More than Two Hundred Men Re-.ported for 'Varsity and Fresh- men Teams Yesterday.

Mike Murphy Enthusiastic.

Two hundred and more reported for the first baseball tryout meeting yesterday in answer to the call for 'Varsity and Freshman track candidates made Tuesday.

This was the largest turnout at the first tryout in many years and Mike Murphy, the manager, was delighted with the showing. The weather was cool and comfortable and the attendance was crowded into the gymnasium at the Price Hall. Mike Murphy called the first meeting.

One of the ideas of the tryout was to see how many of the men who have been on the track for some time but who have not been called up for their tryout meetings before and to see how many of the men who have not been on the track would like to form a track team. The tryout will be held again Sunday night at 7:30.

The tryout is a good opportunity for the men to make a record of the time they could run the various events and to prove their ability to make a good track team. The tryout is open to all men who have or have not been on the track and are interested in running on the track team.

The tryout will be held again on Sunday night at 7:30 and all interested men are encouraged to attend.

oner of Education in 1917, in which
official capacity he now serves the
Government. Besides holding mem-
bership in the American Pharmaceutical
Association and the National Society
for the Rensselaer Study of Education

PUNCH BOWL OUT SOON.

New Editors Receive as Gifts About
Contents of Mask and Wig Issue.

According to the editors, the special Mask and Wig number in the Punch bowl will come from the press by next Friday. The original intention of the editors was to get it out during the Mask and Wig week, but they have pushed the copy so as to meet the demands of students going home for the Easter vacation.

This number will be the first chosen by the newly-elected next year's board. The editors are somewhat secretive about its contents and even have a surprise up their sleeves. The only divulgations they will make is that the number will contain some satirical and humorous features in art and written work, existing without the specification and other college subjects generally. It is hinted that the cover, as well as certain inside features, will be an innovation in University publication art.
