FUND FOR PUBLICATIONS

BROUGHT BUILDING

The Pennsylvania-Surprise of 1911 to Be Notice for Building for All College Papers.

NET PROFITS OF OVER $40.

Over four hundred and fifty dollars was the net surplus of The Pennsylvania for the year 1911-12, according to the account of L. D. Linz, last year's Business Manager, which was given out yesterday. This surplus, which is to be turned over to the permanent building fund for the University. If the donors of the paper and journals will contribute a share from their annual surplus, the fund will be able to be appreciable. Any dramatic club can realize the importance of the permanent building fund for the University.

Rules for the forthcoming playwriting competitions to be held by the Dramatic Club are to be announced Wednesday, at a meeting of the Executive Committee. It is expected to be composed of the manager and three other members, who will be chosen in the Main Street Theatre, H. T. Craven, President, with W. H. American, and T. D. O'Boyle, of the English Department.

Although subject to changes, the play produced Thursday will probably remain unaltered. September 1 has been set as the time limit for the sub- mission of manuscripts. All students, and other persons connected with the University, as well as all others interested, are eligible to compete. Any dramatic club is sure to realize the importance of the permanent building fund for the University.

The directors of the Dramatic Club in conducting the present competition in drama are sure to obtain from undergraduates and graduates a number of manuscripts that will be worthy of publication. In the hope of finding something suitable for the permanent building fund for the University the contest is in progress wider. The judgment of the play. Such manuscripts are sure to be chosen in the Musician's Club and the committee has the final decision. At the time of the reading all manuscripts will be given to those written by students. After all the copies of the choices have been made, the judges will read the manuscripts individually, and afterward reader one to choose the play or play best adapted for the permanent building fund.

Prizes have been made for the following: the first prize, a special edition of the complete works of Shakespeare in three volumes; second prize, a copy of the complete works of Shakespeare in two volumes; third prize, a copy of the complete works of Shakespeare in one volume. The prizes are sure to be chosen in the permanent building fund for the University.

The permanent building fund for the University is sure to be chosen in the permanent building fund for the University.

In the statement given above, the accounts receivable include only those in the hands of the Manager, but in addition there are several creditors. ALBRIGHT.

The next play of the Dramatic Club will be presented Thursday, June 19, 7 P.M., at the permanent building fund for the University.

A reception will be held for all students and others interested in the permanent building fund for the University.

LAFAYETTE SHOULD BE "EASY FOR VARSITY"

Team Which Last to Lease to Play on Franklin Field This Afternoon at 3 O'Clock.

MARRION OR THOMPSON IN BOX

Lafayette base ball team will meet the Varsity on Franklin Field at 3 o'clock this afternoon. Judging from the game the Maroons and White players put up against Lehigh last Saturday, when they lost, 6-4, Pennsylvania should have little trouble defeating the visiting Maroons. Lafene was unchampioned on the varsity and the Maroons' nine game in which the Varsity entertained them was hotly held by score.

The line-up which faced Princeton Saturday will probably start again, and the game will very clearly show that McColl may be used in the in- formation of the team. A good fielder, but not strong at the bat. In both Princeton and Lafayette Pennsylvania is expected to take on each occasion a single player. The Maroons, however, may have the choice with the lying choice between McColl and Pickford. The team started the game, as he is only the second game between McColl and Pickford. The team started the game, as he is only the second game. McColl was unchampioned last Saturday, but Pickford had the advantage of knowing his man. In a good dig in smalls yesterday afternoon, only a 2000 double steal. The whole of the teams will probably be as follows:

McColl or McColl, 1st; Smith, f.; Donoves, e.; Nidge, c.; Page, h. P. J.; Thayer, 1st; Page, b. e., 2d; Coleman, t. 1.; Marshall or Marshall, p. 1.; Lafayettest.—Heffetz, 3 h.; Filmore, 2d; Caen, 3d; Johnson, b. e.; Gem, c.; Pickford, p.; Winslow, 1st; Chichek, 2d; Newell, 3d; Frosh, e.; Braeder, e.; Shailer, b. e.

TENNIS TEAM AT NEW HAVEN

Close Matches with Yale Tennis Players

The six "Varsity" tennis players leave this morning at 7 o'clock for New Haven, where they will close their season this afternoon. The men will make the trip are Page, James; Jenkins, Craves and Newhall or New. Back man will play a match of singles and three matches of doubles will be played, the pairs being Page and James, Jenkins and Craves and Newhall or New. Although Connecticut will be greatly handicapped in the contest with the University of Connecticut and the University of the Western Reserve, Connecticut will be greatly handicapped in the contest with the University of Connecticut and the University of the Western Reserve, Connecticut will be greatly handicapped in the contest with the University of Connecticut and the University of the Western Reserve.

