CO. NO. 4 TO HAVE RECREATION.

Install Plans to Provide Music—

Company Songs Selected.

Major Griffin has consented to al-

low Company No. 4 to use a piano in

the barracks. Sergeant Henry an-

nounced that a piano would be either

purchased or hired and placed in a

large room which will be fitted out

for recreational purposes, and in which

the men in the company will be able to

spend their spare time.

Considerable interest has been

shown in the contest to provide a

company song. Out of several para-

droms submitted on "Oh! How I Hate

to Get Up in the Morning," those of

Petersen, Hathaway and Mertz were

accepted.

Canadian Yarns Initiated.

Freshmen initiated at Victoria

College, University of Toronto, in-

cluded the purchasing of all the "Varsity

edibles" for such valuations as a ciga-

rette, an applecore or a hill of beans.

Although the presents were all sold

Wednesday evening, the purchasers

were evidently not satisfied, for the

Yankes may be seen about the cam-

puses wearing a greasing which bears

the words: "For Sale. Strictly Fresh."

Fewer Students at Toronto.

Despite the increased registration in

medicine and dentistry at the Univer-

sity of Toronto, general registration

has fallen off in the past year to the

extent of about five hundred students.

This is due to the large number of

non-Canadian students, who are not

entitled to a Canadian education, and

are consequently at a disadvantage.

They are just like meeting your Best Girl

face to face.
