PRAISE FOR IRISH PLAYERS

Prof. Wiegand and Dr. William Laut

Irish Auditions Will Tell All About It

We have just received a very pleasing report from the famous Society of the Irish Players, the directors of which are Messrs. James O'Byrne and Dr. Talbot Williams.

In their last visit to Philadelphia, they performed a very successful season, and the reports of the receipts at the various houses which they visited were most flattering.

The report of the season is now ready, and we are informed that the company has decided to return to Philadelphia in the near future, and that they will bring with them a new play which they have been working on for some time.

The play is entitled "The Irish Theatre," and it is said to be a grand production, with a cast of the first class, and with music and scenery of the highest order.

The company will arrive in Philadelphia early in the spring, and will give a series of matinees and evening performances, which will be attended by a large and enthusiastic audience.

The reports from the various cities where the company has performed are most satisfactory, and we have every reason to believe that their visit to Philadelphia will be a most successful one.

The company is under the management of Mr. O'Byrne, and is composed of some of the most talented and experienced actors in the country.

They have already given a series of excellent performances in New York and Boston, and their reputation is becoming widely known throughout the country.

It is believed that they will bring with them a new play which will be a real treat to the audience, and which will be a great success.

The company is expected to arrive in Philadelphia early in the spring, and will give a series of matinees and evening performances, which will be attended by a large and enthusiastic audience.

SIXTEEN RELAY CANDIDATES.

Encouraging Number of Upper Classmen for Freshman Track Call

Sixteen men reported to Track Manager Muford yesterday in response to his call for candidates for the one-mile relay team. Candidates reported also to the Freshman relay team and for the mile handicap race to be held on January 27 in the Second Regiment Armory. The latter race is open to college entrants only. In the indoor games of the Military Athletic League it is probable that a Freshman team will be entered on this date, although no definite arrangements have been made.

The 'Varsity relay team will run against Cornell on February 16 at the Boston A. A. meet. Each of the four men on the team, instead of running a quarter, will run only 300 yards, on account of the size of the track.

Haydock and "Hunter" Brown, last year's relay team, form a strong nucleus for a championship quartet, but Honig and Bortz will be greatly missed. The men who reported are as follows:

For the 'Varsity Relay Team—J. H. Smith, 3d, La Plume; W. McCurdy, Harris, Marshall; Browne, Dexter; J. Adams, Church, Cross, McGlown, Haydock, D. Davies, Moore, Wharton and Bortz.

For the Freshman Relay Team—Garvin, Lockwood, Coaker, Lightjohn, K. D. McDonald, Wickensham and Garbeck.

For the Mile Hurdle—W. McCurdy, H. Hopkins, Church, Allen, Levering, Langnar, Gray, Fenton, Engish, Street, and Maddis.

NEWS OF OTHER COLLEGES.

Brown is constructing a new gymnasium.

Michigan is carrying on a chess match with the university of Chicago. One move is made each day.

Twenty-two per cent. of the undergraduates at Brown are members of the various fraternities located at that institution.

Fifteen out of twenty Harvard men were listed as football as the most important college sport. The remaining six favored crew.

Among the largest foreign universities of the globe are: Paris, 17,512; Cairo, 13,486; Berlin, 9,656; Moscow, 8,395; Hamburg, 8,690; and Naples, 7,600.

**McClure's Exonerated by Trustees' Investigation**

(Continued from Page 12)

Cork, corner to the Mackay $10,000 corporation, published in the January McClure's.

"Mr. McClure said he desired to give us both the capitalist and labor viewpoints with the two factions: Burns and McNamaras as presented in the foregoing articles. Both articles, after being read, were thrown open for criticism in the class. The interview of Burns caused no comment.

"The article by Debs in the Rotul-

l. Becher, however, was attacked by
certain members of the class. Mr.
O'Brien made an effort to ex-
plain Debs' position by the arguments
Debs had presented. In no wise offered the opinions of Debs as his own, nor did he attempt to justify the

what the article set forth. He seemed
to be concerned not in criticizing the
class of the correctness of Debs' views
but simply in a fair and impartial ex-
position of them. It is our opinion
that Mr. O'Brien would have pre-
vented the position of Burns just as
freely if the members of the class
and shown a disposition to comment upon
it.

"Mr. O'Brien made no attempt whatever to defile or make heroes of the McNamaras brothers. He did not sympathize with their actions and
and construction can never arise
from destruction." Before leaving the
subject he restated his position regard-
ing their crime and said that, though
they were possessed of a certain
kind of courage, their efforts were
misdirected and not to be com-
mented on. Before closing, he
spoke of the entire discussion of the McNamara case, reserving as peremptory and re-
ducing the newspaper reports of Mrs.
O'Brien's utterances. And in our opinion the entire disturbance has arisen from an absolutely false presen-
tation of Mr. O'Brien's opinions in
the daily press.

This communication was signed by
every member of the class.

Following is Professor O'Brien's
communication to Professors Smith:

"Sir: In view of the continued criti-

cation of my remarks to my class at the University and the statements that have
been attributed to me as having
been made then and subsequently,
I beg to state that I have already
