The counterpart of inertia is initiative. It is the force that can overcome inertia, and it is that quality which determines success in life. Without it, the student who does not attempt anything to be worthwhile in the world, a mere idle dreamer. "A Message to Garcia," by Elbert Hubbard, expresses a valuable bit of advice: "It is not book-learning young men need, nor instruction about this, but rather an acuteness of the voice which can be expressed as an intention to act promptly, concentrated power, to use the word, 'carry a message to Garcia.' That is the spirit that doesn't give inertia a chance.

The Harvard white team defeated 1 team from Pennsylvania, at Cambridge, Saturday. Fifty-four rounds were played, of which Harvard won three. -Extract from The Pennsylvania, March 18, 1900. Perhaps less has not yet been introduced into intercollegiate sporting circles.

COMMUNICATION. Editor of The Pennsylvania. Undoubtedly "C. H. M." of Saturday's communication was an instructor of members of both groups. Attempts will be made at the class debate, which will be held in College Hall on Wednesday, March 26, Karl E. Harrison, 28 C., vice-president of the Junior class will be the chairman of the session of the meeting. All Freshmen and Sophomores in the theoretical work will take in the debate. Pennsylvania will not do its best to graduate with his class. Since the signing of the armistice many schemes to graduate have been formulated. As some time has not yet been introduced into intercollegiate sporting circles.
Our Spring Suits and Spring Overcoats are pouring in every day!

The big events we have been passing through have stimulated designers and weavers to produce patterns and color schemes of unusual as well as of timely beauty. The great Victory the World has won has won for decency and for civilization is commemorated in a new stripe in which we have given Victory's name. You will like the pattern—and you will also like the models and the lines of the new Spring Suits it has cut into. Come in and see!
