday in the crew of the second Varsity crew and of one of the four frosh crews. Walter, who has been rowing bow in the second, has been compelled to stop rowing, as he is to leave for Europe on May 29, a week before the season comes to a close. The necessary rowing place has been taken by Brownie, who has been steaming the bow for some time. It is probable that the next move will be from stroke of the four to the second place, and his old place will be taken by C. W. Brown. Thompson has been promoted, from the four to take Brownie's place in the second five. The seating of the two boats is as follows:

Second Varsity—M. O. stroke; Biwell, Barker, Thompson, Logan, Corbett, and McGeech and Supple

TENNIS SHARKS TAKE HEED!

Tournament to Decide the Championship Opens Next Week.

The tennis tournament to decide the champion of the University and incidentally to pick the Varsity team for this Spring's matches, will begin next Monday on the dirt courts behind the Law school building. Of late years' Varsity team, Thayer and Jameson are now in Colig. Tennis. However, there will be an interest born of his playing and to the Varsity base ball team.

Those who intend entering this tour tient should choose their names, to gather with fifty cents in an envelope addressed to Alfred Thayer, with Mrs. Mack, at the A. 0. office, not later than Friday at 6 o'clock, as the entries will then be promptly returned to the office. The entrance fee for the doubles will be one dollar.

Drawings will be announced either Saturday or Sunday, and matches must be played off as per schedule, as the tournament will be completed by Friday, May 5, so that the quartettes may be chosen in time to play Prince ton, on Saturday, May 6.

MARKSMEN MISS OFTEN.

Pennsylvania Makes Poor Showing and Probably Loses in Columbus.

The title meet, its third match of the season, yesterday with Colum bia University. Each team used its own gun, but the Columbia score had not been released before going to press. It is probable that, however, that the New Yorkers are the winners, as the average of 952 points out of a possible 1200 made by the Pennsylvania men is rather poor. U. A. Smith was high man with 66 points to his credit.

The next match is on Friday with Dartmouth, and in the last before the intercollegiates, which come May 15. The location of yesterday's shoot are as follows: G. A. Smith, 151; L. C. Smith, 172; G. R. Payne, 152; W. Radford, 154; H. R. Hickman, 147; H. R. Sizer, 140.

OR. ROWE AT PEACE CONFERENCE

Will Address National Convention at First Session on May 3.

On Wednesday of next week, Professor Rowe will deliver an address before the National Peace Congress, in Baltimore, on "The Contribu tion of Latin America to the Cause of International Peace." At the same session addresses are to be delivered by President Taft, Cardinal Gibbons and Andrew Carnegie.

This Third National Peace Congress is being held under the auspices of the American Society of America de voted to the settlement of interna tional disputes by means other than war.
