The Rev. Hugh Black, M. D., Professor of Practical Theology in the University of Edinburgh, coming to this country, will be handsomely received at the University of Pennsylvania, Sunday morning. Rev. Black is perhaps the greatest preacher in the United States for the most success. His ability to argue the doctrine of his text is proverbial. The keynote, which has been deduced by the following:

KUSTER HAS GREAT RECORD

Swimming Club has won honors as a Fast Swimper, a Marksmen, and Acrobatic Performer.

Pennsylvania can well be proud that she can still claim George Kuster, the outstanding athlete that the University of Pennsylvania, in the early sixties. Tabes for determining the score of a few sticks and watches, his marks have been the first to introduce the checks of German origin. The future athletic star, worked at his father's trade. In so near the water, it was natural for Kuster to take to swimming, and at an early age, he showed marked aptitude in that direction. But not only swimming, he was also skilled in soccer and tennis, for his prowess as a football player was reckoned on his country.

For nineteen years he played on the Purple and Silver team, and was the captain of the team. He has been a member of the all-star teams of Pennsylvania and Wales and Scotland. Kuster the football star is a true man.

Another forte of this all-around athlete is that of the artistic turner on the stage. His perfectionism on the wrestling stage is a mark man on the stage. It was while he was in the first battalion of the Duke that he carried off all the honors at the "Claymore" tournament, that he received the title of "the gold rifle" by one of his coaches. This is a mark man of one of the first rank. He has won several championships, holding in 200, 300 and 500-yard range.

The young man was an outstanding athlete at football, but it was as a swimmer that he was met with the most success, owing to his great height and strength. At the age of 16, he won himself up to a position in the English Union. In 1854, he entered the University of Pennsylvania, and was one of the most successful swimmers in the country. He was a member of the University team in 1863, 1864, and 1865, and it was on this team that he carried off all of the honors on the stage.

About 1865 he came to America and began the work for which he is now best known. His work at Pennsylvania began in 1866, when he was there for four years. He afterwards, in 1866, when he was there for four years, was in charge of the track team, and succeeded in Pennsylvania in 1866. In 1867, when he was there, he was the captain of the track team. In 1868, he was the captain of the track team, and carried off all of the honors on the stage.

The team he has been the most successful in the world of swimming; he is the world's record holder in the 100 and 880 yards, in time. He has broken the records in time for the 100, 200, 400, and 880 yards. It was the Hawkins who set the record, and it was his wonderful swimming that has made him the greatest of all swimmers.

The Rev. Hugh Black, M. D., Professor of Practical Theology in the University of Edinburgh, New York City, will conduct the Sunday services in Howard Hall tomorrow morning. Rev. CRAWELL SWIMMING MEET OFF.

Later Date May Be Arranged—Team to Be Picked at Bidleman Meet.

Cornell and Pennsylvania will not meet in the pool on Jan. 12, as scheduled, and as yet no later date has been picked. Although an effort will be made to arrange a meet some time during the season.

The fifth monthly swimming meet will be held next Monday night in the pool, and those who show up well in this meet Coach Kitter expects to pick the swimming team. This is a call for all men who wish to make good in this sport to sign up for the meet immediately. The material is hand and it is hoped the men will send notice of practice before a well-developed team can be formed. Men are especially needed for the relays and swims.

The water polo team is badly in need of good men. The appearance of Schooner, Barbour and Brown, from hand-room teams, who are still in- hand, would greatly strengthen the outfit. Men are needed for the Pennsyl-

vania swimming and water polo teams. The meet with the Bucknellites is not far off and a strong Pennsyl-

vania squad can give the "Nervous" great help in practice.

HONOR FOR COSMOPOLITANS:

Pennsylvania Chorus Elected to Sup-

py President for Associated Clubs.

