RHOSES FOUNDATION
TO RESUME AWARDS

Oxford Scholarship, Postponed by War, To Be Given In Addition to Current Ones.

NO RESPONSIBILITIES EXAMINATIONS

As announced recently, applicants for Rhodes Scholarships in the United States, after postponement for the duration of the war, will be re-examined in October. The men will be notified by October 1st, and 30 in each city will be interviewed between 1st and 15th of the month. Those men who cannot be interviewed in person will be examined through the mail. There are no restrictions on the applicants, and all who apply will be interviewed. A letter will be sent to each applicant who is not eligible for the scholarship.

The qualifying examinations have been given by the Rhodes Foundation in the past but it was found that they were only necessary for candidates to make a selection. The examinations will be given by the authorities of the college or university at which the applicant is enrolled. The students will be notified of their eligibility, if any, and must have completed at least their second year in college. Candidates may apply for the examination before they have received the majority of their course in their major subject at the college or university of which they are students.

ATTENDING TO FIRST THINGS FIRST.

Among the many matters which Pennsylvania ranks, schoolgirls’ violet-scented material stands out prominently. From the largest of the major sports down to the minor of the minor, everything prevails, and much credit is therefore due the Athletic Association for pursuing such eminently proper tos toupennsylvania undergraduates.

Because the above facts are so unmistakably true, it is hard for us to see the advisability of creating at this University an “Athletic Professorship.” The idea, say the engines of rumors, is to be imperative or ultra-conservative at a time when Yale and other institutions are attempting “smaller” by which they mean reducing matters in the hands of a professor. But rather do we believe in having enough coaches when that is not enough to be in an inferior condition as our athletic control now befits. Miss E. H. Williams, of Monmouth; A. A. Stagg, of Chicago; and Dr. W. Hazen, of Yale, are capable of assuming the athletic professorship and making a success of it. But such instructors are as rare as the proverbial long-tailed cats. The only way in which complete as one good man is more than the good man, and that is just what Pennsylvania has.

Suppose we run down the list: Fullwell, Wharton, Wright, Robertson, Joule, Thomas, Stewart, Goldsmith, Nestor, Terrone, Decker, and Bliss. None of these could be all of these men for any one man of them is a feature of the new market? Besides ranking as leading mentors in their various ranges, they are all men of the finest type. Each one is capable of developing character, spirit and sportsmanship, as well as physical and winning combinations. Too much praise cannot be accented on the number of our educational system—they receive far too little, as it is.

It would seem, then, that our coaching problem is well cared for. And in some way may be and with emphasis concerning our Department of Physical Education, under Major McKenzie, Athletic Council, under Dean MacNeil and athletic management, under Major Pickering. Pennsylvania has been a pioneer in establishing athletic clubs, and her plan of placing men in the hands of specialists during these three times of specialization seems to be so superior to any idea of imparting in an athletic profession. For the time being, at least, this gentleman should be a natural death just where he has been recently created—the newspaper.

Instead of hunting for athletic proficiency, we have other more important work cut out for us right now. Coach Russell has not signed a 1919 contract that should give food for thought. And there is a possibility of losing the best basketball coach in the country. Let Joule, if announcements are to be believed, have given the salary of a major sport coach each next season. Few parents or students have such athletic spirit than this man, but it is unfair to expect him to leave the business world for an extended period each year on partial retirement at least is implied.

No one is more anxious to see us all of our present athletic directors and coaches back on the job next year than the men in charge of the affairs of the Athletic Association. Their ability to secure and retain men, however, is beyond a doubt, in large degree, by under graduate and alumni interest. Just at present A. A. tickets for the spring season are being offered for sale, and whole-hearted students and graduate support in procuring these membership club cards will go a long way toward assuring the return of our present efficient athletic staff next year.

First, let us support Coach Thomas Wright and Robertson as we have Cox Jour- deat, to attend to the problems of securing more playground and more playing time in daytime, and secondly, to dwell upon the necessity of being ready to replace any athlete. Professorship. Our interest in athletic events to return. Our interest in athletic events to return.

Our idea of misspent energy is to lay for an encore when the Victoria stage plays. The enthusiasm with which Coach Thomas Wright and Robertson, charge a Tiger Pennsylvania football name in the next forty years, seems to have a good ring.

The event is one where much could be accomplished and nothing but all parties concerned, Mr. Buyer, we second your motion.

Pennsylvania, Johnson captured three places in the Junior final meet of the Amateur Fencers' League of America, held in the Sixth Theatre Building, Friday night. N. T. Chas- tock, J. H. Medcalf, captain of the fencing team, took first place. N. J. Henn, T. C. H., was second, and B. N. Song- son, '33 W., third. Friday and Saturday, April 4 and 5, the team will compete in the Intramural lineup meet at the Hotel Astor, New York. A contest for the championship of the State of Pennsylvania is scheduled for April 11, in the Sixth Theatre Building. The return of Keb- ton, who was unable to participate in last week's event, will strengthen the team which will be entered in these meets.

**COMPETE FOR DEANS' TROPHY.**

Soph-Fresh Basketball Game to Be Played on April 5.

As a further competition for the Deans' Trophy, the Rhodes-Fenno (basketball) game will be held in Wrightman Hall on Wednesday, April 5. Crampton-Whitlock, of the Variety basketball team, will act as referee. Class medals will be awarded to the victorious team. All members of either class are eligible for this team, and gym. credit will be given to men who play. Rhodesmen practice will be held Monday at 6 o'clock, each team practicing two nights a week in alternation. The Sophomore team will probably be built around Mr. Chas- tock, Mountain and Zoller, of last year's Freshman quintet, while the true junior men will be represented by regular squad.

**PHILH REHEARSALS PLAYS.**

New Members Wishing to Try Out Will Report This Afternoon.

All Philh., men who wish to try out for the play casts, but who were not present on Thursday evening, are urged to report at 4:30 in the various rooms. The following men tried out Thursday night and are asked to meet at 7:30 this evening: Jack, Purlin, Patterson, Pien, Smith, Sullivan, Thompson, Wood, Yohnson.

Those in charge of the coaching of the plays hope to be able to assign parts permanently tonight for all four of the plays. The following women students were retained from those try- ing out last week, and are asked to be present at the rehearsal this evening: Misses Ashbrook, Becker, Goodwin, Christian, Evans, Mastand, Oel, Run- sey, Whitten, Wilson.

**ENGINEERS DANCE MAY 5.**

Posters Appeal for University Dance Under Town's School Sponsors.

Preparations are well under way for the annual Town's Scientific School Dance. May 5 has been chosen as the date of the affair, which will be held in the large auditorium of the Engi- neering Building. Posters are already about the campus advertising the event, and although the date is given under the auspices of the combinedG student's society, tickets may be secured by students in other depart- ments of the University. Letters have been sent to the wives of professors of the Town's Scientific School, requesting them to act as patronesses. The committee has decided to limit the attendance to a reasonable number.enery asking guests to the success of the affair. Hendren's Ot- the Westover will furnish the music.

**LIEUT. CREY'S RELIGIOUS FACULTY.**

Returns After Four Years of Service in French Army.

Lient. Paul F. Crey, a popular profes- sor in the School of Architecture of the University returned from overseas yesterday. Lieutenant Crey has been absent from this country for four years, having enlisted in the army of France, his native land, early in the war. A hearty reception in honor of Lieu- tenant Crey will be held within two weeks at the T-square Club. The celebration, which will take the form of an old fashioned T-square smoker will be given by the Ahe, the Architec-
