NOTED PUBLISHER WILL LECTURE ON HIS EXPERIENCES

The fact that Mr. Ellsworth has been associated with the Century for nearly forty years, and has been attached to that company in many capacities, gives promise of a talk that will be of great interest to those who are interested in the world of books and publishing.

He will discuss the people he has worked with and the books he has published. The audience is expected to be small, but the talk is sure to be interesting.

through several classrooms—collusion is very depressing. If tips had been issued this would have made a great difference, but it was distinctly evident that the tip system had been thoroughly investigated.

Also, it was left to the committee to be a personal solicitation from well-known fraternity officers and friends of the varsity players and suggestions from the rally to the players, and arrangements with other organizations.

A BIG GAME.

A football game between Pennsylvania and Swarthmore, which is of national and personal interest. A Pennsylvania-Oxford game would also be an event of much importance to the sporting world.

Neither of these two events are without their supporters, but I do not think that the varsity team can be considered in the same interest as that of the Harvard game. The Penn team has several good players, but the Swarthmore team has a number of skilled players.

We have not the time to deal with this question in detail, but it may be said that the literary committee of the library will hold a meeting at 7 o'clock, Tuesday evening, to look into the matter of the Hebrew library.

The library is a place for all students, and the literary committee has a right to consider the question of the Hebrew library.

In the spirit of good fellowship and the desire for the elevation of the ideals of the people, the members of the library committee have decided to hold a meeting on Tuesday evening to discuss the question of the Hebrew library.
