Berkshire Life Insurance Company
OF FITTSBURG, MASS.

We are always ready to talk with young men about entering this business and connecting themselves with this Company.

There has never been a time when life insurance has been in such popular favor as now; nor a time when people are so depopathic upon life insurance as now; nor a time when life insurance was so generally recognized as a necessity. Because of these conditions the business opens a great opportunity for young men starting in life, requiring no invested capital and offering features such as few lines of occupation.

ANNOUNCE FRESHMEN INTELLIGENCE EXAM.

All First Year Men in College, Town Hall and Wharton School Will Be Given Test.

(By George Valley Chambers, Director of Admissions).

Last spring the question was in the minds of many members of the class of 1921 here, as elsewhere, as to whether or not the entrance examination which had really had any value in connection with the selection of students of that class of 1921 or in admitting them after they were in college. As a result of that examination the examinations committee

Announcement was made Saturday that the budget of the Christian Association was greatly reduced and would not be published. The total amount is approximately $28,700. The leading items are as follows:

Dental association, student loan fund, library, office expenses and gifts to visiting speakers; $1,050; and postal service work, including the student's diaries; $3,400, and the social service in the University, $1,315. The Employment Bureau service was cut $131.

The International Student's Home gets an additional $250 and the work of the Murrays, McCracken, Cathy and Hall, including service work and students' housing, $6,250.

Also, since that action of the faculty, a committee of the Pennsylvania State Education Association has been appointed to make an investigation into the question of such examinations.

In the case of students to the extent of these examinations, the class of 1921 and these examinations will be given to the freshmen in the College of Arts and Sciences, and will be given to the students in the College.

But so far as the examinations committee will continue to give comparative examinations, these examinations will be given to students in the College of Arts and Sciences.

The same examinations will be given to the freshmen in the College of Arts and Sciences, and will be given to the students in the College.
