FOOT troubles are much commoner than over-sensitive men and women realize. They are so general that Walk-Over manufacturers maintain a department devoted wholly to the design and construction of Corrective Shoes.

These shoes are approved by Orthopedic surgeons of the highest reputation. There is a large and varied line of these Corrective Shoes carried in stocks by these two big shops.

They Are Fitted Only by Trained Experts. Arch troubles of a simple nature, they correct simply. Arch troubles usually allowed to progress to a stage requiring the use of stiff, reinforced shoe construction, they relieve definitely.

The walker, who suffers from foot complaints of any sort, go to your surgeon or come to us before they become acute. Our special fitters will provide shoes that will correct and relieve.

Or they will alter or make shoes under the exact prescription of your Doctor or Surgeon. Don't put it off. With the proper shoes on your feet you will live ten years younger. They will cost you but a dollar or two more than ordinary shoes.
