Social Service Work
For New Term Started

Large and Varied Program Hoped to Be Carried Out on Campus and Throughout City.

How Returns to Take Charge

After a period of considerable inactivity, the Social Service Department of the Christian Association has started the new term with one of the biggest programs that it has had for several years. Mrs. C. H. How has returned to the University from army service and will again take charge of the department. Mrs. How, '19 B. C., has been selected to act as chairman of the social service committee, organized for the purpose of carrying on her work while she was away from the University. Mrs. How has had much experience in this work on the campus. The personnel of the committee will be announced in a few days.

Every service will be employed to strengthen the spirit of the student body in Social Service work. It is now time to call the attention of the students to the important services which can be rendered them. Because of this and the variety of the work covered by the department, its services are open to the call of workers in all fields.

The work of the service department covers a wide field. Most of it is carried on at the University Settlement House, where continual service is given in boys' clubs. In addition, social activities throughout the city are carried on through other settlements of the city, through boys' clubs, churches, Y. M. C. A. organizations, deportations, foreign workers' guides and through the co-operation with city-wide welfare movements.

When asked for a statement concerning plans for the new term, Mr. How said:

"With hundreds of other men, I feel extremely happy to be back at the University under normal conditions. All of us can now see the future unshaded by the uncertainties which are a companion of fear. I am confident that we return to our college with a firmer conviction of our work and a larger conception of our responsibilities as privileged men. This very confidence leads me to expect a more general and eager participation in the varied activities of the Christian Association on the part of both students and faculty than was ever witnessed before.

"Surely it is reasonable to expect from a University community nothing short of vigorous leadership in those aspects of our city's work which it can influence. It is to conserve and propagate the work of the department of social service that we have returned to the campus. This work, I believe, will be carried on throughout the city, through the many facilities at our disposal, to aid in the gradual leadership training and concrete experience which is so vital to the student's education.

"I hope the majority of students will reserve that two hours a week. Such a policy will bring much to the student groups waiting for leadership in the groups of working and poor boys and girls. Amenities, who are students for educational classes, in settlements and community work, in Y. M. C. A. organizations and in any work that is related to our own. I feel that the department of social service is in a position to meet the needs of the student, to aid him in his search for leadership and concrete experience.

"I am sure that the students will be interested in the fact that the department is also interested in the social and educational activities of the University under normal conditions. It is hoped to return to our studies with a feeling of responsibility for the work which we have begun during the war, and also to carry the work we have begun to the new term."

"Give us a Trial!"
**Debate Prospects Bright.**

Five men from last year will form nucleus of team.

With the members of the University debating teams as a nucleus, prospects for a successful season this year are bright. Those members from last year are Charle Parlin, George Parrin, J. Edwards, E. H. Bradley and Earl Hargrove. Plans are already under way for the annual debate on the subject of Bolshevism Busted, written by Edward S. Bradley, '19 C. E.

HOLD ENTERTAINMENT TO-NIGHT.

Interesting Program Arranged for Annual Philo. Function.

All details for the annual Philo. function, to be held this evening, have now been completed. The regular program of the function will be preceded by a short business meeting and initiation of newly-elected members of the society.

The entertainment for the evening includes short plays written by members, several monologues, talks by men recently released from the service and refreshments. Final rehearsal was held yesterday of an amusing satirical comedy, entitled "Bolshevism Busted," written by Edward S. Bradley, '19 C. E.

SERVICES AT ST. MARY'S.

Corporate Communion Service to Be Followed by Breakfast.

Next Sunday morning corporate communion services will be held at St. Mary's Episcopal Church, Thirty-ninth and Locust streets. The service will start at 8 o'clock and will be followed by a breakfast in the Parish House.

All University students are invited to attend, regardless of denomination, but in order to make adequate preparations for the breakfast, all those desiring to attend are asked to leave their names at the office of the Christian Association, in Houston Hall.

Lecture on Bolshevism.

"Bolshevism as an Exploration of the Russian Spirit" will be the subject of an address by Dr. P. V. Whitney before the evening assembly of the society on Thursday evening next. The Whitney lecture is a memorial of the Progressive and Marshall College faculty, and is considered an expert on the subject.
