MASK AND WIG AT WILMINGTON

"The Innocents," Scored a Big Success Last Night, Tuesday, May 9.

The Mask and Wig Club presented "The Innocents" in Wilmington last night before an enthusiastic audience. The Grand Opera House was packed to the doors, where the orchestra started the overture, and scenes were turned away who had been playing the lead of the play. Everyone agreed in that this show is one of the best that the Mask and Wig has ever put on.

Myriad "trailing fashions" again scored the biggest hit of any of the scenes, with S. K. Kostow and J. E. Farnsworth, "The Professor," and "The Doctor," and "The Woman of All Work," with J. F. M. Faulkston and "Miss October," and "Miss November," with J. E. Farnsworth and "Miss December," with S. K. Kostow. The players were entertained at dinner given at the Wilmington Club after the performance. The theater was full of old Pennsylvania men, who have been in the playhouse the past few weeks.

The show at the Wilmington and Mask and Wig Club was the sensation for one of the greatest of the season. John Humphreys, manager of the theater, was in a pinch, when scenes were turned away who had been playing the lead of the play. Everyone agreed in that this show is one of the best that the Mask and Wig has ever put on.

"The Innocents" appeared to have a great deal of talent in the cast, and the acting was faultless. The production was well done, and the audience was much entertained.

FOUR-MILE RELAY RACE

Red and Blue's Chances Particularly Bright with Paulson and Wells in Good Condition.

With Paulson back in his old uniform form, the chances of Pennsylvania prevailing in the four-mile relay race at Saturday are very high. Paulson has been improving his time in the last year, and it now looks as if the recordholder was capable of repeating his performance of the last year. The other members of the team have likewise improved in form so that almost all their leaders.

Levering, Boyle, and Welle are fast men and are expected to do better than their 4 minutes and 20 seconds. Allen and P. Winton will be the substitutes for this event. Both of these have shown up in practice, and "Miss" Allen will not be afraid to use them in a pinch.

Four universities hold Pennsylvanias have entered teams in the four-mile relay. They are Washington, Penn, Princeton, and Notre Dame.

Coach Moshier, of Cornell, has picked the same team which made it to New York, except that Smith and Brown, although not in first place, will be in the second place. Smith has shown up in practice, and is certainly a big factor in the race. He is not afraid to use either of them, and will have a good team, although not in first place, will be in the second place. Smith has shown up in practice, and is certainly a big factor in the race. He is not afraid to use either of them, and will have a good team.

CRICKET CANDIDATES REPORT

Twenty-eight Men Turn Out for First Practice of the Year

Twenty-eight candidates for the cricket team reported on the first practice of the year. The team was entered by the head coach, and the starting gate was thrown.

Manager Thayer, who has been working hard with the men, is confident of their ability to do well. The team will be in top form for the first practice of the year, and will be ready for any opposition that may come up.

LAWRENCETOWN DEFEATED

Freshman Best Preparatory School Team by Score of 13 to 2.

Starting 13 runs into Lawrencetown's ring, the Freshman defeated the New rival (ed team at Lawrenetown last night, making the score 13 to 2. The team which will enter the Freshman relay race were held yesterday afternoon at the track, and the team that will enter the Relay races on Saturday, although the order in which they will enter the race is uncertain. T. D. Coulter, H. A. Bostock, M. R. Hovens, and H. H. Fardanat. First substitute, H. H. Fardanat.
IN RETIREMENT.

This is the last issue of The Pennsylvania which will appear under the present board of officers. In resigning his duties, the Editor-in-Chief desires to express his appreciation of the efficient and faithful help which has been given him by the members of both the editorial and business boards, and in particular to acknowledge his indebtedness to the Managing Editor and Business Manager for their unceasing efforts.

Of what The Pennsylvania has meant to the University during the last year it is not our place to speak. Those who have directed the policies of the paper have done their best to serve the University and to avoid controversy. The editorial program has not been one of criticism but rather one of criticism, but rather one of service to the Pennsylvania. The work of the committee was simply to disseminate information.

This is particularly done in the organization and encouragement, on the firm belief that the Pennsylvania is not only a part of the University but also a part of the country. The Pennsylvania is grateful for the support of the committee, and for the interest shown in its work.

The Ivy Ball.

The Ivy Ball Committee is to be congratulated and commended for the wonderful success which it attained last month in the Cottingham Hall. It was probably more accurate to say that the committee made possible rather than attained the success, as the dance could never have been what it was without the entire support of the members of the class and the rest of the undergraduate body. In point of decorations, music and attendance, the ball has probably never been equalled.

The opening of the closing number satisfaction and enjoyment reignied undisturbed in the hearts of every one present. There was never the slightest hitch or any thing unfortunate which might have marred the evening. It is a clear evidence of the splendid order of the class and the high esteem and cordial friendship which are felt for it by the other classes that the dance should have been so popular. Philadelphia society showed its good will and gave its support as well, so that with such a backing the committee had merely to supply the machinery and the ball was an assured success. It is not to be understood that there was no such a backing the committee had merely to supply the machinery and the ball was an assured success. It is not to be understood that there was never the slightest hitch or anything unfortunate which might have marred the evening.

The work of the committee was simply to disseminate the wonderful spirit that was behind the dance. The work of the committee was to be commended and the members of it have the satisfaction of knowing that every true son of Pennsylvania is grateful to them for their service.

RELAY RUMORS.

Holliday, Durmoules's pole vaulter, cleared 12 ft. 8 in. in practice the other day.

