CRICKETERS HALTED.

Muddy Creek in Quadrangle Causes Postponement of Practice.

But weather was responsible for the failure of the cricket team to go any practice yesterday for the third time this week. Although for a time the weather was clear enough to play, the clouds in the Dormitory Quadrangle was so soft that Coach Lancaster decided that the players could get no benefit from the bowling and calling off the game.

Several games are scheduled for both today and tomorrow for the other teams. Haverford School will be met by the second team on May 25, and as the second team of the Press Club is three days behind in its preparation in preparing San Francisco. Coach Cursus expects to score another victory.

FRESHMEN CAPS.

There seems to be some misunder- standing about the Freshman caps. This is not intended to refer to the wearing of their Freshman caps. The Freshmen are not required to wear them for the remainder of the year. A new institution, however, will be inaugurated at the Sophomore Cremation this year when the Fresh- men caps will be worn. This new idea is the result of a survey made of the Freshman Class, and is as is hoped to make this an established feature at future Sophomore Cremations. Freshman caps are worn every year by the Sophomores and to be worn on May 20.

PRESS CLUB.

The Press Club after several years of comparative inactivity, has so widened the scope of its work during the past year that it has assumed the proportions of a graduate and progressive organization. Its object is "to promote the best possible student journalism at Pennsylvania and to secure a representative cooperation between members of the various undergraduate publications." In both of these respects it has made its influence felt, and during the past year, under the leadership of an efficient president, has become an undisputed leader for good among the different undergraduate publications.

Matters pertaining to the work being carried on by publications both here and at other universities have been brought up for discussion at the meet- ings held on the first and third Mond- ays of each month. The information thus gained should take the standard of Journalism, and is so doing render a great service to the University.

Cornell Fraternities Limit Rushing.

The Interfraternity Association of Cornell University has adopted a "rushing" agreement which will go into effect May 16. This agreement, for Rushing Freshmen will start on Monday night of the first week of Freshman week, and will continue for two and a half weeks. After an intermission of five days the rush of the second two weeks' duration will begin. Those who wish to rush must be present at the various college headquarters on the hours of 1 to 3 50 P. M.

Hitting the Dirt—requires the quick brain, the keen eye and the clear judgment which can only come of a healthy body and steady nerves. The fellow who "beats out" infield hits and "stretches" singles into two baggers is the man whose body, brain and nervous system are properly nourished.

Shredded Wheat

is the all-around food for the all-around athlete because it contains the food elements which build up the entire body.

Served with fresh fruits or simply with milk and cream, SHREDDED WHEAT is unexcelled in deliciousness and digestibility. It is the perfectly balanced food for student and athlete alike.
