TO MASTER OUT FIRST QUOTA OF NAVAL UNIT
First 164 Men Released From Active Duty Today—Turn in Equipment at A. M.

TO GET TRANSPORTATION HOME.
One hundred and forty-four men in the Navy will be released from service on further active duty today. By noon all of these men will have departed from the Naval Unit. A general muster of these specified men will be held at 8 A. M. today, at which time they will turn in the following equipment: One mattress, two covers, Unit 2 blankets. They will be permitted to retain their personal property and baggage.

member of the University Council, or in the Interfraternity Council shall be a member of a chapter. If a chapter does not have a representative, the chapter will be represented by the Interfraternity Council. If a chapter has more than one representative, then the one having the longest seniority will represent the chapter.

In presenting the Interfraternity Council, the General Council and the Interfraternity Council have been defined. The Interfraternity Council will consist of the members of the Interfraternity Council and the Interfraternity Board of Governors. The Interfraternity Council shall be a body of students elected by the Interfraternity Board of Governors.

The Interfraternity Council shall meet at least once a month. The Interfraternity Council shall meet in open session and shall be open to the public. The Interfraternity Council shall have the power to make rules and regulations for the conduct of its business.

COUNCIL WILL MEET THURSDAY.

At a meeting of the Interfraternity Council, at the Kayo, Alpha house last evening, the amendments to the following rules were presented and accepted:

Adding to the number of meals being allotted. Allowing members of chapters to sell tickets to the ticket office. Allowing members of chapters to sell tickets to the public. Allowing members of chapters to sell tickets to the public.

The amendments will be submitted to the Interfraternity Council for their consideration and approval.

Of the men enrolled in the University, over 20,000 before Nov. 15; 10,000 before Dec. 20; and only 5,000 before Jan. 11. B. Calverley, J. Smith, and R. Hunt, among others, have been given their commissions. The constitution they have been attempting to get away from this and may be held. The Freshman Committee, which is all-embracing Reconstruction, has been abolished. Reconstruction was as important as the waging of war a month ago. It is now time for the men who are being dismissed to leave the city and the country. They are all educated men, and no matter how great is their experience in the business world. The thinker is the man who is needed by the government today. There will be plenty of positions for them.

In four years at the University, a man gains the knowledge and finds that it would take a lifetime to acquire in the outside world. Our country is seriously threatened with a dearth of professional men; every faculty member is doing his utmost to preserve the standard of useful education, and is being dismissed from the service of those men who were given their commissions.

The society's limited membership quota is rapidly being filled, and keen competition is expected for the remaining vacancies. The first part of the series of school club debates with teams of other literary societies and debating clubs will be held at 7:15 p.m. on Tuesday, May 5. There are also progressing on the annual entertainment and dance, which is to be given during the first week of June.

Capt. Roberts, who recently took over the Philadelphia Society at 6:30 this evening, will hold the captaincy. Sergeant Twitty, 19, Hayes, 22 W. Scholarship, 20 E.; Capt. Thompson, 18, Rollins, 21 C. E.; Capt. Mulday, 20, Woodland Ave.

In their welfare, the men of Company 6 will hold a meeting at noon in Room 111, Houston Hall. The future room 111. Houston Hall. The future will be discussed thoroughly and next term's entrance. The future will be discussed thoroughly and next term's entrance.

FOR RENT—One large room, suitable for a society or fraternity, moderate terms. Landrum's, 346 Woodland Avenue.

THE PENNSYLVANIA

COMPLETE RESUME OF
1918 FOOTBALL YEAR

Individual Records of Six Members of
B. A. T. C. Gridiron Squad
Class Review.

SEASON MARKED BY SUCCESS.

This issue closes the discussion of the 'Varsity football players. Each man has been mentioned, and his activities noted, and with the following six men the remainder of the Red and Blue 1918 season is complete.

Joseph Mitchell, '20 Dent., formerly attended White Plains High School, New York. In his Freshman year at Pennsylvania he played both basketball and baseball, and last season he was a member of the 'Varsity team in both sports. (This year was his first year of football, and he distinguished himself by his fast, snappy playing.) He played an end position, alternating with Walker. He is a member of the Delta Sigma Delta fraternity.

