PRESIDENT OF PRINCETON GUEST OF PROFESSOR SMITH.
Entertained at an Informal Dinner at the University Club Last Night by the Provost.

PROMINENT GUESTS PRESENT.
Forty trustees, professors and officers of both Princeton and Pennsylvania were present at a most delightful dinner given last night at the University Club, 1310 Walnut Street, to Dr. John Grifith Hildreth, recently appointed president of the college.

There was no program of prepared speeches, but the content of the informal conversation on various topics dealing with the two universities with a freedom which could not be found in the best of formal speeches was given.

The table was laid in the form of a large square, and in the center there was a menu pad with a covered but lifelike half chicken. The sides and ending course were served on china covered with the orange and Black of Princeton and the good and unsound dishes were served on a large piece of crepe paper with the designs of the colors interwoven fell from the plates to a tablecloth material that theeffect blonged the colored bands.

RESUME BASKETBALL PRACTICE

First Practice Since Columbia Game Will Be Tonight—Special Attention Given to Fouling Shooting.

For the first time since Monday's game with Columbia, the "Varsity five" will be given a thorough workout in Weightman Hall tonight. Last night's irregular practice was called off.

Coach Keenan realises the important nature of this season's games and will bestow every effort to have the men in the best of form. It is necessary to win all the remaining three games of the schedule in order to have a chance for the championship, and the coaches will do all in their power to develop a good team, which will defeat Cornell on Saturday night.

Considerable time will be spent in developing a new foul shooter. In the Columbia game, Turner, Poe, Honn, Wallon and Jorden were all given a chance to throw fouls, but Jorden was the only one who was able to make the ball with any degree of consistency. He shot those goals in a manner, and it is probable that he will throw the fouls against Cornell on Saturday.

In every game this season Pennsylvania has been notably weak in this department. In every contest the guards have played exceptionally well and the men on the offense have put up unusually strong games, but in each instance the Red and Blue was prevented from rolling up a large score by their inability to place the ball from the foul line. Against Columbia, Pennsylvania's defense allowed the Blue and White only two field goals, and had he been more accurate in her foul shooting the game would have resulted in a victory for the Red and Blue.

Cornell has in its a particularly brilliant foul shooter, and Pennsylvania will be seriously handicapped in this respect if considerable improvement is not shown by Saturday night. For this reason, Coach Keenan will devote considerable time in practice to developing a capable foul shooter. If this can be done, he is confident that the Varsity five can defeat Cornell on Saturday.

TWO RELAY TEAMS PICKED.

Will Race in Intercollegiates in New York and with Indians in Baltimore.

Two reliable relay teams were picked yesterday by Coach Hardett after the trials held on the indoor track for the men who will compete in the indoor meet to be held in New York and Baltimore on Saturday.

Walter L. Tuemmler, season manager of the teams, will be the men who will represent Pennsylvania in the New York event, while a second team, composed of Lautner, Abberly, McComb and Hood, will run in the meet held under the auspices of Johns Hopkins, at Baltimore.

Nearly all the large Eastern colleges will be represented in the New York meet, Columbia, Princeton, Harvard and Yale all having entered, and little is known of the merits of ability of the other teams, but a close race can be expected.

The second team will race the Indians in the Johns Hopkins gymnasium and, in addition, Paterson, T.N., has been entered in the handicap dash.

ARCHITECTS START CAMPAIGN.

Gift of $5,000 to Department Will Form Basis of New Building Fund.

Considerable interest has been manifested by the students of the Architectural Department over the news that Mr. Percy C. Stewart, Arch, of New York, had given $3,500 to the department. The offer was made public at the first meeting of the Architectural Association at Saturday evening. The money is to be used in financing a campaign for a new building fund, as this branch of the school has been for some time extremely overcrowded by the present quarters within the last few years.

A committee, to be appointed by Professor Laird, will soon take the first steps of the canvass by letting "The Architectural" know personally into closer touch with the work of the school.
