SICKNESS KICKS FOOTBALL
SQUAD—FEW AT PRACTICE

With but a small squad reporting on Franklin Field yesterday, Assistant
Coach Keogh conducted a short, spirited drill, many of the football men
being absent through illness. Several serious cases of influenza were con-
firmed among the players, and it was not considered advisable to
begin full practice today. The men will therefore be required to attend,
however, and it is not expected that there will be much more absence
from practice than there has been during the past week. Keogh will
hold the practice on Franklin Field Sunday.

VOLUNTEER WORKERS NEEDED

With the establishing of bootlegs on the campus, the second week of the University League football campaign
will open with a rush. A total subscription of $9,000 was the result of yesterday's
campaigning, and the amount collected must be increased rapidly in order to
reach the $10,000 mark.
The bootlegs, which made their first appearance in this form, have been handled by the women students of the University and
are being handled by the men students in keeping with the spirit of the
campus athletics and the athletic program of the student body.

With the comparatively careful
handling of the past year's crop, the season will be
expected to be a most successful one. The three
talents and压榨, of candidates have entered in the majority of
the events. Thecandidates are well equipped for a
sharp showing. Crowndray
is expected to win the mile, and there is
very close rivalry in most of the events. Captain
Peach will not be entered in the track events on Saturday, Bache, of Episcopal
Academy, has not set a time of his namesake, but will run in
the high hurdles, last year's Fred Alan has signed to
make a good showing. Crowndray is expected
in the 880 yards, and there is a good entry in the 220 yard dash.

The University has not been keeping pace with the times, and that it is not its usual form as it used to be.

The second point would also note the change in the site and personnel of the teaching staff, but he would keep beyond this fact for the cause. The third point would discover which of us are so proud of. He would learn that the force of the Medical School has been almost completely transferred from the University for service in the medical division of the army; that many of the medical staff now hold high commissions; that some of our veteran lecturers hold positions of trust and responsibility in the executive branch of our government; that heads of departments of many of our colleges have left the University and have already filed applications for duty in Naval Aviation; and that heads of departments of the Executive Branch of the University are largely known for their service in the Medical division of the army.

In ordinary times their value in the University would be increased by many small things which might escape observation; in the present time the value of their services is changed the SAT-C. 

As was expected, a military atmosphere prevails here today. EPIDEMIC OF INFLUENZA

Emergency Hospital in Delta Phi House Only Contains Three-four
Cases—None Serious.

Third-four sufferers from influenza are undergoing treatment for the dis-
ease at the Delta Phi fraternity house, 3637 Locust street, at the present time.
Three patients were admitted yesterday, three were discharged. The men con-
fined in this fraternity house, which has been converted into a tempo-
rary hospital, are being treated by a staff of doctors and apprentices medi-
cal students from the University Medical
School. None of the present cases are serious.

Although quite a few medical stu-
dents are doing the work on the campus, very few are engaged in
the work in other parts of the city.

This is not the fault of the men, who have, in almost every instance, ex-
presed a willingness to help, but they are prevented from doing so by their
membership in the Medical Entitled
Reserve Corps. As enlisted men in the
Army, they can abandon their studies
and are confined in the Student's Ward, al-
though it was reported that they have been released.

Quite a few of the interested stu-
dents who have been helping attend
patients in the University Hospital
have fallen victims to the disease and
are confined in the Student's Ward. All
the men who are in the Delta Phi
house are students in the undergra-
duate departments. Their names are as
follows: P. M. Affe, Philip Allen,
William J. Armstrong, F. G. Arnold,
C. C. Basso, A. A. Babish, G. Bornes,

CANCEL MESOPOTAMIAN TALK.

MUSEUM LECTURE SEASON OPENING Pui
OFF UNTIL OCTOBER 19.

It is now definitely known that the
lecture on the Mesopotamian cam-
paign, by Lieutenant-Colonel Wardlaw
Mills, which was to have opened the fall season at the University Mu-
seum Saturday, has been cancelled.
The course will begin instead with the
lecture on "The Checkerboard of Eu-
rope." by Sir John Foster Eraser,
which is scheduled for Saturday, Oc-
tober 18.

De Freeman's lecture last year was
one of the most successful of the year.
The course this year he will endeavor to give the effect of the
war in Europe. He has been on the
various fronts and with the allied forces,
and is qualified to speak with author-
ity on his subject. The course for
this year contains quite a number of
other lectures on war subjects.

Robert Winlow, '19, Wh, a former
"Varsity oarsman, has just been grad-
uated from the Naval Aviation School
at the Massachusetts Institute of
Technology. He will be sent to a
Naval flying school in Florida.
In ad-
dition to being an oarsman, Winlow
was active in class affairs and is a mem-
ber of the Phi Delta Theta fraternity.

Many Law Students in Service.

An unusual record has been estab-
lised by the University Law School.
Eighty-four per cent of its recent stu-
dents and graduates are now officers in
the Army or Navy. Records of the
seventy-nine men whose records were
fitted this summer have received their
commissions.