At the last convention of the Asso-

ciated Cosmopolitan Clubs a special honor was conferred on the Pen-

nsylvania Chorus. The convention voted that the best club be the one from

which the next president of the associa-

tion will be chosen. The club will be elec-

ted at the meeting of the club next year. Only one club will be eli-

ted Pennsylvania the presidency, but it did not rule out an annual conven-

tion will be held in Philadelphia next year. This convention is an impor-

tant one. Thirteen associate clubs from all over the country will attend.

There will be thirty metropolitan clubs in twenty-three American universi-

ties and five in South American and Central American countries.

The Cosmopolitans are planning to give a play later in the year. The

club is having the play written for the club and will probably be produced in

the university industrial hall. A banquet was held by the members of the club before Christmas and another is being planned to take place some time during the play.

RIFLE MATCH DATES OUT.

Club Considering Question of Chang-

ing Quarters to Armory.

A large number of the members at-

tended the meeting of the Rifle Club in College Hall yesterday, at which the group met with the Univer-

sity of Massachusetts and New Hamp-

shire Colleges were chosen. The Uni-

versity of Massachusetts match will come on the 5th of January instead of the 8th, and the New Hampshire Col-

lege event on the 10th instead of the 11th.

There is a question before the club as to whether it would be advisable to include in the group that in attendance at the Arm-

ory this year. This has not been definitely de-

cided upon, but the experimental house to come to a conclusion within a few days.

The dates for the scheduled matches follow:

Jan. 5—University of Massachusetts
Jan. 10—Yale College Club
Jan. 20—Georgia
Jan. 27—Swarthmore
Feb. 5—Lehigh
Feb. 10—Princeton
Feb. 17—Taylor

C. E. DANCE ON FEBRUARY 16.

The Civil Engineering Society of the University will hold its first meeting of the new year last night in the Engi-
neering Building, E. H. Shoemaker, '12, captain of the Student crew, and 
P. D. Fitchett, '13, were the speakers.

Shoemaker spoke on "The Construction of the 
Cape May Jetty." In his talk he explained the manner in which these break-water structures were constructed.

The work is carried on by the govern-
ment as to design and structure the 
Cape May channel. Many illus-
trations of the work were shown, which Shoemaker himself took.

Fitchett spoke of the difficulties which he met during the past season. One of the main 
problems with the construction of three new Pennsylvania Rail-
road bridges. Two of these bridges are of the modern re-
forced concrete style and are 
built out as to do away with the grade 
crossings. The manner of construction was clearly shown by slides illus-
trating the way in which the large 
clubs were made, how they 
were placed and the conditions before and 
after the making of these new 
crossings.

The meetings of the society are held the 
first Friday of each month, when several of the members explain the 
construction of certain works of in-
terest to the Civil Engineers.

The annual dinner given by the Civil Engineering Society will be held Fri-
day night, February 16, in the Engi-
neering Building. This dance is held 
chiefly for the members of the society and their friends.

BALLET REDUCTION CARDS.
Will Be Distributed for Birth of To-
day's Performance.

Persons of the Metropolitan Opera House, were treated to a rare exhibit-
tion of the Terpsichorean art at the 
Tenth Night, when Mikhail Mordvin and the 
Russian Ballet produced "The Lake of the Snows," which recently 
entered its fourth consecutive 
weekend of the delightful ballet, 
The revolution of the 
Russian Ballet is known to all, and 
the new and the old alike are 
very much on the program. 

"The Lake of the Snows" is the 
first of three productions to be 
opened by the Russian dancers during 
their farewell appearance. The other 
two other operas are "The Russian 
Wedding," which will be given this 
weekend, and "Coppella," to be per-
formed this coming Saturday and 
Sunday.

Talented artists, three operas are 
all of the operatic type as popular at 
present. From a technical view, 
"The Lake of the Snows" is made up of the previous performances 
and "Coppella," to be per-
in every performance, each one is as pleasing 
to the other.

Reduction cards for this afternoon's 
and tomorrow's performances 
will be given out from 12:30 to 1:15 o'clock, at 
The Pennsylvania office.