Shuman, formerly of Harvard, has entered the hammer throw. He makes the tenth entrant likely to better 130 ft.

Cook, of Chicago, who vaulted 12 ft. 14 in. last month and tied Murphy, the Western champion, has just been entered.

Penn Charter has a fine chance of winning the Interacademic League championship relay, as Imberson, Dunham, Reich and Shoemaker are running in great form.

Several of Harvard's best men are expected to be in condition, and their chances do not look as bright as before.
The dawn of a new intercollegiate aeronautic sport is here. For the first time in the history of athletics at the University, Pennsylvania is to be represented in an intercollegiate aeronautical meet.

Two meets are scheduled. The first is a gliding contest which will be held in the aviation field of Harvard University on May 27, 28 and 29. Over eleven colleges have made arrangements to send representatives, among them being Amherst, Columbia, Cornell, Dartmouth, Harvard, Massachusetts Institute of Technology, Notre Dame and Greenough, Tufts, University of Pennsylvania, University of Washington, American Aviation Society, Williams and Worcester Polytechnic Institute. It is expected that at least five of these entries will be made in the next few days.

An artificial glide-shape about forty feet high has been constructed on the aviation field, and it is so arranged that contestants can take off into the wind. The alumni of Harvard are giving the most earnest support both financially and otherwise. Several handsome cups will be given as prizes.

On June 3, the first intercollegiate balloon race will be held at North Adams, Mass., under the auspices of the Aeronautical Society of Williams College. Dartmouth, Harvard, Williams and the University are already officially entered, and it is expected that about eight colleges will be represented when the race actually starts. A handsome silver cup will be awarded to the balloon which covers the greatest distance, and it is probable that another will be awarded to the balloon which remains in the air for the greatest length of time.

The University of Pennsylvania balloon will carry three passengers, including the pilot. The balloon itself is the property of the Aero Club of Pennsylvania, which has very kindly offered the use of the balloon and pilot free of charge to the University of Pennsylvania Aero Club. Mr. Abraham, the pilot, is one of the best in his line in this country, and the Red and Blue's chances for winning the race are very bright.

G. A. Richardson will captain the University balloon. Who shall be the third passenger is to be decided in the following manner:

The first requirement is that said passenger shall pay his own railroad fare and hotel bills. Secondly, he will carry into the air a new experiment touching the actual cost of making the trip. The man who makes the highest bid over and above his own personal expenses, providing that he satisfies one other condition that will be mentioned to applicants, will be chosen as the third passenger. All those interested are requested to address Box 159, University of Pennsylvania Dormitories.

INTERCOLLEGIATE AERONAUTICS

Pennsylvania Will Be Represented in Gliding Contest at Harvard and in Balloon Race at Williams.

We have opened a large department on our second floor for Women and Miss tailor made suits and coats.
ATHLETICS AT POCONO PINES

intercollegiate Base Ball Game and Track Meet Will Be Features of This Year's Conference.

The Pocono Conference is now as- suming a large representative character. The number of men from colleges and colleges who are going has already exceeded the number sent at last year's. Principals and Columbia have well- organized delegations, and in the athletic contests will be represented by strong teams.

During the afternoons of the Conference a regular series of Interscol- lege base ball games will be played between the various college delega- tions. Last year Princeton walked away with the championship, and this year the contest will be keen. Penn- sylvania expects to send a strong contest, a track meet and a tennis tournament.

The purpose of the meeting at Pocono will be the usual "enlightening" in which each delegation is in- cluded in the being put on the most accurate and representative state. A year ago a large crowd was held in the afternoon, and a big hit Pennsylvania put on "The Heroes of Revolution," which was received with great enthusiasm.

The committee representing the University is making every effort to send a representative group of men to Pocono, since, already, (twelve) have signified their intention of going. It is expected that before the end of the month the number will exceed seventy-five.

NOTICES.

Fresh. May Day Committee.—The committee will meet at 1 o'clock in Room 165, College Hall.

Sop. May Day Committee.—Important meeting of Sophomore May Day Committee at 1 o'clock today, Room 200, College Hall.

Kennel Club.—All undergraduates who are interested in the Kennel Club are urged to send their names to L. E. Herschall, 2377 Locust street. All the members of the club will attend the contest at the Barnes, Hamilton, 3rd and 4th Sts., and the officers, Mr. MacDaniel and Mr. Wilson.

International Law.—On Saturday the following members of the class will be prepared on report "Problems of Civil Government," Mr. Thomas, "Monroe Doctrine and Mexico," Mr. Mirabeau; "Monroe Doctrine and Venezuela," Mr. Galbraith; "Monroe Doctrine and British Guiana," Mr. Crittenden; "Monroe Doctrine and France," Mr. Rossiter; "Monroe Doctrine and the New Mexico," Mr. Mooney, and the "Study of the Constitution," Mr. Rossiter.

Kindness Remembered.

Dr. J. C. Torpey, a graduate of Pennsylvania in 1891, and at present engaged in business in Philadelphia with a large firm of Manufacturers, has just published a piece of musical work called "Memories of Paris," which he has dedicated to the following composition to the memory of Mr. Charles Const Joanna Chase, in order to crown the work of the former President. Mrs. Harlow has always taken a great interest in the men at the Uni- versity who come from Argentina, so- much so that she is known as "the Argentinian aunt," whom she has annually given the South America- n Society dinner.

Dr. Torpey is a native of Argen- tine Republic and keeps in close touch with the representation of his country in the University at the present time. He was at my suggestion that he dedi- cated "Memories of Paris."
