He was always concerned for the welfare of his students, for when he could make more clear explanations to those who honestly had been excused in inessential and to his credit, he went on by my students in recent years. This, with his athletic and social presence, is a family that will always be with me, and on Sunday evening most of the boys in our Division. The Settlement House splits a definite need for the University by incorporating the children of the surrounding districts. In past years volunteers have been served from the University to instruct classes and aid in the formation of boy's clubs. This year the roster of A. T. C. work has received important for the companions of assistance to aid in this work, and it is therefore to you all A. T. C. to aid in this welfare movement. All who are willing to devote a little time to such work are asked to see John R. Hart, Jr., at the Christian Association offices, as soon as possible.

A More than Stylish Shoe

Take a special look at the top of this model. It sounds the note of Style. And yet, this shoe, being made upon a full-fitting English last, has a broad shank, a low heel and a generous tread. Very aptly has it been called a free-

standing shoe. That is to say, it is per-

fectly proportioned for your foot and comfort-giving, not when well-worn, but from the moment you first put it on. It makes your foot feel and look young.
