Redaction hopes to break World's record by proving Red and Blue to Canadian White.

MAY START FROM KANSAS CITY

will compete in the attempt to win the

prize which will be awarded the college

which makes the greatest ascent and the

longest flight. The advantage of Kansas

as at Fort Wayne, and the geographical conditions are

favorable for good results. The height of the race. There is a

five foot height limit, but six foot and seven foot balloons

are on favorable atmospheric conditions. It seems almost certain

that the record will be broken. The world's record may

be broken. The race in the West will have the effect of attracting

attention of the event among the Big Ten colleges, according to

the notes of last week, and the race in the East will have the

game is a garrison finish.
