Night Editors of this Issue—E. D. CAMERON, JAMES PATTERTON.

THE LEAGUE OF NATIONS—A COLLEGE MAN’S ISSUE.

Having considerable respect for the Monroe Doctrine, it has long been the policy of The Pennsylvaniaian to refrain from international entanglements. Campus problems have always been of secondary magnitude and it is to command our attention, and the world-wide issues have been relegated to the secondary seat beyond the eyes of all viewers. The world has been, however, that the necessity of advancement under Domitory barriagae at night will be benefact to a thing of the past.

The Ivy ball tonight will offer the largest musical attraction of the season, so far as the University is concerned. The dance will be unlimited through entertainment. We do not doubt; that the entertainment, music and dancing of the evening at night will be benefact to a thing of the past.

COMMUNICATION

Editor of The Pennsylvaniaian:

We have noticed in yesterday’s Pennsylvaniaian, in copies of a 59 communication sent to our chaperons, and in the original communication sent to the secretaries of the Inter-Years Council, notice, with reasons of the withdrawal of the Delta Chapter of Delta Phi from the Inter-Years Council. We wish to point out that the Council, we are not in agreement with the reasons given as the cause of your decision, and in some cases, untrue.

The Communication states that Delta Phi is opposed to a Council with executive, judicial and legislative functions, as tending to place too much power and authority in the hands of a small minority student body. We wish to point out that no such power, legislative, executive or judicial, have been given to the Council, nor to any of the various committees under it. The statement that an agreement with Article XI is no matter of our concern.

We answer the communications because we feel that the remainder advocated for the withdrawal reflect upon our personal integrity as officers of the Council and the integrity of the Council itself, and, furthermore, that the statement of the reasons is never ending and, in some cases, untrue.

RECORD LACKS INFORMATION
CONCERNING ABSENT SENIORS

By the assignment of seven Junior
candidates to the special task of securing
information of brothers of the Sen-
ior Class, who are still in the service
Editor-in-Chief Philip Price hopes to
have every 1919 man’s complete college
record inserted before the Class Record
is on press. The candidate who have
been placed in charge of this work are
H. C. Callan, E. G. Cunningham and K.
K. P..

A large number of circulars have been
posted and the families of each absent
Senior will receive one, with the request
that any information available will be
collected and returned to the Board. In
addition an extensive canvass of the va-
dious fraternity will be undertaken, and it
is the aim of the Board to get in touch with every Senior by one of the
two methods. Students who have lost
contact with the Class could also operate in this line;
and any information concerning absent members of the BBD
Class is asked to communicate with Edi-
tor-in-Chief Price at once.

KENTUCKY CLUB TO ORGANIZE

Students From the Blue Grass State
Meet to Discuss Plans

In order that the Kentucky Club may
perform an organization this year all stu-
dents from that State are requested to meet in Houston Hall at 7 o’clock
Friday, March 7. A full representation is
required so that plans can be made for
the Class Record picture.

This club has been in existence at the
University for many years. The object of
the trip is to secure famous and to
augment the advantages of the University
for fitting preparatory students. Both the
book list as well as the social feature of
the trip are sure to be enjoyed. About
half of the group is made up of students from Kentucky this year.

Service Men to Keep Uniforms

University men, who have returned
from the service, will be increased in
numbers when the Class has adopted the
conference report on the bill permitting
discharged soldiers, sailors and marines
to retain their uniforms. The resource
now goes to the President for his de-
terminations and in all probability will soon
become a law.

THE LARGEST EXCLUSIVE
HABERDASHERS IN THE STATE
In a recent issue the "Yale News" states that "The principle of the all year-round major sport coach, whose full time and interest is given to the university, as opposed to the highly-sold, seasonal coach, is a sensible starting point to agree upon. The purpose is to view a winning team produced in conformity with the highest ideals of American amateur sportsmanship."

**Exercise is Necessary**

In a talk before the students of the University of Michigan, Dr. G. A. War, physical director for that institution, urged every man returning from service to keep up his physical training. The opinion that men returning from service believes that they should have a rest and consequently leave off physical training too abruptly. Dr. War argued that it was quite vital to keep up the exercise which the military life had called for.
