We are always ready to talk with young men about entering the life insurance business and convincing themselves with this Company. There has never been a time when life insurance has been in such popular favor as now; nor a time when people are so dependent upon life insurance as now; nor a time when life insurance was so generally recognized as a necessity. Because of these conditions the business opens a wonderful opportunity for young men starting in life, requiring no invested capital and offering features such as few lines of business offer.
