Branch of International Polity Club

Steps were taken toward the formation of a University branch of the International Polity Club yesterday, when several students interested in the matter interviewed Dr. J. C. Ballegh, of the Wharton School faculty. Dr. Ballegh was the faculty advisor last year of the International Relations Club, of which the present organization is the successor.

The first meeting of the club will be held Monday evening at 7:30, in Houston Hall. All regular and special students who are interested are invited to attend this meeting. The club will consider the problems of international relations and politics, and will probably discuss in particular the question of how the League of Nations should be organized. Mr. Hearst, president of Columbia University, is head of the club.

Company 2 Given Victrola.

Company 2 has been given a large Victrola for the use of the men in the barracks. Company 2 men are quartered in two different houses, however, and plans are now being devised by which another Victrola or pianola may be obtained.

Car Block Causes Excitement.

Memorial Tower was the scene of great excitement at 6 o'clock last night, when a trolley car jumped the track and blocked the intersecting car lines. Before the car could be replaced, over a hundred trolley cars were numbered in the block which it caused.

Provost Entertains Mission.

Provost Smith entertained Captain Casarmian, Professor of Bagharn at the University of Paris, and other members of the French Mission at the University Settlement House last Wednesday evening. Yesterday was the last day of the Mission's visit, and the members were taken to Bryn Mawr College.
