TUESDAY AT 8 O'CLOCK. The Pennsylvania will hold a meeting for the purpose of electing the officers of the organization. The meeting will be held in the auditorium of Houston Hall. The addresses of the officers will be delivered at the meeting of the organization.

Americans Approach Beda

The Central American nation, with its great resources, is a galaxy in a galaxy of nations, and its progress is a matter of interest to all. The American government is now making the most of its resources, and is working with great energy and determination to bring about a successful conclusion of the war.

OTTO ALBERICH.

NORMAN S. CHAPMAN.

the report organization of the Fredin-
man Club, and the coordination of recitation activities, as far as possible, is well for the University. It is evident that the student body is not a solid block of individuals, all of whom are doing the same work, nor all of them can out of the college without giving anything in return. On the contrary, the old Pennsylvania spirit is being aroused as in more favorable circumstances. Men who have been at Muhlenburg for many and loud are the protests against the profiteering of campus necessities, for which The Pennsylvaniaian is being aroused as in more favorable circumstances.

Miss Underclassmen are always subject to change, and they can spend five minutes between formations or after meals playing their favorite instrument. In nearby dormitories there must be some one who can play a piano, and there will be others who can sing. If the occupants of each dormitory would club together to rent a piano, they could present a better show for their own benefit than any3

"Boy who can play a piano, and there undoubtedly be less grumbling about being confined to barracks than otherwise would be the case.

One Who Can't Play a Piano.

COACH AFTER TANK RECRUTS

Knight Competing with Campaign of 'Train'em-Rough' Corps

Coach Knight again announces that the start diversity program will be made only a short time off, and asks that the men concerned do not attempt to retire at once. If any of the student body in the various schools on her schedule, the work will be started at once, and it is for the better that such work.

Knight announces that the plan of making the team, then, by having a place on the squad, an officer, or an individual who is to be a part of the military band, is only three days old, as a day for the friends, and in the spirit of the men who have been at Muhlenburg, and the prospects for the coming season is very pleasing. This has been announced as soon as possible in order to give the men who are signed up now a chance to change if they wish. Every one under discipline is always working his hardest and it is for this reason that the idea has been a success at the start of the swimming season is the idea with back of this plan, and the game with Muhlenburg will be played.

ALUMNI INVENTS TRENCH GUN.

William C. Eaton, 36 M. E., is the man who invented the trench chopper while he was turned out to be so formidable a weapon in the hands of the American soldier. It was one of this type which the German found so terrible that they sent a formal protest to the United States against their use, claiming they violated international law.

Mr. Eaton would accept no pay for his invention, but he did receive a gold watch paid for by Mr. Bellinkoff. The watch was presented to Mr. Eaton by the Jewish Welfare Board.

THE PENNSYLVANIAN MEETS.

Ten New Members Welcomed by Presi-

dent—Join Alliance Francaise.

At the meeting of the Cercle Fran-

cais, in Houston Hall last night, it was

decided to ally the club with the Al-

liance Francaise, a national organiza-

tion of American Frenchmen, the result

in many advantages and enable the

Cercle Francais to secure speak-

ers at its meetings.

Mr. Balzar, 73 years, rendered sev-

eral comic songs and Mr. Crawford

two poems. J. J. Marshall then ad-

dressed the meeting on the

field, "military service," and Mr.

Bergeron, president of the club, closed

by welcoming the new men to a short

talk. Ten new Members were ad-

mitted, but there is still an opportu-

nity for more interested in French to

join. Next meeting will be for mem-

bership at the next meeting, the date

for which will be announced later.

Camerage Taught at Columbia.

Among the subjects which are to be

covered by the S. A. T. C. are taught at

Columbia in that of camerage. The

class is divided into four sections, each

of which specializes in certain phases

of the work. These four phases take up

the equipment of the army, artillery, in-

fantry, engineers, artillery and com-

munications, and are taught by

students on large tables rep-

resenting a post of land on a scale

one inch to 600 square feet. This lab-

oratory work is supplemented by prac-

tical work in a New York post once a

week.

Former Athlete Promoted.

Capt. John F. McCormick, of Phila-

delphia, has been promoted to the rank

of major in the Medical Corps of the

Army. Two months before America

entered the war Dr. McCor-

mick served in France with an Ameri-

can infantery regiment. Where America

became a belligerent he was made a cap-

tain. Major McCormick, while a stu-

dent at the University, was a prom-

inent football star. He later played

international baseball with the Phila-

delphia eleven.

Shoes

Shoes

for Civilians

In its age of much riding, we have become a tribe fortunate of the real sense of feet. But Uncle Sam selects shoes for his

men with the idea that they are to cover distances in them.

Here is a sure enough military shoe, with a toe plenty wide, a full tread, and a sturdy heel. It will add horse

power to your foot-power, for it makes nothing of the day's work of a civilian. Try your feet in a pair. You won't take

them off. Our men arriving home after winning the war

will insist upon having shoes like these.

Dr. Jastrow to Lecture in West.

Dr. Maurice Jastrow, Jr., Librarian

and Professor of Semitic Languages

at the University, has been asked to

deliver a series of special lectures

throughout the Middle West between

the 23d and 27th of November. His

topics will be "The War and the Hist-

ory Question," and "East and West -
Their Relations in the Light of His-

tory." He will deliver these lectures

in Cleveland, Cincinnati and before

the Book and Film Club of Chicago.

On Saturday, November 16, he will de-

liver a lecture before the Wednesday

Morning Club at Flintland, Mass.
