In an interview with The Pennsylvania, Coach Paige, the Canadian lacrosse professional, expressed his enthusiasm for the upcoming season. He spoke highly of the team's potential and emphasized the importance of hard work and dedication. "We have a great group of players," he said. "Each one brings something different to the table, and together we can achieve great things." Coach Paige also emphasized the need for good team chemistry and strong leadership. "It's not just about individual skills," he said. "It's about working together and supporting each other." GOING TO DARTMOUTH? YEA BOY!

For the past ten years the Dartmouth football team has been the greatest college football team in the country, and the increased standards of every college and university, and you would do well to keep a blank paper book, which the Germans call an album; and there, instead of desiring, as they do, every few years to go to see a game, write down all those times, as soon as you see your name in print from good sources that you are good sportsmen.

High cost of living has put everything up except writing paper and that is 'stationary.'
We are always ready to talk with young men about entering the life insurance business and connecting themselves with this Company. There has never been a time when life insurance has been in such popular favor as now; nor a time when people are so dependent upon life insurance as now; nor a time when life insurance was so generally recognized as a necessity. Because of these conditions the business opens a great opportunity for young men starting in life, requiring no invested capital and offering features such as few lines of business offer.

A large number of freshmen will be expected to attend the reception, which is to be held in the main hall of the residence at 8 o'clock. The reception will be followed by a dance in the dormitory, and a large number of freshmen will be present at the function.
