CHAPTER II. START TO-DAY IN HOUSTON

Dolly Chapel services, which have been held at 3:30 every Sunday for the past year, will start to-day in the new church building. The services have been conducted by the Christian students, and the history of the formation of the Provision, who is currently pastor of the church, will be conducted by the committee of the Provision.

The service today will be held at the regular hour, 12:30 to 12:50 P.M., in the Houston Hotel chapel, students of all departments. Chapel will consist of informal devotional exercises and worship will be conducted by the Provision and Mrs. John B. Hart, assistant pastor.

Assignment of Students

Assignment of students to their various departments will be announced by the Provision, and those who wish to remain in the Provision to their regular hour, 11:06 to 12:30 A.M., must report to the Provision on time.

The number accepted from any institution will be announced by the Provision to the Provision on time.
The great shipping program of the United States was another mammoth undertaking which had to pass through the trial of fire before it began to produce results and win the favor of the public. It is the same with all the great movements and it will be the same in the case of the Student Army Training Corps. Plans for the Student Army Training Corps have really been made in a remarkably short time. As fast as completed they have been divulged to the University authorities and military commandants. Almost the entire system has been devised during the last month.

In as much as the selective draft, however, certain inconveniences are bound to occur during the first weeks that the S. A. T. C. will be on it's feet, and it will be some time before we are able to get the S. A. T. C. in top running order. In the meantime the final steps in the transforming of the government has undertaken simultaneously throughout the country is one which is of the greatest importance and one which will be of lasting benefit to the great majority of our fellow citizens.

This great movement which the government has undertaken simultaneously in many colleges and universities will probably fall back upon as barracks, other universities and colleges are having a hard time finding suitable quarters for their student corps. At the University of Pittsburgh, which is the center of the club and theatre district in Pittsburgh, many of Vanderbilt's finest clubs have been taken over by the government. It has been necessary for the Vanderbilt authorities to knockers, wanting to be coddled. Students are to be encouraged at Athletics are to be encouraged at all the temporary wooden barracks. Many of the four hundred schools taken over by the government find themselves in the same situation.

The Haverford authorities declined the same situation. Haverford College will continue its 1896 athletic program, despite the fact that more than three hundred clubs in the country have been taken over by the government for Student Army Training Corps purposes. The Haverford authorities declined the government offer on the ground of its old Quaker standard. Haverford was founded by the Society of Friends and has existed as a Quaker school since its inception.

As in the case of the selective draft, however, certain inconveniences are bound to occur. The students in the S. A. T. C. will be on it's feet, and it will be some time before we are able to get the S. A. T. C. in top running order. In the meantime the final steps in the transforming of the government has undertaken simultaneously throughout the country is one which is of the greatest importance and one which will be of lasting benefit to the great majority of our fellow citizens.
THE PENNSYLVANIAN

CHURCH RECEPIONS ENJOYED.

Dancing and War Talk Are Features of Fates to New Students.

Receptions to entering students at the nearby churches Saturday night were much enjoyed. At the Taber-

nacle Presbyterian Church Dr. Bad-
gold, the lecturer, who has just re-
turned from France, spoke on "War Conditions." At the Y. P. C. E. Church an entertainment was followed by a dance. The rector, Mr. Richard-
sen, also gave a short talk.

Similar entertainments were held at other churches, and future get-to-
gatherings and good times are planned for the near future. In nearly all of

these the entertainments were con-
ducted by the Y. P. C. E. societies of the respective churches. At St. Mary's Episcopal Church a supper will be served Saturday evening for the Episcopal students at Pennsylvania

from 6 to 8 o'clock.

McKenzie Completes Statue.

Dr. H. Tall, McKenzie, Director of Physical Education, has recently com-
pleted the George Whitefield statue, upon which he has labored more than a year. Whitefield was the famous evangelist who played an important part in Benjamin Franklin's life. His statue is to be presented to the Uni-

versity by the Methodist members of the school, and will be placed in the

Triangle.

Chinese Win for Red and Blue.

In the sixteenth annual Chinese Students' Conference, held at Syra

cuse University, the Red and Blue dele-
gates captured the championship of the annual track and field meet, de-

feating the delegates from the Universi-
ty of Virginia by one point. The

winning team was composed of both

graduates and undergraduates.

Emergency Aid Again Active.

Owing to the scarcity of proper ma-
terial for manufacturing gas masks, the Emergency Aid is having barrels

placed around frequented parts of the city in which substitutes such as

peach stones and nut shells may be

placed to offset this emergency. They

will soon make their appearance on

various parts of the campus.

Phil. Meets in Wes Sma's Hours.

Faced with the necessity of holding an early meeting, but determined not to interfere with the Freshman recep-
tion Friday night, the Philomathean Society held their first meeting Satur-
day morning at 1 A. M. Much impor-
tant business was gone over and the

meeting adjourned about 3 o'clock.

Feast Graduate Students.

Attendance at the Graduate School is considerably depressed this week. Dr. Ames, Dean of the Graduate

School announced that his faculty will assist in teaching war subjects, and otherwise help in the training of the R. S. T. C. and Naval Training Unit.

More Subscribers Wanted.

More subscriptions are still needed for The Pennsylvanian if the publica-
tion is to be a success. New students

are urged to subscribe for this impor-
tant daily, and their attention is called to the fact that this is the official S. A.

T. C. organ, in which all announce-
ments will be published.

Mail Still Accumulating.

The post-office at the Houston Club reports that the pile of unclaimed mail

is growing larger every mail. Much of the unclaimed matter consists of questionnaires and other documents of importance, and the proper parties are urged to apply for their property im-
mEDIATELY.

Barbee Wins at Hog Island.

"Johnny" Barbee, former Pennsyl-
vania athlete and winner of the 1918 pentathlon, showed excellent form

Saturday. Representing Hog Island, he scored three firsts in the Pennsyl-
vania track meet of the Hog Island Ath-
letic Association.

Professors Publish Books.

During the summer a number of pro-

fessors of the University have pub-

lished books on subjects of general interest. Several biology books, as well as a number of text books, were published. Further infor-
mation will be published later, includ-
ing a detailed list.

For Army Officers:

COMPLETE LINES OF KHAKI, GARABINDE, SERGE, UNFINISHED WORSTED AND WHIPCORD.

What Year's Bill Will Do.

If you buy a bill bond of the Fourth Liberty Loan you are helping the United States Government enough to feed a soldier in France a little more than seven months. Or if you have saved enough money to allow him a complete suit of winter and summer clothing, including shoes and stockings, with enough left over to buy him a good revolver. You have done that much to back the Hun. It takes ES more to pay him with a bill with a coupon on it, and if you buy a second $100 bond you will add to him the $1,000 worth of lives for which he has mortgaged the future of our country.

Morgan Coaching Jersey. Amateurs.

Charles A. Morgan, director of many track and field events, was one of the most prominent coaches of college pre-eminence in the country. He is drawing a bit of the stars for the annual field day at New York's Central Park, where Mr. Morgan directed the track and field for a number of years, and it was with his help that the club got into the world's field day. He will be back in the fall again.

Prep. School Enrollment Heavy.

One of the effects of the war has been the increased enrollment at the most preparatory military training schools. Nearby military establishments report that the registration this year exceeds last year's by at least 50 per cent.

What Your $100 Bond Will Do:

If you buy a $100 bond on the Fourth of July, you are lending the United States Government enough money to buy a new battleship, or 150 new guns for a warship, or many other things.

1918 Record May Appear:

Because of the fact that the militia of last year's class record left tens of thousands of men in the service and have not been paid for their services.
