DIAMOND YEAR...Dnlveratt)

ASM. director of the Athletic curriculum.

President Gordon announced that the elections will take place in College Hall next Wednesday, from 1 to 3 o'clock, and also that the University has been notified that the honor of the class has been raised for being in an unusual financial condition, an effort will be made to reduce this year's dues from $25 to $20.

At a late hour, however, it was stated that this year's funds have been replenished for the remainder of the year, and that the charge will be reduced further, and consequently it has been altered among those of the other candidates.

Soccer Season Opens.

Second Team to Oppose P. C. C. Scrubs at St. Martin's.

At St. Martin's, this afternoon, the second association football team will play under the direction of the Philadelphi Cricket Club. The second team is a member of the Cricket League's second division this year, and is expected to be as strong as the first team in two more months. The schedule was established for last Saturday, with the Morten C. C. as the first game. The League's constitution has not been altered during the season, and consequently it has been altered among those of the other candidates.

THE PENNSYLVANIAN

Arrival of Foreign Woolens

The recent visit of President Edison to the University and Freshmen, responded to the
 Customs
popular appeal of the college daily, has failed to come

Best known and shameful fact.

We quota:

The University Daily, had failed to come from

the press so that certain day. It was pointed out that because of this
default the call did not read the

majority and minority.

"Not so much in itself, this little episode of Philadelphia throws

a bright light on the real position of the college daily. When the day
came that student publications are given the

credit they merit by the students, it will mark the coming of a new era

for American universities.

"There is a subtle influence exerted by every publication to a greater or lesser extent. The college daily is often upon a certain field and its influence

is great correspondingly. Because of this, the mentions only round and striking traits of stimuli the great power it possesses is not recog-

nized. Student publications have honored themselves to think of

its existence and least would we admit that the daily they read has anything
to do with the way they look at things or the course of action they
come from day to day.

Yet without the very existence of our attitude in the end. Spec-

ific instances are tellingly numerous, and only serve to increase the

regard for the importance of the newspaper as a legitimate

point, in the college, it is an activity that makes the

student an active part of every other as-

activity possible. Put the best that is in you behind your college

publications, and you will not have made a

waste of good effort. Support them,

morally, physically and financially. Believe in them, and do not be afraid of

unfair competition. Be a promoter."

The sentiment expressed above is admirable, and we thoroughly agree

with it. But it happens that the Penn-

sylvania did come out at the usual
time on the day in question. In fact, the

paper has not missed an issue since it

became a daily. The Pennsylvania

would be glad to assist in any

propaganda particularly one that ad-
sances the interests of the college daily, but we are unable to

selfishly refuse to take the burden of a small

crew turn on our shoulders.

MARBEEETING CALLED OFF.

Rain Puts to Rest Plans for Last Night’s Gathering in Triangle.

The drizzle and muckiness which has hung over the city for the last three days refused to let up for even a few hours last night, thereby causing the postponement of the much-looked forward-to meeting in the Triangle. Everything was in the Providence should the rain cease, but Jupiter Physis ordained otherwise whereupon the committee was forced to announce at the last minute that the meeting would not be held.

Disappointment was particularly felt among the Providence, who had been looking forward to their first Pennsyl-
vania match with enthusiasm and expectation. As early as 7 o'clock groups of the throngs gathered around the entrance to the dormitories, to be told there would be "nothing doing to night."

Although an official announcement has been made, the postponed mass-meeting will probably be held before the game with Wnce College next Sun-
day.

BRIGHT OUTLOOK FOR RUGBY.

Eight Veterans and Promising Candidates Form New Rugby Team.

Propects for a strong Rugby team this year are bright, as a squad of about thirty men has reported to Captains Pratt. Eight veterans and promising new candidates, many of whom have played the game before, augur well for a successful season.

Among the new members are Hooper, Webster and Froe, all of whom have held positions on teams in California, where the game is the standard form of football. The old men are Captains Pratt, Reichelmann, Macdonald, Parrot, Booth, Randall, Walker and Pierce.

Manager Parrott is arranging a good schedule which will have to compete with Harvard, where a team has been formed for almost every time, and with the strong Scottish-American team, the champions of last year.

The first game will be with the Crescent Athletic Club of Brooklyn, on November 11, and a match with the Scottish-Americans will be played on the first Saturday on which Franklin Field can be secured.

MORE ARCHITECTS THAN EVER.

Registration Breaks All Records—Students From All Over the World.

Prof. Warren P. Uvedal announced yesterday that the registration of stu-
dents in Architecture is the largest in the history of that department.

The students in the sophomore special class number about the same as last year. There are also as many stu-
dents at work in the right classes in design and the other as they were last winter. The total registration in this department is 150, not including night students. The Freshman class of 800 has also broken all records.

This department of the Univer-
sity is well known is shown by the fact that students enrolled in it come from Canada, Western Brazil, Australia, New Zealand, Japan and the Philip-
pines.

As soon as the new Dental School is finished the architectural Department will  probably move into the present Dental building, in which the diffic-
ulty can be used as drawing rooms.

LAWYERS IN STORMY SESSION.

After a very stormy session, the first year class of the Law School re-
corded their convictions and nomi-
nated the following men for the sec-
ond office: For President, George Persley, Penstock and G. Thompson; for Vice-President, Glaze, Pelger, W. H. Harrity, Jr. and Lowenthal; for Secretary, V. A. Currell, Glaze, Glaze and Vought; for Treasurer, R. D. Pit-
man, Hope and Hoffman.

The men nominated for the Execu-
tive Committee from whom four are to be elected are: P. E. Baker, Geffen, Hazeltine, Hurd, Dye, Hughes, H., Marcil, Hark, Smith, Frank Porter, Jr., Sattler and Shaffer.

STUDENT DELEGATES LEAVE.
Over a Queen Men Attend Volunteer Union Convention at Easton.

Over a dozen men representing the Student Volunteer Band at Pennsylvania left for Easton yesterday afternoon to attend a convention of the Eastern Union of Student Volunteers. The meeting will last for three days during which time the delegates will be entertained by the Lafayette organization.

Practically every college in Eastern Pennsylvania and New Jersey will be represented in the conference. Pitman, Lehigh, Haverford, Swarthmore, State and several women's colleges are sending delegations. Pennsylvania will be represented by Dr. A. F. Jackson, Lehigh, W. H. Adolph, W. T. Dunn, Walter M. Record, J. A. M. Kimber and others.

The Student Volunteer organization was organized by Mr. W. H. Hermon School, Northfield, Mass., in 1896. At the first conference there were 254 delegates. At the last conference there were 2000 students present. During these twenty-five years five thousand volunteers have been sent abroad as missionaries, recruited among fifty nations. A particularly strong department of the organization is in China, where doctors are distributed over the whole country, many of them from Pennsylvania.

ZELO DISCUSSES RECIPROCITY.
New Plan Followed by Society in Treatment of the Subject.

A luncheon of committee meetings was held for the first time by the Zelosophic Literary Society last night. All the members were satisfied with the innovation. No less a body than the American Academy of Political Sciences supplied the model.

The plan is to choose one interesting subject for each meeting and have it discussed from every side and angle during the evening.

Last night W. E. Swing and W. R. Curver, for the affirmative, and H. B. Strong and H. W. Brown, on the opposite side, debated the question: "That reciprocity in Canada is still desirable." Then D. C. Kent reviewed the history of reciprocity negotiations. G. W. Clemons talked about a Premier Laurier, and C. W. Hitchens gave an account of Mr. Borden, the new leader. Following the discussions the anaconda compared notes on the subject informally.

The forthcoming Zelo play was discussed, but no definite plans will be made until later.
