CAMPUS DRIVE RUSHES PAST $100,000 MARK

Fever was the name of the game in the competition between companies and students, and only expression that sums up the situation of this campaign better is the term "rush." When the last company report had been turned over, the total stood above $120,000.

In estimating the amount of money that thirty-five dollars was subscribed yesterday, and later on, the total of the number of subscribers increased to $130,000. Nearly every man of the J7u Company subscribed to the Liberty Loan. Nearly every man of the J7u Company subscribed to the Liberty Loan.

The highest obligations of duty and patriotism command every true American to go immediately to his local Liberty Loan Committee and subscribe to the limits of his ability. Fourth Liberty bonds. Don't do it! Don't wait to be urged! Be as energetic as possible in your effort to promote the sale of Liberty Bonds.

The percentage of subscribers in this college is estimated at 10 per cent, with a total of $10,000, 6,000. Company 6 closely follows with a total of $10,000, 6,000. Company 6 closely follows.

McFarry is a Marine Aviator.

In a letter received from A. C. McFarr, 17 C, he states that he is soon to leave Paris Island for Boston, where he will attend the Massachusetts Institute of Technology as an aviator. After two weeks of ground training, he will take practical flying at Miami, Fla. In his letter McFarr praised the sanitary conditions at Paris Island, where only five cases of the "flu" have developed.

Lust, Pritchett Killed in France.

Lieut. Frederick H. Pritchett, 29 Ws, a member of the famous iron division, has been officially reported dead by the War Office. He enlisted early in 1917, was commissioned in October, and sailed for France shortly afterward.

"Fall" Starts Bond Rally.

Members of Company 6 showed very ambitious spirit yesterday morning when more than half the company turned out for non-com. drill. During the regular drill, $2,500 in Liberty Bonds was subscribed in a few minutes. This was in addition to the total reported yesterday. A novel feature of the subscription was that one man offered to "red" anyone for a fifty-dollar bond. He was quickly taken and as quickly lost the bet.

Marching Shoes for Civilians

In an age of much riding, we have become a tribe forgetful of the real uses of feet. But Uncle Sam selects shoes for his men with the idea that they are to cover distances in them. Here is a sure-enough military shoe, which has a toe plenty wide, a full tread, and a sturdy heel. It will add horse-power to your foot-power, all the more so the man with the idea that he is to cover distances.

For the Better Kind of Tailoring

To Organize Wrestling Team.

Plans are in progress to organize a wrestling team. A meeting of last night, was held in a short time to elect a captain. A resident of the class of 1919 comes to ready the practice at once, as he has had in the capacity of wrestling instructor at the Washington Barracks during the past summer.

**Walk-Over SHOES**

How often have you wished that your shoes could be as attractive as military boots? Only a shoe without a toe-box seems to make the look of a ludicrous shine.

This plain-toe shoe for civilians is made without a toe-box. It has a dignified 8 inch heel, a quiet, easy tread, and a soft, pliable toe.

It's especially suited for men with slightly broken feet, but on any foot it looks neat. Come in and see how soft, pliable toe looks.

Walk-Over shoes are known the world over.
