Reception Committee Formed.

More than two hundred and fifty universities, colleges, preparatory and preparatory schools in the United States are directing all their energy toward preparations for the annual Relay races on Saturday. The unaccustomed free time, chosen only after careful and repeated studing of the best material available, promises that Ramsey's contents will present an unexcelled spectacle in the field of intercollegiate athletics.

The plans of the entries disclose some interesting facts. There are more representatives than any two years ever held elsewhere, there is also a great percentage of preparatory schools entered at than any year past. These preparatory schools are as follows: High schools, 62; prep schools, 31; preparatory schools, 11. This makes a total of 165 schools.

This year's entries show a grand total of 255 movements in the hands of 23 teams over last year's team lists.

At a meeting of the Relay Committee in Harrisburg last Tuesday, several arrangements were made for the entire series of events to be held Thursday and Friday in Philadelphia on Friday. Frank E. Brown, chairman of the series of events, explained the forty undergraduates present into the nature of the races, which will be held at each school. Colleges and preparatory schools, as well as preparatory schools, are in Philadelphia.

The various relay teams were present in order to be able to run the races and be taken on a tour of the current and the interesting historical scenery of the city.

As the fate of the past relay teams may have some bearing to return to their homes immediately following the races, the Relay Committee has decided to hold the annual entertainment in honor of Friday relay races. According to reports of the previous year's races, Michigan will be unable to send a representative team, and last Harford will send a number of relay runners. The Big Ten collective and Cornell, although not definitely represented, will probably be represented. The rest of the teams, which are as raged for yesterday, will be fast or not fast. The paper is working on the results of the three publications giving the relay results in sketchy but accurate detail.

WESTERNERS DISPLAY SPEED

Saturday Meets Indicate That Western Colleges Will Be Strong in the Mile Event at Relays.

Most of the Western colleges that are coming to the relay races competed Saturday in various places, and results showed that the Westerners will be here next Saturday stronger than ever before. The feature of the afternoon was the victory of Chicago at Des Moines in the mile relay. This Coach Ranie's boys won by a margin of 25.5 seconds without trouble. Davenport, the great Western quarter-miler, breezed through his quarter in 59.54 seconds, and Coach Ranie feels that he will do better than 60 seconds on Saturday. The west of the Illinois University men attracted attention. They sent Missoula to a dual meet and displayed unusual strength. Cortis won the 140 yards in even time, and the 229-yard dash in 21.4 seconds. The men on the noSoile team all showed good form, so that it is an assurance that Illinois will be just as strong as Chicago in this event. With Columbia, Syracuse and Pennsylvania in the East, all hoping to break the record, and with Chicago and Illinois so strongly representing the West, there's no telling what a new record will be made in this event. One of the Pennsylvanias men gave it as his opinion yesterday that this meet would be one close to 3 minutes and 26 seconds.

Dick Grant's Missouri team won the twosome college race at Des Moines in 8 minutes 10.5 seconds winning very easily, so that they also are in very good shape for their event this Saturday. Quite a few of the special event men also competed in the West on Saturday and showed excellent good form. Murphy, of Illinois, won the pole vault against missouri, clearing 12 feet. Case, of Illinois, won the 120-yard hurdle in 15.3 seconds, just 1.5 of a second ahead of the world's record. He will now set the pace for this event on Saturday. Nicholas, of Missouri, shows his form in good shape for the broad jump by clearing 22 feet 7 inches, putting Philadelphia, of Missouri, threw the discus 121 feet 2 inches. Another man who showed remarkable form in the West was Wilson of Colle College. Wilson's specialty is the 110-yard hurdles, but running for the team in the mile relay, he covered the quarter mile in 45.6 seconds, an indication that he is a much stronger runner this year than ever before. Wilson will be a hard man to have to deal with in the 100-yard on Saturday.

AERO MEET AT KANSAS CITY,

L. A. A. Members Choose Western City.

Richardson, Vice-President.

G. A. Richardson, "if C, leader of the local aeromaniacs, was recently elected vice-president of the Inter- collegiate Aeronautical Association of America at a meeting of the organization in New York City. The other of- ficers are: President, Frank Scott, Carnell; secretary, Henry Cape, Cornell; treasurer, E. A. Allen, Dartmouth. Representing Cornell, Tufts, Virginia, Pennsylvania and Pennsylvania attended the meeting and decided to hold the second annual Intercollegiate balloon races at Kansas City some time in June. Pennsylvania will enter a balloon probably manned by Richard- son, who hopes to break the distance record in a flight from Kansas City up into the wilds of North Canada. Pennsylvania will not be represented in the Cornell gliding meet, which takes place at Ithaca the first week in May, owing to the fact that the glider Pennsylvania had in the Harvard meet last year was wrecked by a forty-foot fall.

Hard Work for Cricketers.

Strenuous cricket practice will be held every day this week, in order to prepare themselves for the time last spring to last week's poor weather. Coach Lancaster has gradually rounded the new players into shape and is using his tricks of practice on it. Rooms in the dormitories have been secured for use for practice and dressing purposes. The team will be thoroughly waxed up this week. The men of 'Varsity cricket will have special training this week for the "Varsity set. One day of each week will be set aside for the other candidates.

Six fraties combined in the pre- liminaries of an interfraternity relay race at the University of Chicago last Friday. The finals will be held May 1.
