EXPLAINS CHINESE REVOLT

Dr. Wm. Cadbury of Canton Medical School 

Explains Modern Ideas in Far East.

Dr. William Cadbury, 92 M., of the University of Pennsylvania Medical School, who has returned to this country from a short foray, and will soon be going back, Dr. Cadbury is one of the few physicians of the hospital established in Canton by the University Christian Mission, and make interesting of the situation in China to-day at the 40th Annual Medical Hall office. Dr. Cadbury says that the Chinese revolution is merely the natural result of the introduction of modern ideas and methods into China.

"The people in the southern prov-

inces," Dr. Cadbury explained, "have been educated. They have seen that for men being a dangerous thing, it is the same system, nothing old, nothing new, for the movement is distinct from an anti-foreign demonstration." Dr. Cadbury said further that the Chinese are gradually giving up opium smoking and candidates for the use of opium have been forbidden by the government.

"Dr. Cadbury made a short trip for the University School to Shanghai, which was established in 1897 by the J. C. M. Board of Education. Two years later the school (formally) opened, and the first class of three boys and one girl was graduated. The institution has grown, and one section of the new building has been completed at a cost of $16,500. Present plans call for an addition which, when completed, will have cost $50,000. In the new building a tour is always treated at the dispensary.

"The news was "just in at the present time," said Dr. Cadbury. "In more than one country we should have four additional resident physicians, who must be paid $1,000 each year. Each teacher is well paid and has a salary of $1,000.

EXCHANGE.

Ten cities will be visited by the Yale Dramatic Association on their Christ-

ian tour the longest they have ever undertaken.

SUNDAY SERVICE ADDRESS

Mr. J. C. Robbins, Philippine Missionary, will be the “Church and Flag in the Far East Possessions.”

Mr. Joseph C. Robbins, one of the traveling secretaries of the Student Volunteer Movement, will conduct the Houston Hall Sunday service tomorrow morning at 11 o’clock. His address will center about the subject, “The Church and the Flag in the Philippine Islands.”

The talk will deal with existing conditions in those island possessions and will tell of the progress that the Church and the National Government have brought about. Mr. Robbins will also describe the knowledge that Christian work is making in American colleges, many of which he has visited and will also tell, how the American man is beginning to see the importance of foreign missionary work.

The address will be attended by incidents from Mr. Robbins’ interesting experiences in various parts of the world.

He graduated from Howard University in 1890, and from there went to the Canadian Northwest as a mining prospector. While there he decided to study for the ministry and accordingly entered the New York Theological Institute. After finishing his course he went to the Philippines under the direction of the Baptist Missionary Union. He came back on a furlough last year and became interested in the Lamey’s Missionary Movement, which was an extensive campaign carried on throughout the country to interest people who had not previously been in touch with foreign missions. In this Mr. Robbins was one of the most effective.

Lately he took up his work among the colleges, addressing the Christian Associations and speaking in the various fraternity houses, and during the coming week will visit the colleges in and about Philadelphia.

FRESHMEN PLAY P. M. C.

Twenty-one Men in Squad Which Goes to Chester To-day.

Twenty freshmen, with Coaches Miller and Sharp, will leave for Chester this morning, where 105 will face the strong Pennsylvania Military College team. The squad, which is in charge of J. L. Van Name, will leave on the 12:15 train from West Philadelphia Station at 12:10 today. Craig, Jermyn, Schnell, Bower, A. Merrill, Butler, Wilson, Kunot, Lee, Brown, Bliss, Butler, Spitzer, Silverthorne, Bower, Person, Ferguson, Kelly, Reible, Walton, Conover and Aver.

Coach Miller ran his Varsity Freshmen in hard signal drill, but did not hold my scrimmage. The second team tried forward passes on the first to give them practice in breaking up the play and later had them receiving kick-offs and forming interference for the man running with the ball.

The Freshman team is unusually light, but it makes this up in speed. In practice it has been able to break up the second Freshman line without trouble and has provided a powerful secondary defense for the same too strong line.

Craig, Bliss, Brown and Lee will start the game in the back field and on their work the outcome of the game will largely depend. The line has shown considerable improvement late; but Craie, the veteran tackle, whose injured thumb will keep him out of the game for a week at least, will be greatly missed. The lineup:

P. M. C.—Covey, left end and Cramp, left tackle; Rosebloom, left guard; Brammer, center; Miller, right guard; T. Hebbard, right tackle; Thorson, right end; Warren, martback; Picke, left halfback; Sharpe, right halfback; Hyatt, fullback.

No. 11½—Wilson, left end; Jermyn, left tackle; Kubbe, left guard; Ross, center; A. Merrill, right guard; Blotter, right tackle; Worner, fullback; Craig, quarterback; Brown, left halfback; Bliss, right halfback; Lee, fullback.

Dental Matera Medica
By Price, new edition, $1.00, at Pennock’s 3609 Woodland Ave.

“The Valse Bleu,” the “Blue Danube,” the “Blue Mouse”—none compare with the blue shades in our Fall Suits except the “Red and Blue,” and to her we take off our hats.

The various shades of blue are correct for this Fall and we have the goods. We also carry a complete line of browns and grays.

We would appreciate a call.