Milton Armstrong, '22 C., attended Central High School of this city and took an active part in sports there, holding the Midland Athletic State swimming championship. He is a big powerful man, and Coach Polkwell used him at guard and tackle alternates. He plays a fast, dynamic game in the line and is a hard man to put out of a play. With a little more experience he should become one of the most dependable guards in college gridiron.

Willis Walker, '20 Dent., graduated from Millville High School, New Jersey. He was prominent as an athlete at that institution, and when he came to Pennsylvania in the spring he became a member of the Freshman basketball team. Last season he was stationed in the 'Varsity cove role. He expected for football this fall and filled his position. He was very fast and his specialty was in breaking up inside passes, as he left his feet quickly and picked up the blocking backs in such a way as to confuse the runner for other tacklers, and with Hopper as a running mate, made a very fine showing.

Charles Bridgley, '20 E. E., matriculated at Central High School, this city, and starred on the school eleven for several seasons. He joined our crew last year and was a member of the Red and Blue football squad. This fall Coach Polkwell placed him at guard, and he made a decidedly good showing. He blocked well on the defensive and effectively opened up big holes in the opposing line for the Red and Blue backs to plough through. He is a member of the Delta Upsilon fraternity and will return to college next year.

Robert Hopfer, of Kalamazoo, Mich., last year was a member of the Syra- vus Prep Prepsmen eleven. He turned out for football and under direction of Polkwell improved rapidly. At the close of the season he was referred to by some of the Philadelphia papers as All-American quality. He is a big man, a vicious tackler and exceptionally good at breaking up interference. On defense he was a tower of strength, and on offense he again showed his mettle behind the line of scrimmage. Often he assisted materially as a rear guardian of the forward pass. He is a member of the Delta Upsilon fraternity.

James P. Tobin, '22 W., prepared at Mahany City High School and played football there on the school eleven. This was his first year at Pennsylvania, and he immediately became identified with the gridiron sport upon coming here. He took care of a guard position and played a strong steady game throughout the season. He was an agile defensive man and gave the opposing forwards lots of trouble by breaking through andmomenting plays before they were fully started. He played a very aggressive game and should prove a valuable addition next year's sopho squad.

REHABILITATION SCHOOL
MERGED WITH UNIVERSITY

Dela Gravy and Other Members of the Faculty Head School for
Maimed Soldiers.

An announcement has been made that the School of Occupational Therapy, now affiliated here, may be combined with the University. This school is part of the great rehabilitation movement being carried on throughout the country, and it is a duplicate of similar institutions in Canada and various parts of this country. It was organized by the National League for Women. Service for the purpose of training maimed soldiers to acquire sufficient technical training to earn a livelihood. Dean Graves, of the School of Education, is a member of the Executive Committee.

The work of the men covers artistry, industrial and scientific subjects. Lectures are given on physiology, education and corrections for mental and speech defects. Practice work in art and manual training is done at the School of Design for Women and at the School of Industrial Art. An opportunity is given students to observe cases at the Chestnut Hospital. Courses cover a period of four months, the most of which commence in February. A high school education is the only requirement for admission. The present registration is fifty, but already 400 applications have been received for the new term. Many professional men and women are interested in the movement. Several members of the University faculty lecture to the students, while graduate of the University, Bro's. Warren, Sheridan and other colleges have volunteered their services at the school.

The method of treatment has been used with burned and tuberculosis patients for over a century, and has proved successful with cripples and victims of heart trouble. According to Dean Graves, there are great possibilities for this kind of work, and the results are very promising.

J. W. B. to Hold Services.

Religious services will be conducted by the Jewish Welfare Board at 8.45 this evening, in Houston Hall Chapel. Chaplain Samuel Kredman, of Camp Dix, will deliver an address. All cadets, civilians and men in service are invited to attend those services.

The method of treatment has been used with burned and tuberculosis patients for over a century, and has proved successful with cripples and victims of heart trouble. According to Dean Graves, there are great possibilities for this kind of work, and the results are very promising.
