WILL INVESTIGATE PANAMA CANAL TOLLS

Dr. Johnson Appointed Special Com-
misioner by President Taft on Canal Traffic Routes.

WILL BE MOMENTOUS TASK

Dr. Evers R. Johnson, Professor of Transportation and Commerce in the Law School, has been appointed by President Taft special commission-
er in the Panama Canal tolls. The appointment was announced in the "Canal Record" of October 4. The subject to be investigated by Professor Johnson are the present and prospective available canal traffic, the tolls that the traffic can bear and the revenue to be received for the transaction of merchant ships and vessels to determine the basis upon which tolls will be levied. The traffic study will supplement the reports of the "Industrial and Commercial Value of the Canal" made by Dr. John-
son as chairman of the Inter-American Canal Commission.

SECRETARY SHOWED MAN'S MIND.

One of the few men of the investiga-
tion, both of traffic and tolls, is a competent man, has the man's mind, as the tolls when he is authorized as of February 26, 1911, was the date of the Christian Association. Dr. Price Davis, the temporary historian, is Edith-Ann Crowther, editor of the "Canal Record," who was elected to the Executive Committee, John Alexander, as chairman of the Tenurey, who has been on the Washington toward the end of October. During the next coming balloting Dr. Alexander is the leader in the country on transport-

PRACTICE AGAINST SAILORS.

Secret practice plays again kept the student body off Franklin Field where the regulars were engaged in a practice game with an eleven from the battleship Maine. Without dinner, journeymen, Morris or Clarke Seltzer, who played well, were quite successful. This play, and the other defensive work were the only redeeming features of the game from the Brown standpoint.

After the game, with the sailors, Coach Smith lined up the Varsity against the best team of the season, except Harvard elected in the scrimmage for several days. The Varsity on off day were completed or the Scrubs, who scored no less than three touch downs and two goals, and the latter could not gain consistently and did not show the same regularity as the opposite twonavir.

Hard work was again the order of

The Freshman squad were given
the ball on the 25-yard line and after
fifteen minutes of hard work Bolger

The score was made possible by Craig,
who made a point on the previous play.

The second team was unable to
score and they got the ball in the
fourth quarter. Millershouse, half
back, halfback; Bolger, halfback;