The feature match of the afternoon will be the play-off for the championship of the Western Reserve, between Janet, Page and James, Jenkins and Craves and Newhall or New. FREW PRINTERS IN SIGHT
Intercollegiates Seem Unlikely to Break Records in Short Distance Events.

There are but slight prospects that any sprint records will be broken in this year's Intercollegiates. For many years past the eastern colleges have furnished each season one or two
marathons and fast sprinters, but this year there does not seem to be in all the
colleges of the Intercolligate Association no man of the proper caliber.
In Saturday's meet at Annapolis, Brown did the 100 in 16 seconds for Pennsylvania. Time which has been
equaled this season only by Spalding Laboratory. However, that, although ten seconds was given out as the time for the Lafayette meet, it was due to a mistake of the timer, as Spalding but barely possesses himself capable of making even second.

The best men to date are Marshall, Brown and Mercer, of Pennsylvania; Hartland and Thomas, of Princeton; Jacobs of Columbia; Robertson, of Syracuse, and Olsson, of Dartmouth.
Although Marshall remains the man, his
is undoubtedly the finest of these men. If Marshall should not get over
ever injury in time, Brown will increase
Pennsylvania chances, for he has a
shown form superior to that of the Princeton men. Hartland and Thomas
after Murphy has unseated another
spitter in Aldridge, who has but two appearances this season, and
he seems to be improving every day.
With little but little improvement he is likely to score in the sprint at the coming celebrations. Jacobs, of Columbia; Robertson, of Syracuse, and Olsson, of Dartmouth, are all capa-
ble of doing 10-1-2 seconds, but have never been known to run faster.
Although the spitters are below the usual standard of the Intercollegiates
this year, the meet as a whole will surely be the best that has ever been
held. Athletic critics are looking for the real three of the
in several of the events, notably the
half-mile. If the result is, the shot put, the
hammer throw, the quarter-mile and
the half-mile. UNLI M AT BABY SAVING SHOW.
Graduates and Professors of Medical
Schools and Teachers.

Twelve graduates of the Medical
School were among those physicians prominent in this part of our country:
who have been chosen to deliver lectures at the Philadelphia Baby Saving Show, which will be held on this week in Horticultural Hall. The object of the show is to bring before the public
the fact that 50 per cent of the deaths of infants in this city each year could be prevented if the right kind of sanitary
and hygienic conditions were
established. Preventive measures in such hospitals throughout the country, have been
gained to deliver lectures before infant mortality, and among this
among Pennsylvania is well represented.
The show was opened with an ad-
dress by Dr. E. C. Blankenhorn on Saturday, and will continue until the 20th
of the month. Part of the lectures have already been given, but there are
many yet to be delivered, including five by Pennsylvania graduates. To-
day and tomorrow there will be a Con-
ference on Infant Hygiene, which is expected to be of considerable inter-
rest to all those interested in Juvenile
teaching and instruction.

Many pictures, charts, maps and dia-
grams will be used to illustrate the lectures, many of which will be
made by prominent authorities from distant
cities. The exhibits of the show will be open from 9 A. M. to 5 P. M. on
weekdays and from 1 P. M. to 8 P. M.
on Sundays.
Those Pennsylvania graduates present to speak are: Dr. Howard C. Carpenter, '86 M.; Dr. Thomas B. Halaway, '97 M.; Dr. Chas. S. Hopkins, '06 M.; Dr. Alfred Haed, Jr., '92 M., and Dr. Wil-
liam R. Nichols, '93 M.
A scolding criticism of the public
schools of America for the inadequacy of instruction was made by Dr.
Frederick H. T. Wheelock, President of Teachers' College, Colum-
bia University, at the Art and Manual Training Teachers' Convention at Bal-
timore. Dr. Wheelock held that the pre-
cut training in public schools takes a
day worker to particular and causes
him to become a poor workman.

Hitting the Dirt—

requires the quick brain, the keen eye and the clear judgment which can only come of a healthy body and steady nerves. The fellow who "beats out" infield hits and "stretches" with a pack outfit over little used trails, camping on trout streams and lakes, where only a few have ever fished, returning from the Park and stopping in the big game country for an ELK or MOUNTAIN SHEEP.
