FORMER EDITOR-IN-CHIEF

MCCARTY VISITS CAMP

Activity at The Pennsylvaniaian was temporarily halted last night when the former editor-in-chief of the paper, Arthur C. McCarty paid off the paper's visit. McCarty left last night for Paris on a mission to the United States, where he will make a first-hand report of the progress of the "Devil Dogs". After spending his time as a "rookie" he is expected to return to his native city. He is a graduate, which position he now holds. His appointment to Marine Aviation was made a short while ago, when twenty-eight out of five hundred applicants were accepted and sent on their way. McCarty's visit was made at request of the Board of Health, and seems to be in some preliminary instruction in aviation. He is also interested in the underlying history of this activity, within the limits of the space and time McCarty expects to continue to Paris.

PHILS. HOLDS MEETING.

At the regular meeting of the Phils. Beta and Society of the Phllo. Society, held last night in College Hall, several interesting talks were delivered. The speakers of the evening were E. Smith, who spoke on "The New Democracy"; C. Beinfeld, who delivered a talk on "The Spanish Main," and B. Thompson, whose subject was "The Iliad." A large number of candidates were on hand for the tryout, and displayed considerable ability. It was announced that those candidates who were not elected at the last meeting may compete for admission again at some future time.

Moderator C. C. Pacific reported the receipt of a letter from Youth Committee, 29 C, a Phils man now in service abroad. Committee was given recently, but is now on the road to recovery. Pioneers were made to stage an Army.
