The other men on the squad. He is several lie in their same positions. They will back will be renovated and furnished with electricity. This change will likely take place immediately following the Easter vacation.

The Press club decided last night to have representatives of the different publications report at regular meet- ings on the status of their papers as compared with similar publications in other universitites, the aim being to see how far the Press club can be advanced. Addressed pres- ent Faculty men who have been con- cerned with undergraduate work will also be features of Press club meetings in the future. An annual subscription adopted by the club is the issue of the Progress, open to the membership of the organization.

D'OLGER READS SHAW TO NIGHT

The large advance sale of tickets for the evening of March 7th, when New York University Presents "The Wife", by George Bernard Shaw in the Music Hall, has been completed. The opening performance of the season, this evening.

There is no other copy of this first edition in the country but within the United States. Very few of the copies that have been sold are in private hands. It is expected to be found either in England or on the Continent. A large number of newspapers in Southern France that Professor O'Hoore succeeded in borrowing for the club. The number was so large that they were unwilling to make the transportation now in the present state of the business. These few have a high value as memorabilia.

From every standpoint this has been the most successful season in the history of the Music Hall.

HORSE HAS APRIL JOKIE

Taking advantage of the fact that yesterday was "All Fools' Day," a black handsom horse in the freshmen was left in the center of the court.

ARCHITECTS AFTER BIG PRIZES

Working Day and Night to Land Inter-
collegiate Homers.

The Architects have been noticeably busy working on the Intercollegiate problem in the Intercollegiate competition in Architecture.

Mr. Lloyd Warren, of New York, is in the donor of the prize of one hundred and fifty dollars which is divided into two parts. The Senators of the differ-
ent colleges entered in the competition are in Class I. The first prize for the class is $60 in money. The Juniors are in Class II, and the first prize for this class is $40 in money. There are a number of honourable mentions given in both classes.

There are thirty-eight men in Class I and twenty-five in Class II working on the problems in the University. Ten of these problems from each class will be chosen and sent to Harvard as representa-
tions of the work done in the Architectural Department. The men working on these problems must finish them by tomorrow noon. That after
noon they will be judged by members from the University, and the winners of the contest will be sent to Harvard on Thursday.

The men have been working night and day, and it looks as if Pennsyl-
vania has a good chance to take off first honors. The other colleges en-
gaged on the problems are Harvard, Cornell, Columbia, Boston Tech, and Michigan.

Night Owls in Base Ball.

Evening School Men Start Practice to Organize Team.

Practice for the base ball team of the Evening School of Accounts and Finance started last Saturday after-
noon, when over a score of candidates tried out for positions on the grounds at Strickler and Woodlawn avenues. The men showed fair form, but the team will not be picked till after Easter vacation, when a majority of the awardees will be free.

The basketball team is invited to send a game with the Evening School of Nov. 2.

The Peninsylvanian.

The men are looking forward to a revival of the University Thespians.

CRICKET SEASON OPENS

Thirty-nine Hearth Aspirants Respond to Manager Evans Call for "Varsity Candidates."

Thirty-nine men have responded to Manager M. H. Evans' first call for Varsity cricket candidates. Those of last year's squad, who reported were Captain C. H. Winter, W. S. Wilkin- son (Australia), A. W. Jones (Australia), W. R. Bloomfield (New Zea- land), and G. A. Parry (South Africa). As cricket is the national game in all of those countries, it is probable that most of these men will develop into "Varsity material."

Manager Evans announces that the Intercollegiate Cricket Tournament, which was planned to be held in June, has been postponed owing to "Varsity material." Again this year he plans to compete against Cornell, Harvard, Tu- more and Pennsylvania. The season begins on June 15 and will be a round robin tournament, each team playing every other team once.

Regular cricket practice will begin in the large quadrangle as soon as Coach F. Lancaster can shape the "team into a good condition."

A Varsity second, take and Fresh- man team will be placed on the field this year, so that there will be ample room for every candidate to play on at least some of the matches this season.

All candidates who did not report on Friday or yesterday must have their names today at 1 o'clock, in Houston Hall.

CHICAGO ENTERS RELAYS.

Westerners Will Be Represented by Fost Tastes on Track and Field.

Chicago University yesterday sent in their entries for the Relay races which take place three weeks from Saturday. Coach Tagg, whose one- mile team has won that event other than the quarter-mile from any other college, will be on hand with another fast team. Last year Chicago's great middle distance runner, Duncan, won this event for the Westerns. He is still at Chicago and will be their mainstay, as he has been for the past two years. Menard, the Western shot-put champion, will enter in the other events on Stagg's team. Though one of the best weight men in the West, Menard is really not a big fellow. He is sturdy and can run the quarter close to 50 seconds. Bled, a substitute of two years ago, is the next most likely man for the team, while Chandler and Denman are the best of the other candidates. Coach Stagg is not anxious over the prospects for this team, but he thinks that in Relay day they may be able to give a good account of themselves. Menard will be represented also in the special events. Menard will be in the shot-put and the high jump. Clyde will compete in the pole vault. Last year he was second with a vault of 12 feet, so that he should again enter for his home in this event. Kuh, who has been breaking all the indoor records this winter in the hurdles, will enter that event, while Sorensen and the others will enter the hurdles and the high jump. In the hurdles, will enter that event, while Sorensen and the others will enter the hurdles and the high jump. In the hurdles.

The Man Who Makes the Team

is the man who has stamina, the fellow who comes back strong after a grueling period of play, and forces the fighting in front of his opponent's goal.

Shredded Wheat

gives stamina to the athlete and to the student, because whole wheat contains every element needed to build brain, muscles and bone.

There is no food which meets all the needs of the mind and body as well as whole wheat of which Shredded Wheat is the most palatable and digestible form.
