1922 EIGHTS BEGIN FRIDAY IN BARGES —
Will be Supervised by Coach Wright.
Balance of Squad to Quit Crew Room Saturday.

VARSITY CREWS ON WATER.

Coach Wright yesterday selected a list of twenty-four candidates to take out in the river this afternoon for the first morning practice of the season.

The group chosen includes the twelve members of the first Freshman combination, nine men taking up the daily practices in the crew-room in the following fashion:

Ralph B. Strope, strong, stroke; Howell, 7; Bradenbaugh, 8; Speer, 1; Schilling, 2; Twining, bow; Garrison, A; Knight, B; Bassett, C; and Dean, D.
The crew will be putting out for a short run this morning to get in shape for the big work of the season. None of the green material will be considered for the varsity until the end of the week if the regular men have done their duties until they have been given a few days' practice on the special machines attached to the wharf, so as to enable them to know how to handle an oar properly. Only the regulars are instructed to take heavy undervigilance.

Beginning today, Coach Wright will select the varsity with a view to those who have already begun work on the river and who have met the requirements of the drill activities program. This will be continued until he has selected a crew which he feels capable of going out to have his entire squad out of the way before Saturday. During the absence of the coach, final practices on the machinery today and tomorrow will be under the supervision of H. L. Little and M. Pollard.

The new Varsity biograph chosen Tuesday had a practice on the river yesterday, when they took a short spin over the course in barges. Their time was 10:28 for 2.5 miles.

Franklin and Horger were omitted in selection, and the New Varsity is the present crew of The Pennsylvania Journal.
