ALL INDUCTION PAPERS MUST BE IN THE HANDS OF THE MOBILIZATION OFFICER BY OCTOBER 20.

**AVIATION ORDERS RECEIVED.**

Special permission has been granted from Washington to extend the time limit for filing of Induction Papers from October 15 until October 25. This is in order that those who have not yet received orders or who have not been sworn in, and those who have orders that have already been issued, may have time to complete the necessary formalities involved in obtaining orders. The extension of time should also be of some assistance to those who have been graduated, and should help to lessen the rush of manuscripts which has been coming to the Branch in recent days.

**ANNOUNCEMENT.**

All orders that have been issued must be returned to the nearest Order Office immediately, and those papers which have been returned should be placed in the Order Office as quickly as possible. It is imperative that all papers be returned without delay, as many who have not yet returned their papers have been placed on the list for the next three weeks.

**ENLISTED RESERVE TO REPORT.**

All members of the Enlisted Reserve who have not yet reported for duty should immediately report to their nearest enlistment or induction center. Orders for the purpose of completing the draft for the year will be issued in order to make the best use of the available personnel.

**NEW TRACK PRACTICE PLANNED.**

The new track season will begin on October 19, with a practice day for the track team. The schedule will be announced in the next issue of the University of Pennsylvania's student newspaper, *The Pennsylvanian*.

**HARRY TRUMP ON THE BORDER.**

Harry Trump, a local resident and member of the University's track team, has been selected to represent the United States at the first Olympic Games to be held in Tokyo, Japan. Trump is expected to compete in both the 100-meter and 200-meter sprints, and has been training hard for the event.

**ENDIAN IN THE OFFICE.**

Endian, the University's mascot, was recently seen wearing a new uniform designed by the student body. The uniform features a blue and gold color scheme, with a large banner on the front expressing the University's spirit.

**NEW TACTICS AND TECHNIQUES.**

The football team has introduced new tactics and techniques in preparation for the upcoming season. The team has been working with a new coach, who has brought a fresh perspective to the team's training sessions.

**ROUSEMERS OPEN SEASON.**

The Rousemers, the University's competitive sailing team, opened their season with a win over the local navy team. The team is looking forward to a successful season, and is working hard to improve their skills and tactics.
The action of the Pennsylvania State College authorities in requiring every man in the Students’ Army Training Corps Unit to participate in some form of athletics is most commendable, and deserves the serious consideration of university officials. As an aid in the welfare of the men in training, some form of athletics is most desirable, and deserves the serious consideration of university officials.

In one of the large Wharton School classes recently, two students of rather “Bolshevik” appearance showed the professor constantly speaking to him in a familiar and unceremonious way and generally showing their lack of respect for authority. It is the kind of quality and democracy we are fighting for,” the manager's book was heard to remark, “it takes a lot of the best out of the war.”

THE PENNSYLVANIAN

TIME FOR ENROLLMENT
IN U. S. N. U. EXTENDED

(Continued from First Page)

4. Applications for this training are received and reviewed by a board of officers attached to the Bureau of Navigation, and no assignments will be made except by orders of the Bureau of Navigation. Applications will be received for training in heavier-than-air and lighter-than-air craft.

5. Applications for transfers of enlisted men (Navy, Naval Reserve Force, and Coast Guard) to flight training will be handled as follows:
(a) Application blanks prepared for this purpose will be made out by the candidate and forwarded to the Bureau of Navigation through official channels.
(b) The Commandant (or Commanding Officer) must place a definite recommendation on the application of enlisted men under his command, having particular regard to the officer-like qualities of the candidates.
(c) The candidate will be given physical examination (paragraph 4 (d) above) and if found qualified his application will be forwarded for approval. In the event that the candidate is not physically qualified, his request will be stamped, "Disapproved—not physically qualified," and forwarded for file with his record.

BACHELOR OF ATROCITIES

IN THE vicious guttural language of Kultur, the degree A. B. means Bachelor of Atrocities. Are you going to let the Prussian python strike at your Alma Mater, as it struck at the University of Louvain?

The Hohenzollerns' perfidy strikes at every element of decency and culture and taste that your college stands for. It leaves a track so terrible that only whispered fragments may be recounted. It has ripped all the world-old romance out of life and reduced the head, black depths of muck, and hate, and bitterness.

You may soon be called to fight. But you are called upon right now to buy Liberty Bonds. You are called upon to recognize every in every way. It is some-

Bachelor of Atrocities

The Hohenzollerns' perfidy strikes at every element of decency and culture and taste that your college stands for. It leaves a track so terrible that only whispered fragments may be recounted. It has ripped all the world-old romance out of life and reduced the head, black depths of muck, and hate, and bitterness.

You may soon be called to fight. But you are called upon right now to buy Liberty Bonds. You are called upon to recognize every in every way. It is some-

times harder to live nobly than to die nobly. The supreme sacrifice of life may come easier than the petty sacrifices of comforts and luxuries. You are called to exercise stern self-discipline. Upon this the Allied Success depends.

Set aside every possible dollar for the purchase of Liberty Bonds. Do it generously. Kill every wasteful impulse that America may live. Every bond you buy fires point-blank at Prussian terrorism.
