MAKE PREPARATIONS FOR RUSHING SEASON

Franklin Society Enlarges upon Work

Executive Committee with Important Functions to Meet at Initial Meeting.

To Exercise No Censorship.

At the initial meeting of the Franklin Society, held last night, many plans were announced in connection with the spring season. The scope of activities has been enlarged and a definite program of action has already been set up. The Executive Committee, consisting of E. R. Bushnell, executive secretary, and Mrs. Helen McCullough, noted that the Franklin Society was authorized to give news to men who do not wear the society's club-room passes and to give news to men who do not wear the society's club-room passes.

A representative of the executive committee, Mr. J. B. McDonald, who matriculated from West Philadelphia High School, was elected to the former position, and Mr. W. M. Montgomery, E. B. Cunningham, J. H. Flanagan, U. Rudel, and J. J. Flanagan, who matriculated from West Philadelphia High School, were elected to the latter position. Mr. D. B. Montgomery, E. B. Cunningham, J. H. Flanagan, U. Rudel, and J. J. Flanagan, was appointed for the purpose of co-operating with downtown managers or coaches will be reluctant to participate in the next election, having the greatest interest in the society's club-room passes.

Sixty-four percent of the society's club-room passes will be turned in to the personnel office by heretofore.

Sixty-four percent of the society's club-room passes will be turned in to the personnel office by heretofore.

FORM INITIAL PLANS
FOR NEW R.O.T.C. UNIT
Reorganization Must Be Under Way
on February 10 to Receive
Academic Credit.

VARIED COURSES ARE OFFERED.

In a recent interview concerning the Reserve Officers Training Corps, Provost
Smith said: "Many are asking about the R. O. T. C. The University
certainly desires a unit. One country
takes that we undertake this move-
ment; that we continue military train-
ing. As it is the request of the Gov-
ernment, we should fill in with the
idea. Besides, the R. O. T. C. will be
an excellent thing for the men on the
campus in many, many ways. I am
sure if the boys who will never return
in us could be heard with reverence to
military training, their words could
be 'touching."

In order that academic credits may
be received for work during the re-
ominder of this school year, it is neces-
sary to be enrolled as an R. O. T. C.
member by February 16. Each en-
deed desiring to enroll will report at
Military Training Headquarters, Room
108, Architectural Building. They
will be arranged their scholastic hours.

Those who take the first two years
of class-room work the University will
grant the customary unit per year.
Every member of the corps will re-
tinue credit for physical education.

The first of the required courses will receive a full set of field
equipment in addition to its complete
uniform. They will also be issued a
1917 model Springfield rifle, for which
ammunition will be furnished. Sub-
calibre rifles and sub ammunition will be
issued for indoor range work. Colt
revolvers will be provided for pistol
practice.

As the aim of the government is to
in the elementary foot move-
ments, but in the effect of the unit,
so student will be required to take
class-room work in subjects with
which he is already familiar. The
subjects are numerous enough to pro-
vide every student, no matter how ad-
vanced, with new and interesting work.
Rifle and pistol practice, mili-
tary geography, interesting problems
in the relief map and sand table, and
moving picture lectures on military
subjects will take up a great part of
the work for the remainder of the
year. Additional experienced officers
who are specialists will be detailed
here, according to the size of the unit.

After the minimum government re-
quirement of one hundred members
for an Infantry unit are coupled with,
other units, such as Field and Clinic
Artillery, Signal Corps and Engineer-
ing units may be established upon
average enrollment of fifty men per
unit. Necessary additional officers
and equipment will be issued for these
units.

As it is scarcely possible to answer
every question, it is urged to any stu-
dent who is interested, to call at any time at Military Headquar-
ters for additional information.

Gym. Train to Practice.
Practice for the gym. team will be
held today at 4:00 in the gymnasium.
The horizontal bar will be lowered to-
to the floor. The next line, and a good
position of skill is expected from Lieu-
tenant Barberry and other students who are trying for this
position. More men are wanted for the team, and all who expect to
try out are encouraged to report im-
mediately. Local judgments of the team are being arranged by Manager Van Cott.

All who expect to try out are urged to call at any time at Military Headquar-
ters for additional information.

WEINER SCORES MOST POINTS.

Leads Swimmers with 301 Tailies for Three Meets.

Complete scores made by the meet in all the meets put up to this time have been compiled by Coach Kistler. The last shows Weiner leading with 30 points, Morocco 21, Taylor 17, Sullivan, 17, Murdoch, 13, Braughers, 13 and Kobler, 6. These men have gathered points in the three meets that have been held in this year. On Monday night the fourth of these will take place at the pool.

M. K. Armstrong, '82 C. E. has again reported to Coach Kistler, and his return greatly strengthens the fancy diving squad. Armstrong is the winner of the Middle A. A. Diving contest. Kobler and Manacker are both doing fine work in the gliding line, under the tutelage of Coach Kistler.

Junior to Have Debate Trials.

At the regular meeting of the Debates Society tonight, the Senate try-outs for the State Senate debate will take place. The question is: "Resolved, that the Federal Government should control and operate the rail roads of the United States for a period of at least five years." Taking the affirmative side, the candidates will have five minutes for trial speeches. Besides the ten minutes for trial speeches, members will speak on the territorial claims and claims of European nations, including Italy, France, Germany, Poland and Czecho-Slovakia.

Junior Meeting Postponed.

Due to the conflict with the Senate debate, the meeting of the Junior Senate, scheduled for today, has been postponed until Monday. Details as to the time and place will be announced later.

The blending is exceptional.

Save Your Razor Blades

You buy a SAFETY RAZOR—use a blade once or twice or possibly three times, then the edge is dulled. Why throw it away? Is there any possible reason for doing so—except for the reason that you have no way to sharpen the blades?

Bring them to us!

Will "sharpen them good as new" for just a few cents per dozen, and our work is done by experts. When they get dull, bring them in again.
