Handicap Meet Practice Starts

All track apprentices are urged to report to the track Monday at 4 p.m. in order to get in last condition for the coming season, which will be held October 17. This is the first day of practice for the college teams. Coach F沙滩 may get a line on his boys and get his men in condition, but it offers an opportunity to judge the men and to give their handicap.

Among the events will be 300 and 300-yard dashes, 440-yard sail, half-mile and mile runs, long jump, hurdles, pole vault, high jump and broad jump, and the usual track meets will be held. It is necessary that every man report according to his handicap. The result of this will have an equal chance to win his handicap, and to show what he is worth.

A meeting will be held on Monday night in room 100, weight room, to discuss the handicap system. The handicaps will be decided on at the first meeting of the season, and it is necessary that everybody report.

The captains of these teams are H. H. Simmons, of the baseball team, and J. A. Jewett, of the basketball team.

FRATERNITY SCHOLARSHIP.

Pennsylvania in years behind the time in this field of college work. Efforts may have been made in previous years by the individual Greek leaders to secure a few more at least of standard of the members, but no concentrated effort has been put forth to make a real advance in this regard.

The best way to make fraternity scholarship effective is by having a permanent scholarship trophy, as used at other institutions, which would carry a certain amount of honor and be open to all members for competition. It is not to be expected that every fraternity would want each much of an effort for the trophy the first year, but as time went on and the custom became traditional all interest would be in line, and there should be a general increase in the number of men by all branches in the office.

Such a competition should not be closed only to those Fraternity students in the business house, but should be open to all members on the campus.

A letter by the president or secretary of the Interfraternity Council to the fraternity students on the campus, asking them to send a delegate to a meeting to discuss this question, would aim at necessary step in making the movement.
