S.A.T.C. MEN TO GET LEAVE ON HOLIDAYS

The University today has the honor of acting as host to Lord Cherwood, the distinguished representative of the British people. It is particularly appropriate that an Englishman should visit us at this time, when the war has just closed in which America and Great Britain were brothers-in-arms. It is the duty of all good Americans to try to get a better understanding of England and eradicate the foolish ideas that some of us still entertain about their countrymen. We shall be better fitted to give us such an understanding than Lord Cherwood, member of Parliament since 1892, and a student of American ideals.

Every student should take advantage of this opportunity to hear such a truly great speaker. It is sincerely to be hoped that a large number will be present at both meetings to hear Lord Cherwood.

LORD CHARNWOOD TO SPEAK

AT UNIVERSITY TO-NIGHT

(Continued from First Page)

of the life of the French people, especially since the happening of the war. Captains Guisard has also, in connection with his English work at the University of Paris, made a study of the historical phases of English literature, and in his articles in the _Revue de l'Universit_ he has prepared two remarkable essays on the social aspect of these phases, especially in the mind of the middle nineteenth century, and for his visit he will speak on "The Unity of Peace" and "The Personality of Peace." Other members of the French Educational Mission who will visit Philadelphi a are Dr. Etienne Dumoulin, of the Pasteur Institute, who will speak before the American Philosophical Society on "Prometheus and the Symbolism of the French Scientific Revolt," and Dr. Emmanuel Reilhac, who will address the Geographical Society of Phil adelphia in Whipple Room on "The Real Peace Revealed in Her Sorrows and Prosperity." During their stay in this city the members of the mission will have their headquarters at the Bellevue-Stratford.

MAY RESUME PUBLICATION

OF UNIVERSITY MONTHLIES

To stimulate interest in the reorganiza tion of the Red and Blue and the Penn Review, the two illustrated University publications which were discontinued owing to war conditions, a campaign has been started by the newly-organized Freshman Class. A delegation of first-year students is to call upon Perry Campbell, editor-in-chief of the Red and Blue, to discuss the reviving of the campus monthlies.

According to a statement made last night by Editor Campbell, the fate of the Red and Blue depends upon how soon the chaotic state of affairs due to the war returns to normal. The Editorial Board of the Penn Review has not reorganized for the coming year. Like the Red and Blue staff, however, there are a number of students still at college, and little trouble would be experienced in continuing the publication of the numerous press letters. The campaign for to-night's meeting includes an address by Professor Norpbst, of the French Department, a talk by William C. Hathras, the treasurer, and several humorous songs by Carlos Berguldo, the president of the club. In addition, other members, will be called upon to give short talks.

Elections for Chess Club

There will be a meeting of the Chess Club on the first floor of Houston Hall at 12.30 on Friday, when elections will be held for the officers. A copy of the club constitution will be handed out, and all officers will be elected to hold the term. All the officers of last year's team, in addition to any new candidates, are urged to be present at this time. Plans for the future activities of the club will also be discussed.

Sailor's Dress Uniforms

At the weekly meeting of the Faculty Tea Club, which took place yesterday evening in Houston Hall, an announcement of Saturday night's dance was made. The affair will be given by the Kappa Kappa Gamma Sorority, under the chairmanship of the Tea Club's members. This society is one of the oldest on the campus, and all officers join in the chorus of 40-year old men.

Greek Letter Men to Meet

Representatives of the fraternity in the Interfraternity Council are urged to be present at Houston Hall, 87 Locust Street, at 8 o'clock, to draw up plans for the Interfraternity dance, which will take place on the evening of December 2. A committee of two from each college will represent the interfraternity organizations. This committee is to plan the general features of the dance, including music, appetizers, and a general design for the evening. The committee is also to select a program of activities for the dance.
