Carnegie also displayed considerable ability in sports or relating to the athletics of Pennsylvania. This action was taken because the last Saturday, Davis' ankle, which had been injured in the Columbia game, was still tender. It is not expected that he will be troubled by it any longer. Before the Varsity game there will be a council between the Pennsylvania Freshmen and the Swarthmore freshmen, a team composed of the varsity seniors.

RETURN OF THE ORCHESTRA

The students themselves formed a very small minority.

If we therefore, only natural that an arrangement should exist for giving a concert at reduced prices for those people who should honor the Academy at the One would hardly consider it a profitable under-taking to give a three thousand dollar concert for a little less than a thousand dollars. This financial loss would be gladly borne by the Organiza-tion if the management could feel that in so doing it was accomplishing some good. And that is good to offer to the students the very best of music at a low rate on a certain evening. Un-dis, however, the affair be supposed to be carried out, by students, it will be impossible for good to be accomplished and for this reason, the sale of tickets is being carried on exclusively among the students this year.

As an effort is being put forth to make the concerts all university affairs, and with this in mind the view the campaign is being conducted by the thirteen non-graduate representative undergraduate organizati-ons on the campus. No time is to be spared to make this affair a success in every sense of the word, and if the students as a whole can but bring themselves to realize the opportunity which is being offered, they will undoubtedly "vote by the ballotbox."

Industrial leadership is moving West, according to a news line head-the in the Evening Ledger. Must have been taking it over with Hermes.

College men have lost a great friend in the death of Charles E. Van Loon. This talented young author not only possesses the largest following among modern readers of any magazine narrative writer, but what is more to the point, he was able to produce short stories which incessantly interested university men most critical of all mankind.

Too much commendation cannot be given Coach Wright for his new move, not only the formation of a liner pound crew. Lighter men are thus far to enjoy the river sport, and the idea of general interest in athletics is given a material boost.

Seems as though the trend of sports is toward "lightweighting," anyway. The wrestling team this year has had to choose between two or three men in a heavy weight match so that sufficient even match ups might be produced for qualification of one man in the unlimited class.

Practise for Lacrosse Games.

Coach Wright asks that all of the preceding announcements be heeded, and that all who have signed up for the sport report at the Library steps to-morrow at 10 o'clock. The following men will comprise the team: Bulock, Ball, Baxter, Doress, Dolbin, W. G. Cox, Oden, Doerr, De Kon, Deaver, Dwyer, Ed-wards, Ellsworth, Elms, Folsom, Prentiss, Fray, Gordon, Golden, Good, Henderson, Huenne, Hume, Hume, Keller, Loeb, Matthews, O'Neill, Rappaport, Boden, Nellis, Schen-wald, Schwenkler, Willard, Stenson, Stedman, Temple, Tyfanin, Web, Wil, York, Zent, Zent.

LIGHTWEIGHT CREWS WILL ENTER CONTESTS
Races for 150-pound Class to be Held at New Haven and in American Henley Regatta.

VARIETY EIGHT IN GOOD FORM.

After considerable negotiations, it is now practically assured that a race between 150-pound crews will be included in the regatta to be held at New Haven. This idea originated from Coach Wright, and has received much favorable comment in writing speaking of the country. It aims to encourage rowing among this class of men, who are conspicuous by their absence from the regattas in the country. It will encourage rowing among this class of men, who are conspicuous by their absence from the regattas in the country.

Considerable interest was aroused yesterday by the report that Coach Wright had visited the Charles River, on May 21. When asked about the possibility of entering crews in the Cambridge regatta, John Brown, chairman of the Rowing Association, said that he had not received any communication from Harvard, but if the Crimson desisted a meet with Pennsylvania, he thinks it probable that the race can be arranged. This would complete the schedule of events for the season, which was already occupied by the Rowing Association.

CHIEF PHILIP PRICE has several important meetings to make, and is now practically assured that a race for this class, the men are expected to give a good account of themselves. Good style is also being shown by the “Varsity and Junior Varsity, the former combination showing the smoothness which made them champions last year.

CONDUCT WRESTLING TRYOUTS.
Coach Niggil Drops Open to Meet Strong Lehigh Team Saturday.

Wrestling tryouts in preparation for Saturday's meet at Lehigh will take place during the week, and the final line-up of the team will be announced on Friday. The grapplers held only a light workout yesterday, as Coach Niggil granted the team a short rest as the result of its victory over Columbia.

Lehigh has an unusually strong team this year having defeated the State College grappers, last year's intercollegiate champions. The University team is expected to put up a hard fight, if the home team as good form against Lehigh as they did in the meet with Columbia. The most important of the tryouts will take place tomorrow afternoon, at the wrestling-room of Welbom Hall.

Large Attendance Expected at 1921 Annual Dormitory Luncheon. The committee in charge has arranged for a short talk by President B. Ringman. The most important of the tryouts will take place tomorrow afternoon, at the wrestling-room of Welbom Hall.
