JUNIOR PROM. MARKS

Annual Dance Almost Last Event of 1930 Prom Season. Tickets Still on Hand.

NO GARDS ON SALE AT DOOR

At 9 o'clock tonight in Weightman Hall, the much-heralded Junior Prom will take place. Thanks to the efforts of the various committees, all arrangements for decorations, music and refreshments were made some time ago. The sale of tickets has also been conducted by Ticket Management Group, and the few remaining cards will be disposed of today from the booth in Houston Hall. No tickets will be sold at the door.

Tonight's entertainment will be given a dancing score of music arranged by Mr. LeBlanc's twenty-piece orchestra which will play up the gay music of the first dance. Dancing will continue uninterrupted, except for the few minutes intervals between numbers for exchange of partners, until 4 o'clock. First dance will then be at 11 o'clock, and it is understood that the Prom will not be over before 2 o'clock.

Between 11:30 and 1, supper will be served by the students in the crew, rowing and baseball rooms, with a variety of dishes and beverages, and a large number of Japanese lanterns. If the weather is fine, a fire will be lit provided with tables, for dancing will go on.

The decoration of the rather cramped quarters will be given a finishing touch to-day. The entire club has been enlisted to enliven the hot-air balloons, and the whole will be a production far more elaborate than our Prom last year.

The committee wishes to announce that there will be no ticket office today. Tickets provided with tables, for dancing will go on.

Major Pierton Honored Posthumously

At the last meeting of the Punch Bowl Board, Loyal Graham, editor-in-chief of Sigma Phi Epsilon, an announcement was made that a committee would be formed to plan a banquet in Major Pierton's honor, as a way of showing the appreciation of the trustees, faculty and alumni, for the outstanding services he rendered to the University during the recent war. The banquet will take place next year, and will be held in his memory before the end of the three weeks' after Classes. The banquet will include the presentation of the University's highest honor, the Deans' Trophy, and although the recipients yesterday. A strong showing is expected.

Announcement has been made by Major Pierton's widow, Mrs. Kathryn McGinley, announcing Major Pierton's promotion to the rank of Major-General of the Philadelphia National League. The appointment has been accepted by the War Department, and the appointment is expected to take place before the end of the season. The appointment is expected to come through the ranks of the Philadelphia National League, and is a fitting tribute to Major Pierton's services during the recent war.
C. F. Schneider, P. M. D. Macfarlane. "A. Kinfabury, '20. Haalc, '21. Slater. '20. F. Schneider, P. M. D. Macfarlane. "Management always evidenced, it has rapidly increased. For years the leading Western and Eastern schools are again entered. Yale and Harvard, after a short period of trification, will again be here to add their best to the list of other entrants. Last week, at Des Moines, Iowa, the Western schools met at the annual Drake Relay Carnival. At that meet all the colleges and universities will compete on Franklin Field today and to morrow against the best runners from this section of the country. One effort has been spared to make this carnival the equal and even the peer of any that has gone before. The Pennsylvania man who does not attend these relays is showing a wonderful lack of appreciation of this institution which has meant and does mean so much to him. Let us not be like the New Yorker who was asked about the Statue of Liberty while visiting in Paris, and admitted that although he had spent most of his life within a short distance of it, he had never seen it yet. All of us should be able to talk octogenarian knowledge of the Relay Carnival, which is undoubtedly one of Pennsylvania's strongest and universally recognized talking points.

When the bright prospects for this Relay Games are considered, our thoughts naturally turn toward one thing—how is the team to be chosen? Individually, this royal, local alumni may be held accountable for the greatness of our Carnival. His uniting efforts receive all too little recognition, they could never receive too much.

A TROUBLE WITHOUT AN Answer—So Far.

Published elsewhere is a statement reversing an attack on the Wharton School and its professors. The writer, Mr. Lippincott, is a good proposition can find profit. Without attempting to disparage his example to prove it. The question mentioned in the third statement above, refers not merely an abysmal ignorance, but total lack of appreciation of this situation. The institution that the remaining professors are worthy, merely because they can't get the money elsewhere; full and deliberate thought. There are many men in the Wharton School faculty, authorities in their respective fields, who could demand three and four times the salary paid them by the University to do no better business work or as much as other institutions. Many of them have refused Eastern offering, elsewhere because of their loyalty to Pennsylvania. All of them have been doing of the Wharton School, or the word to this effect has, by any of the other University departments. This be attributed (like- wise, following suit) to suppression of that department by the trustees. As often as this accusation has been made, however, there has never been an example to prove it. The question of salary is invariably given as the reason for the retirement of Wharton professors, Scott Neuring being an ex cepition. Wharton School faculty members should and do say what they please, as far as they know. If the debt or trustees are suppressing the teachers in thought, any instance should be reported. So far as evidence is concerned, this 'not on contract' is a bare without a hint.

All of us seem to be pretty well agreed that the Wharton School is ailing in some respect. The only suggestion, as far as the campus is enjoined for the health of the university is the rather unfounded "sitting on the lid" idea. The real trouble should be investigated and overcome at once. A good supply of summer employment by calling or addressing "Man power," U. S. Navy, Seventh street. PORTANTS PAENS REPAIRED—also an old pets, at Nickel, Agent for Waterman Pens, No. 28 S. 19th St.

Offers Students Employment

Undergraduates will be interested in a plan now being conducted by the National Marine League to place American college students in temporary positions during their summer vacation, with concerns engaged in maritime enterprise. The positions offered are with responsible companies in various parts of the country and will, be far as possible, give the student a fair perspective of the business in which he is engaged.

Inquiries should be addressed to the National Marine League of the U. S. A., 268 Pearl street, New York City.

Applicants must state whether they are taking technical or classical courses and in what departments they are specializing; between what dates they will be able to work and where they prefer to work. This information should be accompanied by a certificate of character from some member of the faculty.

SPECIAL RATES TO STUDENTS

MURAD
THE TURKISH CIGARETTE

A great statesman once said, "I'd rather be right than President"

The discriminating smoker says—"I'd rather pay 20 Cents for a box of ten Murads, THE Turkish cigarette, than for a hundred ordinary cigarettes."

Why? Because Murads are made of 100% pure Turkish tobacco—and Turkish tobacco is the world's most famous tobacco for cigarettes.

Judge for yourself—!

Save Your Razor Blades

You buy a SAFETY RAZOR—one blade once or twice or possibly three times, then the edge is dulled. Why throw it away? Is there any considerable reason for doing so—except for the reason that you have no way to sharpen the blades?

Bring them to us!

We will "sharpen them good as new" for just a few cents per dozen, and our work is done by experts. When they get dull, bring them in again.
