New attractions will be featured at 1921 ball.

Arrangements for one of the largest balls ever held at the University will be made tonight in the baggage room when the formal of the prom, of the year, is given. As a consequence of the long time and the late hour of the Green—Lawrence dance, the Class of 1921 will give their ball in the gymnasium. At 9:15 the evening, Herter's Orchestra has been secured. A feature of the dance will be the unique decolletage effect of the new dresses, in particular the new tulle dresses.

From the first day of classes, it would seem that the Sapphire Ball will be outstanding, and other events of the day, especially the football game, tend to emphasize this. From the programs, the Sapphire Ball will be attended by the majority of the classes, and several extraordinary features that the committee is planning are expected to catch the interest of all those who are going. In order that all available sources of funds are tapped, the committee have been on the lookout for any new ones that they may find.

There are many contributions to the fund of the Committee on Sapphire, and there is no lack of interest. This is especially true among the fraternity men, and Henry M. Joseph, one of the members, has written to the committee that he will contribute a special effort to the fund raising. These, along with the rest of the contributions will be turned in at the banquet and commencement exercises. These contributions have not yet been reported.

The Central High football team composed of the students of the Class of 1920, will meet the Ithaca College football team composed of the students of the Class of 1921, to-day at 3:15 p.m.

The Ithaca College football team is one of the strongest in the East, and the Central High team is one of the finest in the State. The game will, therefore, be one of the most interesting football games of the season.

In his address to the members of the Central High team, Mr. Frank, the principal of the Central High School, said: "This is the most important football game of the season. The Central High football team has been working hard, and the Ithaca College football team is a very strong one. The Central High football team will, therefore, have to play hard in order to win the game.

Franklin Field.

The New Yorkers have a football team, and the score today will give a good line on the prospects of the "Yankees" for the coming season. The score will be as follows:

Dartmouth 2, New York 1

The game will be played at 2 p.m. and the score will be announced after the game. The score will be followed by the injection and the seating order before the game.

FRESHMAN CREW SHUFFLED.

Hand Workout Given All Eights in Preparations for Henley Regatta

On account of the slow time made by the Freshman crew in Saturday’s race with Princeton, Coach Wright is rearranging the positions in this class in an endeavor to improve its time. Last night Nos. 6 and 8 were shifted, putting Armstrong back to 5 and moving Miller to stroke. Although the workout last evening cannot be taken as a test, as no formal race was held, indications are that the present arrangement will have to gained more speed as a result of the change.

All the crews held regular workouts, but the Freshman crew was the only one which entered the course at an easy pace instead of giving them a sprint. The other ten men after the former two, and have been selected for the course, on the country, and hard practices will be held daily in order to get the crews to shape for the contest. The light-weight eight will be given much coaching this week, and will prepare them for their race with the Navy 18-pound boat.

The class crews are showing improvement, some of them displaying unusually good oarsmanship. The Junior Class crew will be chosen today, and it is probable that the other eights will also be selected at this time. All men who have been out for the class boats are requested to be on hand to-day, to be given their regular

HOLDING CRICKET PRACTICE.

Revival of Sport to Be Introduced by Two Games with Haverford.

Despite many difficulties intensive practice continues for cricket candidates at the Merion Cricket Club. Any one who wishes to learn the game still has an opportunity to make the team. There is abundance of material in the University, and regular practices toward a revival of the sport. So far two games have been scheduled by Manager W. Board, both with Haverford. The first is on May 23 at the Cricket Club, and the second May 30 at the College Field.

In order to get the necessary teamwork and cooperation, men must report at least twice a week for the remainder of the season. The following have signed up so far, and will be expected to participate in the practice: Anderson, Brand, Ferguson, Greenfield, Hinckley, Nelson, Richmond, Stalnaker, Windle, Van Fleet, Vare, Webber, and Whipple. The practice will be held at West Philadelphia Cricket Club, May 23, at the Merion Cricket Club, May 30, at the College Field.
