PRINCETON PROVES LUCKY IN DRAWINGS FOR RELAYS

Tours. Entered in Three Events, Get Second Position in Two.

TEN ENTRIES FOR THE ONE-MILE.

President's star bright in the drawing for places in the one-mile event. He had only fair track and is well above the pole in most of the four-mile events in which the University takes part.

President is entered in the two-mile championship of the United States, a fantastic college championship of America, and in the junior championships of America. Pennsylvania will be the only university in the country and in the one-mile college championship of America. In addition to the one-mile event ten colleges and universities are entered, including Canada, Dartmouth, Middlebury, Bowdoin, Hamilton, Wesleyan, and other institutions which the Princetonian's greatest rivals on the field of athletic meeting have entered in the Relays, and after these two events four more have been entered in the Relays, and after these two events four more have been entered.

Tours and Princeton are the only two institutions entered in the three-mile race event, and the race promises to be a close contest, as both have good entries.

Fords, Yale, Brown and several other universities are not entered in the three-mile event, but will be sure of themselves in the 2000 yards race event. However, several institutions have entered for supremacy among small colleges in the 2000 yards race for Pennsylvanians with Dartmouth, with the University of Mississippi, and the Wesleyan College.

The敝agens and preparatory schools are all entered for the Relays. Many of the teams entered and the meet will be covered with school boys and young men. The meet promises to be a close one.

PRINCETON CHAMPIONSHIP RELAY.

In the case of the Princetonian's two-mile championship relay, the only other entry with which the Princetonian will have to contend will be in the form of a team composed of men who have entered the meet. However, the men entered are not to be taken lightly.

On the other hand, the Princetonian's two-mile championship relay will be in the hands of the men who have the most experience and who can do the best work. The Princetonian will be in the hands of the men who can do the best work.

Spring Tennis Tournament.

Annual Affair to Decide University Championship Starts Thursday.

Manager Paine announces that the annual spring tennis tournament will start on Thursday afternoon of this week. The tournament is open to all men between the ages of 21 and 30.

Ticket Sales.

Ticket sales are fifty cents per man for singles and one dollar per man for doubles. The money must be sent in to the manager of the tennis club in the gymnasium, before noon on Thursday.

The singles will be played first, and each of the remaining Pennsylvania universities will play against the Princetonian.

COLUMBIA AND THEN YALE.

Tours Texans Must Win Both Games to Tie for First Place.

The Varsity soccer team has still much work to do before it can claim its position in the Intercollegiate tournament. From this stand point the Princetonian will be chosen. Drawings for the names of the entering Pennsylvania universities will be made. The drawing will be held in the gymnasium at 3 p.m. on Sunday, April 21. The following Monday, the names of the entering Pennsylvania universities will be published in the New York Times.

EXPERIMENTS IN WINTER INSTITUTE DEMONSTRATE DRAWBACKS.

The closing session of the annual conference of the Advisory Board of the Winter Institute of Anatomy was held recently after dinner. The principal business before the meeting was a discussion of the results of experiments conducted by the Institute during the past year along new lines of research work.

The leading universities of nine world-famous specialists, representing seven of the leading universities and colleges of this country and Canada. Dr. J. J. Greenman, director of the Winter Institute, presented at the meeting and reported on the work accomplished by him and his associates.

Among the experiments conducted under Dr. Greenman’s supervision has been the interesting field of in vivo transplacental sensitization. This has been the method of investigation for six consecutive generations, an attempt to determine the physical effects of time interval, the nature and duration of the sensitization. The result was a decrease of 20 per cent. in brain weight, with a corresponding increase in the size of the heart.

The biological conclusion follows that a long and exclusive line of ancestry is a serious drawback.

The Advisory Board consists of Dr. Charles B. Mott, President of the University of South Carolina; Dr. E. G. Canfield, Professor of Zoology of Princeton University; Dr. C. C. Tolbert, Professor of Anatomy of the University of Michigan and the University Institute; Dr. George H. Huntington, Professor of Anatomy of the University of Columbia; Dr. J. P. McMurtry, Professor of Anatomy of the University of Wisconsin; Dr. L. F. Barker, Professor of Theory and Practice of Medicine of Johns Hopkins University; Dr. E. P. Hall, Professor of Anatomy of Johns Hopkins University; Dr. H. M. McDonald, Professor of Literature of the Winter Institute, and Dr. W. J. Greenman, Director of the Winter Institute.

CLASSICISTS TO MEET HERE.

Increased Interest in Ancient Literature the Object.

The sixth annual meeting of the Classical Association of the Atlantic States will be held at this University, Monday and Tuesday, May 3 and 4. The sessions will be held in the lecture hall of the Museum.

The delegates from the various cities will be welcomed by Professor Josiah H. Penniman, Professor of Classics of Union College, who will make the principal response.

Among the speakers will be Dr. Eugene M. Cafferty and Professor William H. McNeill of Pennsylvania; Dr. R. Van Hook of Columbia; Dr. C. L. Israel of Cornell, and Professor Walter Draper of Swarthmore.

The object of the association is to continue the interest in the classics and in the study of ancient literature and science among the people.

The meetings will be held at the noon of the meeting and at the Franklin Institute.

PHILIPPINE CONVENTION.

Members of Faculty Will Address American Society This Week.

Scientists from all over the country will meet at the annual convention of the American Philosophical Society, which will be held here from Thursday to Saturday. Many papers, covering a wide range of subjects, will be read during the three days of the meeting, in special addresses, papers and addresses, will be delivered by prominent politicians and scientists. The meetings will be held at the hall of the society and at the Franklin Institute.

Mr. W. W. B. Pinkney, Professor of Philosophy at the University, will be one of the speakers at the first session on Thursday afternoon. His subject will be "Humanitarianism and the Ethics of Solomon."

During the other sessions addresses will be made by Professor Stockard, of Cornell University; Mr. Harry Kageler, of the Rockefeller Institute; Mr. Frederick W. Kellogg, of the Army Medical Museum; Professor J. W. H. Smith, of Pennsylvania; Mr. Charles W. Schlesinger, of the Smithsonian Institute; Professor Bingham, of Yale, and Professor E. J. Richards, of Pennsylvania.

All the addresses will be on scientific and philosophical subjects. The meeting will close on Saturday with a banquet at the Bellevue-Stratford.

Hitting the Dirt—

requires the quick brain, the keen eye and the clear judgment which can only come of a healthy body and steady nerves. The fellow who "beats out" infeld hits and "stretches" singles into two baggers is the man whose body, brain and nervous system are properly nourished.
